INSIDE ON THE Outdoors
By ROD COCHRAN

Tieing Into A Trout Is Happy Experience

Ever hear of Howard's Creek? Probably not, unless you're familiar with the mountainous area of West Virginia down around

White Sulphur Springs. The trout season came in down there last weekend, and I was lucky enough to be on this stream for the opening.

Howard's Creek is just about perfect as far as a fisherman is concerned. It is small enough to cast across and wade, and large enough to contain some deep holes. It has a rock and gravel bottom, and is full of rushing water as clear as you get from the tap. Bouncing down out of the mountains, this stream is a joy to fish.

And I didn't do badly for a warm water fisherman — I caught several trout, a smallmouth bass and innumerable chubs. The fish were pretty small, except for one fairly decent rainbow that would have scaled between 13 and 14 inches had I measured it. The important thing to me was that I was enjoying a type of fishing that is mighty rare in Ohio, in a beautiful setting that the Buckeye State cannot match.

Spinner Does Well

I would like to tell you that I caught my fish on a dry fly — the prescribed lure according to trout fishing articles. But instead the fish fell for a little spinner. All the fishermen I met were using garden worms and nightcrawlers for bait, but the spinner held it's own with the "garden hackle". I've had the same experience elsewhere on trout — spinners are about the deadliest of lures on these fish.

One interesting experience on this jaunt was that I caught a smallmouth bass out of the same hole where I took a trout of the same size. There is the old argument, of course, — which fights the most, a trout or a bass? This will never be settled because various conditions determine how much a fish fights — the way he's hooked, the temperature of the water, etc. But a favorite point of bass fishermen is, the faster water of trout streams tends to magnify the fight and pull of a trout. So it was interesting to me to catch the two species from the same water.

The bass hit much the hardest; at the strike I thought I really had a whopper on. The smallmouth, about a 10-incher, jumped a couple of times and gave a good account of himself. The trout jumped out of the water more, and fought about the same length of time. The race was too close to judge a winner. I had to call it a tie. The smallmouth had the edge on the strike, and the rainbow took honors in aerial acrobatics.

For me, Howard's Creek means mountains and redbud in bloom, dogwood and warblers, rushing water and jumping trout. All in all, a very pleasant memory.

BIBLE COMMENT:

Early Christian Church Built On Conversion, Fellowship

Upon the foundation of Jesus Christ the early Christian church was built with two things — conversion and fellowship.

The first great in-gathering was on the Day of Pentecost, 50 days after the Passover, when Peter preached with such power and boldness that many were moved to cry out in repentance, "What shall we do?"

About 3,000 were then converted and baptized, and this company of believers was soon increased.

The first, immediate manifestation of this new life in conversion was an intense clinging of Christians to one another in a fellowship so deep and strong that at first they held all things in common.

The early Christian communism did not last long, even as most schemes of Christian communal life have failed since. If the Christians had all been as noble, unselfish and pure-minded as Barnabas, it might have been successful.

In any case, Christianity places a strong value upon the individual soul, and upon the rightful independence of each life.

Paul understood this well. He urged that Christians should bear one another's burdens, and so fulfill the law of Christ, but he also said that every man should bear his own burden.

That was good, sound democracy. The strength of democracy, of a church, of a Christian fellowship, is built upon the integrity and strength of the individual units.

The strength of the early Christian church was in the unique way the individual Christians, with a new sense of the worth of their own souls, loved one another.

It became a by-word, marking them from the world in which they lived: "See how these Christians love one another."

That true love for one's fellow men is practiced today wherever sincere Christian fellowship is evidenced.

And our world could well use an even greater outpouring in practice of that abiding affection for one's fellow man.

Board Of Zoning Okays Building Mt. Carmel Wing

Mt. Carmel Hospital was given the go-ahead signal last week for building of a four-story psychiatric wing by the city's Board of Zoning Adjustment.

The board voted to allow construction of the 60-foot high building on the site that had been restricted to buildings 35 feet high.

Planned to house patients suffering from acute, short-term mental illnesses, the building will be constructed across Souder-av between Town and [illegible].

'POINT' TO LIGHT SEVENTH CANDLE

"OUR GROWING IS SHOWING"—That's the theme chosen by these merchants who are completing plans for a huge Seventh Birthday celebration at Central Point Shopping Center, Thursday through Saturday, May 14, 15 and 16. Left to right are Frank Salvatore, Dick Reaves, Malcolm Hazlett, Sam Grossman, Lew Slye and Steve Long. Stores will be heavily stocked with attractively priced, seasonal merchandise, the committee promises. In addition, they've arranged for a three-day array of free shows and gimmicks: free balloons for the kids, Al Ross the clown, Billy and Helen Scott of "Midwestern Hayride" and their trained collie "Prince," puppet shows, and an amateur dog show by Ken-L-Ration at 1 p.m. Saturday. On Saturday, radio's Dean Lewis will hold a teen-age hop from 8:30 to 11 p.m.

For the BEST FOOD in Town

Warren Miller, Sun Oil Company representative and well-known man about Lincoln Village, says: "When it comes to getting just the right gas for every car, we take our hats off to none. But griddle cakes — that's another story — the Biddle story — as always, the best 'vittles' are prepared at Biddle's."

TITLE HOPES CHILLED

Week Finds West Lacking

by Bob Wilcox

Last week was a near disaster one for the fortunes of West baseball.

First their City League title aspirations were almost certainly washed down the drain as they practically handed over their bid for the title to South, 6-5 in eight innings Tuesday. Then Saturday, they made one of the briefest state tournament appearances on record, ending district chances pronto!

In a game postponed until Saturday they did practically everything in the book, but present the game to Grove City, defending district champ, on a silver platter at home plate!

This was the rubber match for this spring that Grove City walked off with... West had lost their season opener at Grove City, too, in eight innings, in a game quite similar to last Saturday's "hand over".

The closeness of that game, the Cowboys' erratic play, plus the fact that they easily bumped over this same team (13-0) at West only a week ago earlier Friday, may have made the Westerns a little too confident.

One bright note of Saturday's game was the fielding of Cowboy third baseman Bob Dean. Playing third in the fifth inning, he erased a Grove City uprising with a fine leaping catch of a hot line drive. Switching to shortstop in the sixth, he made a fine stop and perfect peg from deep short to nip another G-C man and end their four-run rally.

An ominty of the game was when Don Saint, trying to sacrifice runners along in West's unsuccessful fourth inning rally, accidentally stepped on the plate and was automatically called "out".

West goes back to city warring with Marion Franklin Wed. (tonight) . . switched from last eve due to Hilltop Relays and a game at Eastmoor on Friday. West travels to East next Tuesday due to an earlier switch. It looks like Linden will be almost unstoppable for the city title, undefeated. The only squad with a chance (when they play good ball) is West . . . but that is only one possible loss and West already has incurred two.

To begin their week of 'charity' off, at South, West took a three-run lead in the first on singles by Bob Dean, Bob Saint and Bill Biggers, a triple by Mike Cantlon and an error on the second sacker, permitting Don Uldricks to get on.

They added another in the sixth on doubles by Uldricks and Bill McLaughin; and a final tally in the seventh on a single by Don Barnes and a double by Saint. Meanwhile, South had themselves a three-run uprising in the second to tie things up . . then proceeded also to add single tallies in the sixth and seventh to keep things even. But a walk and a single provided the Southsiders with another score in the eighth and that was that.

As fine a week as Uldricks had the week before, this past one just wasn't his . . he gave up 13 hits, walked 4 and struck out 6. Although the books show only six errors in his 'backing', there were several lapses in the defense that aren't shown. West also got 13 singles.

Unfortunately, West's and Uldrick's miseries were not purged and Grove City caught them. As at South, West took a first inning lead, all unearned runs of 3-0 on three walks, a fielder's choice and a bobble by their pitcher. This lead held up until the last of the fourth, when (per the script) Grove City exploded for three markers to tie it all up.

This rally consisted of a hit batsman, a double steal, two singles and a triple, plus an error . . . a dropped throw by Saint at second in an attempt to nab a runner trying to stretch his hit. The triple by catcher Lowell Girbert was a mighty blow into right center that took a sudden drop—just under Bigger's desperately lunging glove. It probably should have been played safely for a single since Biggers wasn't sufficiently backed up.

His was a very fine try, but with no "back up" . . . . pow there it went. A single and another blasting triple into deep right, slowly played gave Grove City another tally in the fifth. Then on two singles, a fielder's choice, a double and another triple and a passed ball iced the contest for the hometowners, with four big markers.

Though each time was charged with only one error, West played one of the sloppiest games we've seen. Uldricks might have been out of one hole. However, first sacker Cantlon suddenly "ait" down quite unexpectedly far short of the bag, so Barnes wisely held onto the ball . . . then no out and another man on and a score.

Grove City pulled a few. A West runner had left second too soon on a fly ball. Instead of standing on second to take the throw-in, their second baseman was a good way off and the Cowboy got back. Uldricks was nicked for nine hits (walked only one and struck out three) before being relieved by Harnes with two away in the sixth. Though he was hurt early by bad fielding, they later hit him very solidly.

Grove City hurler, Ray Dyer hit freely by the Cowboys just a week ago, was good in the early stages, but once his teammates got him the ballgame, he was stronger by the inning. He struck out nine, but gave up five walks and had some fine defensive support.

During a West uprising in the fourth, with the bases loaded, Cantlon hit a high deep drive to dead center. The center fielder Gahager turned with the crack of the bat, and without ever looking back, dashed for the fence. Most observers thought that it was over, but as the fielder, ball and fence came together, he made a brilliant catch over the [illegible] robbery of a homer and four West runs.

Hilltop Recreation's Mixed-Doubles tournament ended late Sunday evening with the following duos winning (in order, the top ten): Betty McCullough-Bill Drake, 1272; Mary Berry-Lee Saunders, 1245; Ruth Justus-Howard Miller, 1228; Gary Dowler-Bert Halley, 1217; Betty McCullough-Bob Justus, 1214; Billie and Jim Shaw, 1213; Lois Barido-Sam Buchanan, 1211; Bonnie Grom-Tom Wolfe, 1208; Guy Vaughn-Ruth Justus, 1208; and a tie at 1200 for tenth spot . . . Al Simkins-Mollie Indiciani and Pat and Jack Whittle.

Individual high for the tourney was rolled Sunday night as Chuck Withrow had nine in a row and finished with a 284 game. The the winners are known, the prizes will not be known until later. They will be announced in this column next week.

The women of the Eagles will hold a headpin tourney at Hilltop this Saturday evening.

The 3C Lanes had a couple of pretty fair games as Ken Saul, Electric League, had a 695 series, and Al Kauffman, South Side Businessmen, had a 706. Their winter leagues will finish up within the next two weeks, and their summer loops will start around May 18.

Holy Family High School had to "change coaches in the middle of the stream," so to speak as former basketball and baseball head coach Sutton was called into Air Force active duty status. He has been "replaced" on the ball diamond by John McGaw. They were recently nosed out of the tournament, but after a slow start, now have a respectable 6-3 record to show. The school's elementary team has a 4-2 mark to date.

Holy Family is holding its annual all-sports banquet this Thursday (tomorrow) evening at 6:30 in the school cafeteria. Tom Keyes is guest speaker. Tickets ($1.25) may be purchased at the door. It's open to the public. This banquet, given by the school, is held only once a year and honors the teams, cheerleaders, etc., from the entire year. It includes both the high and the grade schools.

St. Aloysius baseball teams are having themselves quite a spring. The boys' baseball squad won their fifth straight Saturday over Sacred Heart, 9-8. The girls' softball team downed St. Christopher, 17-6. The latter squad meets Our Lady of Victory next Sunday at St. Mary Magdalene field.

At their athletic awards banquet 36 awards were presented . . . four to individuals who were in all three sports (football, basketball and baseball); three for those in both football and baseball and three more for basketball and football; nine for football alone and nine for baseball alone, and six for basketball.

Georgian Heights Civic Association recently elected new officers: president, Clarence Starr; veep, Sterling Schnidec; secretary, Sally Dixon, and treasurer, Colin Shanklin. They are organizing a 16-man golf loop (four 4-man teams) that will play one night a week at the new Oakhurst Golf course, southwest of town. It is under the supervision of Schnidec.

Under the direction of Bob Weldon the group is again sponsoring a Little League team, and under John Morlan, a Babe Ruth team. The latter is open to "all comers" as they are playing independently, no league affiliation, this summer. They are holding tryouts for their season which begins in June.

The May meeting of the Ohio Valley Football League will be held this Saturday at 7:30 p.m. in the Valleyview Council chambers. They will probably discuss the newly revised constitution and the long awaited Ten Commandments of Play.

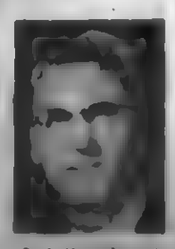
The Cowboy tracksters had a rough week also as they were dumped by their cross-town rivals, East, 88-34, and didn't fare too well at the Marion Night Relays last Friday. At Marion the two-mile relay team (Kerns, Massey, Dusenbery, Koon) took a third; the mile relay squad (Neely, Francis, Jones, Kern) got a fifth; and Phillips a fifth in the high hurdles.

Against East the West finishers of merit were . . . 180 HH—Phillips 2, Miles 3; 100—Francis 3; mile — Kern 1, Massey 4; 440 — Jones 3; 180 LH — Phillips 3, Miles 4; 880 — Koons 2, Dusenberry 3; 220 — Francis

Starling Junior High dumped Roosevelt Junior, 11-4, last week. The outstanding play of the day was the sensational pop fly grab by Starling's catcher, Bill Gray. Starling plays in Jet Stadium this week, but the opponent was unknown at press time.

• • •

As of last Saturday the West baseball team (starting nine) individually boasted the following batting averages . . . Don "Mousy" Barnes with 8 for 23 and a .348 mark led the pack, followed closely by his fellow hurler, Don Uldricks, with a 9-26 346 average. Still above .300 was Barnes' Keystone partner, Bob Saint, with 9-30 300 even, and first sacker Mike Cantlon with 8-26 308.



Then following in order were Bill Biggers 6-21-.286, Bob Dean 7-28-.250, Dan Alder 3-19-.156, Dave Brady 3-20-.150, and Terry Briggs 4-27-.141.

In the recent West golf matches West has won two and lost one. They downed North 13½ to 2½ and Hilliard 11½ to 4½, while losing to league-leader Upper Arlington 12 to 3.

Next Monday night they meet Academy at York links.

FAIR TRADE

The Ohio Legislature is in the process of determining if this state is to have a modernized "Fair Trade" law.

Most smaller businesses and many of the larger ones are in accord with the need of such a law. Firms wanting Fair Trade laws are merely interested in being able to be in a competitive situation with other firms handling the same merchandise.

One of the better features of Fair Trade is that it eliminates the possibility of collusion between the manufacturer and distributors and retailers.

The public is generally more likely to be protected with the passage of a strong Fair Trade law.

Zoning committee of city council expects to consider the rezoning of Sullivant Airport land for single family residential use at a June 1 meeting, according to City Clerk Russell Drake.

The item was introduced Apr. 27 by the Livingston Development Co.

The land (about 80 acres) was purchased recently by Ernest Fritsche Co., builders for a 400-home subdivision. The area is now tagged "special permit district" and "limited rural residential."

PRAISE FOR ACHIEVEMENT—Judy Smith, winner of a $1500 yearly national scholarship, reads with pleasure congratulatory letters from Ted Brown, secretary of state and Reese Walcutt, probate judge. Her grandmother, Mrs. J. L. Garland, who has raised Judy since she was four, shares her triumph.

West Senior Wins $4400 Study Grant

"So proud . . . and very pleased for her," is how family, friends and teachers feel about Hilltop's National Merit Scholarship winner, Judy Smith.

Judy, a senior at West High, was awarded a $1,100 yearly grant on the basis of a nationwide scholarship tests.

Only six out of every 10,000 applicants won. Scholarships range in value from $100 to $1,500 yearly, for four years of study.

CAREER FOR CHEMISTRY

The granddaughter of Mrs. J. L. Garland, 387 S. Wayne-av, Judy will use the grant to prepare for a career as a research chemist at Ohio State University.

Described by those who know her as "a thoroughly nice person as well as an exceptional student," Judy is a credit to her grandmother's training and her teachers' guidance.

Mrs. Garland, with whom Judy has lived since her mother's death at age four, speaks of her accomplishments with quiet pride. "I have always tried my best with Judy . . . she has made it all so very worthwhile."

HONOR TO HER SCHOOL

Robert Darrow, principal of West High said, "We are proud, very proud, to have her as a student. She has brought honors to West throughout her school years here.

"And with all her outstanding ability, she is so unassuming and so likeable."

Judy's impressive list of scholastic honors include central Ohio spelling championship and competition in the national contest in 1955.

She placed first in the state in French and English tests, and was a national winner in French competition in 1956. The following year she won state scholarship tests in Latin and a national award for her score of 115 out of a possible 120.

West Senior Banquet Set

Senior banquet of West High's graduating class will be held Tuesday, May 12, 6:30 p.m. at Hoge Memorial Presbyterian Church. "Riviera Holiday" will be theme of the decorations.

Glenn Baker, class vice-president, will lead prayer before the meal.

Robert Darrow, principal, and his wife; Miss Ruth Bachmayer and Miss Harriette Brown, vice-principals will be guests.

Entertainment will include an instrumental quartet comprised of Tom Morrison, Larry Marriott, Larry Fox and Dave Ellis.

A vocal group with Janet Gove, Carol Souther, Sandy Bukey, Linda Snider, Helga Scharte and Sarah Hays will sing the class song, "May You Always."

All devotees of the doubleheader aren't necessarily baseball fans.

Sewer Pact Question Still In Air

City Attorney Russell Leach "turned the mike" back to Service Director Floyd Redick last week in the question of how far the city should go in honoring a seven-year-old contract to supply water and sewer service to the west outside city limits.

Leach's opinion was asked last week after Council President Ralston Westlake asked Redick why the city was obligating itself to new housing developments when local sewers are already overloaded.

The verbal exchange that followed was interpreted by many as mainly politics. Democrat Redick said the city was obligated to honor the pact signed by the previous Republican administration.

At council meeting Apr. 27 Attorney Leach told Redick that as an engineer he should determine when the hook-ons have reached a hazardous limit. In such case the city could not be expected to do more for outsiders, Leach indicated.

Further discussion was tabled.

Let's hope so. They're bright kids, and they deserve to go to college. Unfortunately, the way things are shaping up, they may not get there.

For many of our colleges are already overcrowded. Others are getting that way fast. By 1967, applications are expected to double. At the same time, members of gifted teachers, dedicated but discouraged with low salaries, are seeking greener fields elsewhere; replacements are not being attracted in sufficient numbers, and at the very time when many more teachers are needed, *fewer are entering the field.*

It's a sobering thought.

The future of our children and our country depends on our schools and colleges. Each year our need for educated people grows greater. Those who have learned to think soundly and choose wisely will continue to be, as they always have been, the backbone of our nation.

Won't you do your part to help make a future for the bright-eyed youngsters of tomorrow? Support the college or university of your choice today. The rewards will be greater than you think.

If you want to know more about what the college crisis means to you, and what you can do to help, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, N. Y.

Is there an intelligent young —high school graduate, or soon will be—who has a desperate desire to learn the newspaper business, but is unable to finance a college education. If so, an unusual opportunity is available to one who is willing to sacrifice quick financial return for a long-term practical education in the many phases of newspaper work. Starting salary will not be high, but to a young man who is capable of learning the business, there is no limit to ultimate financial return. Applicants will be carefully screened — only those with high scholastic records will be considered. Good knowledge of English essential. Reference required. For interview, call Mr. Mansfield, BR. 4-1155.

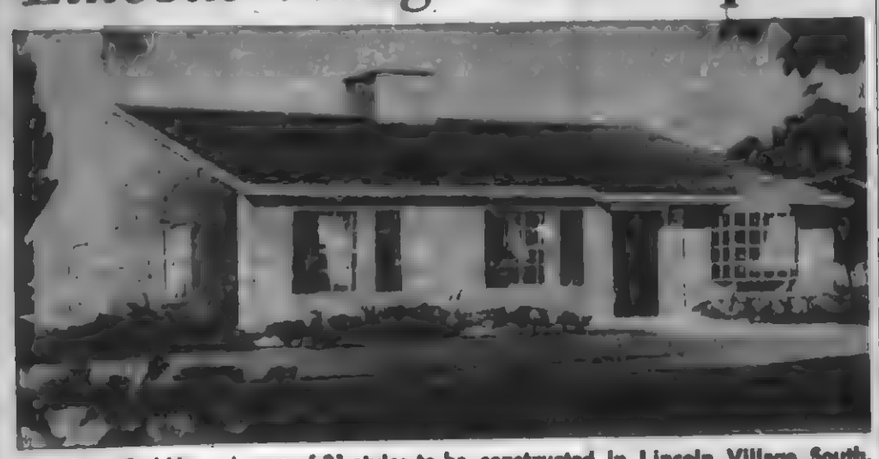
Pack Sells All



Pack 248 made a good showing at the Scout-O-Rama this year, with the first booth they have entered. The pack was awarded a blue ribbon for their project "Birdhouses," and was able to sell all they made. Mr. Keefer, the troops treasurer, sold a large display bird feeder to an insistent buyer.

The pack is forming a Little League team. Sherman Griffith, institutional representative, is in charge.

Both Pack and Troop 248 performed a good turn last month by helping a needy family. [illegible] and other needy articles were provided.

600 HOMES PLANNED

Lincoln Village South Opens

This Cape Cod Home is one of 21 styles to be constructed in Lincoln Village South.

A record 600 National Homes will be built in 1959, as Lincoln Village South—a development of Starmount Realty — arises as the newest extension to metropolitan Columbus.

This latest residential subdivision of Starmount Realty adds to the list of this Columbus developer that includes such names as Brookside Park and Scioto Village.

With curving streets and a variety of exterior and floor plan designs, Lincoln Village South will sparkle with individuality. Community planning will help insure that similar houses chosen by buyers will be built in separated areas, to present a diversified picture to the visitor.

A total of 21 exterior designs will be built to provide a break from uniformity. Furthermore, the buyer will have his choice of brick, aluminum, or wood exteriors—so that the aspect of difference is increased even more.

Lincoln Village South is located on W. Broad-st, just opposite Lincoln Village—convenient to schools, churches, recreation and shopping areas . . . and is only a few minutes drive to sources of employment such as Westinghouse and Ternstedt.

Three fully-furnished model homes will be open to the public for daily inspection starting Sunday, May 10.

A decorating staff from Glick's Furniture Company, headed by Allan Wingfield, has been chosen to decorate one of the model homes.

Wingfield pointed out to executives of Starmount Realty, Inc., that the same kind of planning which results in the economy of building enjoyed by National Homes, that achieves distinction, can be applied to the furnishing of the homes.

HEADS FIRM — President of Starmount Realty, developer of Lincoln Village South, is Harley Sherrill, secretary of Mars Construction and in the forefront of Columbus Land Development.

The announcement was made by Manager John D. Burlie on May 4 when the official address of the company became 6200 E. Broad-st.

Burlie said both local plants will continue shipping, receiving and manufacturing until such time when facilities are made ready at the new plant.

Grove City Band To Give Concert

Upper Arlington student Pat Brown will be guest soloist. Guest conductor for a number will be James Frim, a band alumnus of the community.

'YW' Sponsors Cirerama Trip

YWCA will offer a trip to Cincinnati Cinerama, Saturday, May 23, for "South Seas Adventures," narrated by Orson Welles.

The group will leave the YWCA at 8 a.m. by chartered buses and arrive in Cincinnati for lunch. After the matinee performance they will return via Lebanon for a special dinner at the Golden Lamb Restaurant. Return will be at 10 p.m.

Advance reservation must be made by May 14 at the YWCA, CA. 4-9121.

New Hilltop YMCA Branch To Be Built This Year

Additional Funds Sought To Insure Building Finish

Construction on the new Hilltop YMCA building at Valleyview-dr and Hague-av, will get under way this year.

The announcement was made this week by Richard C. Ninde, chairman of the YM-YW development Fund Drive.

This action opens the way for building the first new YMCA or YWCA structure for Greater Columbus since 1926. The last 'Y' building was the Main Branch of the YWCA at 65 S. Fourth-st, which was built from a private gift. The Metropolitan YMCA building was completed in 1923.

"The complete Hilltop YMCA," according to C. Carlton Hartley, chairman of the Hilltop 'Y' board of management," will include a swimming pool, large meeting room, club rooms, offices, kitchen, lounge and extensive outside play areas.

"The building is designed so it can be erected in several stages. At this time we are not in a position to say how much of the complete plan can be placed under construction this year. Such a decision cannot be made until further cost estimates have been obtained."

Frederick B. Hill, Jr., president of the Metropolitan YMCA Board stated this week, "This is but the first step in an integrated and balanced program of the YM and YWCA to meet the needs of the army of young people which Columbus has and will have in the generations ahead."

The goal of the Joint YM YW fund drive calls for three new branch 'Y' buildings of which Hilltop is one, remodeling portions of the Central branches of the YM and YWCA buildings, and the construction of a new YWCA residence hall at 64 S. Fourth-st, to replace

Seniors' Salute In This Issue

Names make news . . . and top names in the news around this time of year are those who will be graduated from local high schools.

Hartley Newspapers are publishing the pictures of all high school seniors in this community. Members of West High's 12A class appear in today's issue.

We've Waited 10 Years For This Story

For more than 10 years we have looked forward and waited for the announcement that bids would be taken on the Hilltop YMCA building. We are very happy to carry that story today.

Those of us who have been close to this program in planning for a fine community facility for the past 10 years have had many discouraging moments. We have regretted many times that we had to announce postponements. But apparently everything worthwhile is worth waiting for.

In the recent fund raising campaign the Hilltop community responded in a creditable way but a very large number of persons and firms indicated they would make a pledge when construction was ready to start. It is hoped there will be a considerably increased amount of money pledged from this community because it is evident at this point that the local project cannot be completed until more money is forthcoming. This community likewise owes continued support to the overall campaign for Y buildings for Columbus.

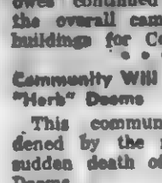
Community Will Miss "Herb" Deems

This community is saddened by the news of the sudden death of Herbert G. Deems.

"Herb," as he was affectionately known to all, grew up here, took a prominent part in the building of the Hilltop and was one of the community's most respected citizens.

He had served many groups for many years. He was a past president of the Hilltop Business Association, a charter member of Hilltop Kiwanis and was most proud of the fact that he had a perfect attendance record in Kiwanis since the formation of the club.



He was one of the three original members of the Hilltop YMCA board who had continued to serve on that board for over 10 years. He had looked forward to the time when the story would be printed announcing the construction of the Hilltop YMCA building . . . That story is carried on this page today!

A fitting memorial will be dedicated to him in the new Hilltop 'Y' building. Persons desiring to assist in so honoring him may make contributions to this fund by mailing them to the Hilltop YMCA or First Federal Savings & Loan.

This community will long remember Herbert Deems.

FAREWELLS PLANNED

Bogarts Of Gladden End 38-Year Career

By Marcus Orr

Ask for a definition of "neighborliness" and the typical West Sider might answer: "Well, it's . . . it's like the Carl Bogarts."

Carl and Doris Bogart will soon take leave of Gladden Community House, which has been a symbol of neighborliness here for more than a half century.

Now in his 38th year with the settlement house, Carl is turning Gladden's management over to younger hands. On June 1 he will be succeeded by A. M. Wilder, now director of El Calvario Community Center, El Monte, Calif.

Folks by the hundreds will stop at the 153 Hawkes-av center this weekend to say goodbye to Carl and Doris.

A neighborhood committee has arranged a Sunday public reception for them from 3 to 4 p.m. Something a little more formal has been set for this coming Friday night. Gladden board members sent out 850 invitations to a Bogart reception and had to stop when they feared an overflow crowd would result.

The reception will begin about 7:30. Dr. Boynton Merrill, pastor of the First Congregational church, will give the address and John Elam, president of the Gladden board of trustees, will be master of ceremonies. Civic and church officials and Bogart friends from as far as Michigan will be on hand to give tributes.

New Trunk Sewers Forecast For 1960; Officials Get Survey

Initial legislation to start work on a $4 million sewer building project embracing the Hilltop, West Side and Part of Franklin Township gushed without warning from Columbus City Council, Monday night.

The move is viewed as a positive approach toward lessening area sanitary sewer problems by 1960.

Approved were two new trunk lines (possibly 96-inchers) which will terminate at the Columbus disposal plant on Jackson-pk. With the authorization went a grant of $75,000 for planning a new main to the West Side.

Results of a two-year study on the first of the proposed trunks, Big Run, were in the hands of city officials Wednesday morning. Details are to be released soon. According to Service Director Floyd C. Rodick the second trunk, called Scioto Main, would serve the lower West Side and more territory to the north, if necessary.

Most ambitious part of the project now is Big Run sewer. To be done in segments as funds permit, it would extend westward to Franklin Village. A connection to the north would likely go to Mound-st at a point just east of Wayne-av.

Quick Start Possible

Rodick said this first phase should be under actual construction within the next three months and could be finished by the end of the year. A second phase, deemed urgent because of new housing developments along the western fringe of Columbus would carry Big Run trunk to Demorest-rd and follow it northward to Sullivant-av. Funds from voters-approved bonds are available to begin the $3 million Big Run project, [illegible]

The engineer continued: "With what we learn from the H. G. Dill report this week we may find it feasible to even consider going out around the city to hook onto Wilson-rd.

"Such a route may be the practical approach to drainage of areas as far north as Hilliard. Our studies two years ago showed that building a proposed 'West Sciote' line to Hilliard through the heavy limestone de-

Lions On Prowl For Auction Bids

More than 150 leaders of industry, government and commerce will help kick off the tenth annual newspaper sale of the Hilltop Lions Club by spirited bidding at the pre-street sale auction at 12 noon, Tuesday, May 19, at Lincoln Lodge.

Clarence Latham, well-known Hilliard professional auctioneer, will work to get top prices for these "first editions" of the "Hilltop Lions Tale" edition of the Hilltop Record. Copies will be offered for sale at the doors of 17,000 West Side and Hilltop homes Thursday evening, May 21.

Proceeds Finance Year's Work

The overall project is the major source of income for the Hilltop Lions and all profits are returned to the community according to club officials. This year the paper delineates how the club spent $8300 in the past 12 months on sight conservation and other welfare and benevolent activities on the Hilltop and West Side.

Here's how the auction sale works, according to Jerry Spears Sr., chairman of this phase of the newspaper project:

Each Lion hopes to bring at least one associate, employer or acquaintance as his guest to the auction. They both enjoy a smorgasbord luncheon paid for by the club. After the meal, Auctioneer Latham tries to "hypnotize" the audience into large bids for the first editions. Bids run from $5 to last year's top of $350 for a single copy of the paper.

Bogarts—

(Continued from Page 1)

But Sunday will be the best time for reminiscing, said Fred VanOrder of the neighborhood committee: "We want to welcome all who have known the Bogarts to come and wish them well."

"Grownups who remember many a happy childhood hour within Gladden's walls will come back with their children, and maybe their grandchildren, to greet old friends again."

Center Founded in 1905

The old timers will recall Gladden's beginning in 1905 in a house on N. Sandusky-st, just north of the Pennsylvania Railroad. It was inspired by world-famous theologian Dr. Washington Gladden, for 35 years pastor of the First Congregational Church.

Dr. Gladden studied the success of settlements in England and saw a need for one in the West Side. He teamed this incentive with the financial backing of Mrs. Celia C. Jeffrey, wife of the wealthy Columbus manufacturer. The center still holds the sentiments of the Jeffrey family. A daughter, Mrs. Frederick Sheld, contributes much to its support and is an honorary board member.

Other visitors Sunday will probably remember when the center moved to 511 W. Broad st. Here it served as the community relief center during the terrible days of the flood of 1913. Only three other names have been linked with Gladden House direction before the Bogarts. They were a Miss Case, who served briefly; Mr. and Mrs. John Sleppey, who retired in 1920; and Miss Ellen Ledward, there nearly a year.

Began Serving in 1921

On Aug. 1, 1921, young Carl Bogart and his wife of four years came to Gladden. Carl's background seemed to round him out for a career in social service, or as he puts it, "encouraging people to do things for themselves."

He was born near Dayton. When he was nine his family moved to a farm near Sidney and later to one near Wapakoneta. After high school he taught in a one-room school for a year. He was graduated from Miami University in 1916. After a brief stay with a credit rating firm in Cincinnati he entered Civil Service as an investigator for the Ohio Board of State Charities.

While on leave from the Navy during World War I he married his Welch sweetheart, Doris Murphy, a graduate of the old College of Commerce (where Central High school now stands.) After the war they returned to working for the state in Youngstown for a year. The Gladden era was next.

Moved To W. Town-st

Bogart persistence for something better in a settlement house grew. In 1924 he enlisted the influence of C. E. Plumb, prominent dean of the College of Animal Husbandry at Ohio State. Three residences at 619 to 623 W. Town-st were secured and for 30 years the Gladden House tradition of neighborliness grew.

"We worked hard during those time," Carl recalled. "The depression was hard. We tried everything to pull a sagging community together. Where ashes had been heaped before, we made flowers grow. Our problems were solved in family conferences or if need be, in the courts, or before city council. We were helped by welfare agencies and churches many, many times."

"All along, we followed a plan of recreation, cultural activity and education. Everything from summer camp to Christmas parties was our concern. Clubs for adults and children alike covered every interest imaginable."

But Bogart was still impatient. The people of the West Side deserved something new and well planned for their activities, he thought. A massive public subscription was launched. Individual gifts from $2 to $100,000 were sent from friends all over the city. Again the Jeffrey family contributed heavily.

Center Widely Admired

With surprising speed $300,000 was collected and the present modern, well equipped center was built. Its design has won world-wide attention. Settlements' workers in France were so taken with Gladden that they sent for the plans and put up a similar building.

Carl's devotion to his work was recognized a year ago in Chicago when he received a certificate for more than 30 years of service with the board of the National Federation of Settlements. He is a member of the National Association of Social Workers, Navy-Marine Post of the American Legion, Agonis Club, West Side Kiwanis Club, Phi Kappa Tau (helped found the OSU chapter), and First Congregational Church.

He and Mrs. Bogart are the parents of two and the grandparents of five. A daughter, Margie, is the wife of a surgeon, Dr. George Kleifgen, Las Vegas. Son, Bill, of Westerville is a senior aeronautical engineer with North American.

A granddaughter, Carol Ann Kleifgen, is living at the Bogart home, 742 Binns-blvd while attending OSU.

Summing up his 38 years in the West Side, Carl said: "Gladden House has been my life. I am definitely concerned with its future. I fervently hope that the fine 38-year relationship of the center to the West Side people will continue."

An alert man in his sixties, Bogart said he has no intention of leaving social work. Long interested in metropolitan housing, he is weighing several local offer in this field.

Let's Not Go Overboard

All the hullabaloo about the need of more taxes in Ohio should have careful consideration by every individual . . . you will be the persons who will pay these taxes.

True enough there are increased costs to be met, but we'd like to see a lot more action in the direction of cutting out a lot of the nonsense that has accumulated in government over the years. Both parties have contributed to such costs. Both should be interested in getting some unnecessary items reduced.

Any newspaper publisher in the state will agree, if he tells the truth, that the state could save a lot on printing bills alone if a lot of the departments would cut out many of their voluminous reports that have little if no value. This is but one of many areas where some very big money could be saved.

Then too, let's not overlook the fact that while business is getting better, this means a much bigger hunk of money comes to the state through sales taxes.

Mr. Legislator, let's not go overboard in our enthusiasm for adding new taxes!

BICYCLE SAFETY CHECKS ARE NECESSARY

No one objects when a safety check for automobiles is proposed.

Everyone with an adult thinking mind agrees that no chance should be taken that might result in injury and death through neglect. A safety check for the automobile seems to be an adult, intelligent step toward precaution.

With this in mind, it seems only natural that a bicycle safety check for youngsters is also an "adult, intelligent" step toward precaution.

Youngsters are granted access to the streets and highways on an equal basis with automobiles and other vehicles. A child is trained in the proper way to operate his bicycle.

But all the training and all the precautions taken beforehand mean nothing . . . if the bike suddenly has a mechanical defect and flings the youngster to death.

It seems like only common sense to spend the few seconds required for a bicycle safety check in payment for safe riding assurance for youngsters.

An extensive bike safety program has just been completed by the Optimist Clubs of Columbus. Thousands of bicycles were checked for safety features and the approved vehicles stickered.

Another chance remains for youngsters who were unable to take part in the Optimist program. Members of the National Bicycle Dealers Association are putting a program for bike safety into high gear.

Members, displaying a window banner carrying the following wording—"Free—Bicycle Safety Inspection. Ride a Safe Bike . . . Safely!", are offering free inspections during May.

The five-point check includes tire and wheel alignment, steering assembly pedals and brakes, riding assembly and signal, lighting and accessory equipment.

Any bicycle that hasn't been checked should be. It doesn't cost anything. It could mean the difference between life and death.

WHAT IF IT BREAKS

BIBLE COMMENT

Religious Life Doesn't Mean Affectation

Not long ago in this space it was suggested that those of us who attend church only on great religious holidays, such and Christmas and Easter, could do worse than make our attendance at services a regular part of our lives.

We err, however, in thinking that once-a-week attendance satisfies all our religious requirements and obligations.

Bible, prayer book and missal; all contain food for thought far beyond that amount possible to absorb during once-a-week services.

The few minutes a day we might well spend in freshening our minds on the teachings of our religion pay dividens of strength with which to meet the trials and challenges of our lives.

And, most important, is the fact that religion is not a selfish thing. It is not something to be clutched tightly in the mind, for our use and consolation alone.

To derive from it the utmost benefits, we must share our religion with others.

Not in forcing our views on others, but by living the teachings of our religion as a part of our daily life.

Living a religious life should not be confused with "religiosity," an attitude that makes of our practice of religion an affectation.

Probe behind the facade of the truly happy, the fun-to-know people, the folks who make the world a joyous place and you almost always find a deep sense of religious values.

Living your religion all the days of your life is no solemn thing.

It is what Christianity is meant to be: a joyous, joy-filled way of life.

Family Care Parents Confer May 13 At CSS

Sixth Annual Family Care Parents' Conference will be held Wednesday, May 13, at Gove Hall, Columbus State School.

The conference is for the people who have taken State School residents into their homes, given them care and supervision, and enabled them to enjoy community life. Family Care parents and other interested people will be coming from different parts of the state, as well as from Columbus itself, said Dr. [illegible], superintendent.

Registrations will begin at 9:30 a.m. A general meeting and discussions will follow. Lunch will be served in the cafeteria of the new food service building. Short guided tours will be offered.

Afternoon group meetings will be conducted on three topics from 1:45 until 2:15. A social hour and tour of Roger Gove hall will wind up the conference.

The program, arranged by the social service department, is designed to enable the CSS Family Care parents to get an interchange of ideas and experiences; to permit the school staff to give them recognition for services rendered; as a social gathering to foster closer ties among the Family Care parents and the school personnel.

According to Dr. Gove the community-placement program consists of three main divisions:

(1) Placement of employable adults. These are usually younger, active adults who are able to wholly or partially earn their own livings through jobs in the community. Many of them have been or will eventually be discharged and on their own.

(2) Placement of non-employable adults. These are usually older adults, who because of age or other handicaps, cannot earn their own living but can adjust well in less institutional, more home-like settings.

(3) Placement of children. These are boys and girls between ages of six and 16, who are getting the experience of family living and getting an earlier start toward developing into self-sustaining adults in the future.

The Social Service staff under Mrs. Mildred Sterling maintains the overall responsibility for the supervision of the placement.

If all the year were playing holidays, to sport would be as tedious as to work.—Shakespeare.

Vets Blast Poor Flag Etiquette

Congressionally chartered Organizations of this county have pledged to ask the election board to instruct booth workers to be more careful in displaying the flag. Several flags were noticed that were lying or touching the ground during the primaries.

The council also stated objection to House Bill 6423 which would "almost destroy pensions for veterans, and would throw them on local relief."

The council voted to oppose H.B. 1063 which would "remove the present control of the Sandusky Soldiers and Sailors Home and allow the governor to place or appoint control of his choice."

The original of all men is the same and virtue is the only nobility.—Seneca.

Disabled Vets Plan Banquet

Capitol City Chapter No. 3, Disabled American Veterans will hold its 16th annual Past Commanders banquet May 16 at the New Veterans Memorial, 280 W. Broad-st.

State Commander Sam Rothenber of Cleveland will be present.

Department of Ohio Adjutant A. L. Daniels of Greenfield, and Richard Downing, chief of special services of Chillicothe V.A. Hospital will talk on veterans affairs and [illegible] treatment.

Tomatoes will grow on many different soils, but highest yields are obtained on the soils that are well drained and well supplied with organic matter, lime and fertilizer, say Ohio State University Extension horticulturists.

"FROM LITTLE ACORNS . . ."—Fourth grade students from West Broad, Westgate, St. Aloysius and Valleyview Elementaries, with the assistance of West High pupils, planted one thousand trees recently at the northwest corner of Hilltop Community Center site, Valleyview-dr at Hague-av. Miss Mary Baker, former West High teacher now associated with Columbus Schools' radio and television teaching program, directed the operation. Red pines, hemlock and spruce trees were chosen. Shown with Miss Baker are Kathy Hardy, 19 Whitetherne and Kathy O'Brien, 523 Elden-av.

Central was finally washed out of tourney play, losing at Whitehall, 4-3, to bring their overall record to 7-4. They are presently fifth in the City Baseball Loop with a 4-3 mark. They were to play North on Tuesday. One of their track squads took part last week in the Hilltop Relays . . . (see the complete story elsewhere). They also sent a partial squad to the Dayton Relays. Only scorer was Fred Gray's third in the broad jump.

Holy Family's baseballers had a bad week all the way around as the high school varsity lost a doubleheader Saturday to Newark St. Francis, 8-1 and 18-1 (the second game abbreviated to three innings). That puts their record at 2-7. They have no home field, using such fields as Aquinas, St. Charles and for the most part, Southview. They also have no track program.

Meanwhile the Junior High was also taking it on the chin, 4-0 from St. Aloysius. That makes their record to date, 3-8. The high school varsity played Ohio Deaf last night (Tuesday) and takes on Academy, there, this Friday afternoon.

• • •

A couple of weeks ago, when I referred to the City League Golf loop, I was slightly off the track. Unlike the rest of the athletic teams in Columbus, the golf teams belong to the Greater Columbus Golf League, which takes in all those Columbus city schools that field golf teams (not all do), plus several schools in other parts of Franklin County. The loop is actually split into two eight team leagues; one plays on Monday evenings and the other on Saturday mornings. The winners of the two sections then usually "par off" to determine the area champ.

West is in the Monday half with Upper Arlington, Academy, Hilliard, Central, South, Linden McKinley and North. At press time West held fourth spot in the section with a 3-2 record. Upper Arlington leads the pack, unblemished. West met Academy last Monday evening at York Golf Course and won the match 12 to 6. They meet Central Monday at Columbus Golf Course and then the following weekend is the Districts.

• • •

Hilltonia Junior High holds a 1-4 baseball record. Their only victory was at the expense of Mohawk Jr. High there two weeks ago, 16-4. Hilltonia has lost all three of their track meets this spring, in their first year of competition. They play Starling Jr. High this week at Jet Stadium.

Reportage of Starling's game last week was in error. Roosevelt topped Starling. They had a bye this past week.

West Jr. High split even in two games last week (one a rain makeup from the previous week) as they were dumped by Franklin, 12-4 and then downed Barrett, 5-1. They tangle with Mohawk at home this Wednesday, (tonight) and then meet Roosevelt there next Tuesday.

REIGN AT RELAYS—Awards to winners of each event at last week's Hilltop Relays were presented by a bevy of beauties chosen by the track squad as queens. From left are Barbara Porter, Susan Davis, Pam Mahlon, Donna Frazier and Janet Gove.

East Leaves Indelible Print On Thirteenth Local Relays

Thirteenth annual Hilltop Relays were run at Magly Field May 5 with East winning for the second consecutive year.

East and Central have completely dominated the Relays since their inception. However this year Central was way off the pace.

The meet started at 7 p.m. with the field events and the final awards were made almost at 9 on the nose. That is one record that host Rufus Glass, West track master, is highly proud of . . . the meet has never finished behind schedule.

An event was no sooner finished than the trio of trumpeters sounded their fanfare, the top five were on the winners' podium and the five West lassies, the Relay Queens, presented the awards.

East amassed a fabulous 100¼ points . . . annual fallacies of the Relays had to go back to Central's 109 in 1951 for the record to remember when any team had made such a [illegible] of the event. In doing so, the Tigers took nine first places of the 15 scheduled events.

Following East in order were North 64½, South 48½, West 48, Central 36 and Linden McKinley 17½. West missed third by the proverbial "hair."

Cicero Neely became sick during the meet, possibly slowing him down in his "specialty" . . . the 440 and as [illegible] man on the 440 relay.

Only one new record was set during the evening by East. They broke their own old record of 3:31.7 set in 1955, with a new time of 3:31.5 . . . two tenths of a second better, in the mile relay.

The attendance was a mediocre 741.

The mighty and well rounded East squad not only took top team honors, but Clarence Winston hauled down the trophy for high individual performance with a total of 17½ points.

East kept things humming around the finish wire all evening, but one of the exciting finishes of the affair involved West. The Winston put on a fine spurt in the final few yards of the 100, West's Jim Prater did also and in the final 20 yards made a beautiful finish. Not enough to overtake Winston, he did gain considerable ground.

At the Old Trail Lanes Sunday afternoon the noted Streaks Beer bowling team, captained by Tony Linderman, trounced an all-star 5-man squad from O-T leagues, 2025-2666 in three games, in a special exhibition match. The beer team put on exhibitions in several Columbus alleys over the weekend before returning home to Detroit.

O-T will begin their summer leagues the week of May 11 (and hope to have their schedules set by the week of the 18). There will be leagues every day (and evening) 'cept Saturday. Registrations for individuals, couples, teams or entire leagues will be accepted.

Hilltop Lanes and the Three-G's are also about to begin their summer loops. The latter terminates winter leagues this week.

We've already mentioned that the St. Al Jr. High squad downed Holy Family in baseball, as Mike George threw a one-hitter and St. Al rang up their sixth straight win. John Tonti, Mark Baldy, Dave Lee and George led the hitting parade. St. Al's girls were rained out Sunday after two innings, leading Our Lady of Victory, 18-10 . . . a slugfest, to say the least.

The boys play Our Lady of Victory next Saturday at 10 a.m. at Southview 1, while the girls meet St. Mary Magdalene, there, next Sunday afternoon, at 2.

St. Agnes Athletic Association is sponsoring a dance May 23 . . . more details next week. They will hold their tryouts for the church's two Little League teams sometime this week. They must cut to two 15-man rosters from about 100 trying out. Those not picked will play in the Saturday afternoon, four-team, Mosquito League. The two L.L. squads will compete in the Southwestern Loop.

All boys must be at Sunshine by 10 p.m. They play 'til 1, after a midnight pizza which they prepare themselves, and then to bed. Then they arise at 5, prepare their own breakfast, and go home at 8. The boys share the cost of the menu.

West's track squad was idle last week except to host their own relays. However, they were at Linden McKinley this Monday and then have the big District Meet on Friday and Saturday at Delaware. West Jr. High squad will enter the city Jr. Prelims (Wednesday) and Finals (Thursday). Next week . . . Tuesday at Central in the City Prelims for the Cowboys with the Varsity Finals on Wednesday, there, and the Reserves on Thursday, also there. They wind up the season, if they make it this weekend, at State Meet the weekend of May 22-23.

Junior Jet Ball Season To Open

Columbus Recreation Department will again conduct Little Jet League baseball for 8 to 12-year-old boys during the playground season, but the program will be known as Junior Jet League.

Change in the name was made to avoid conflict with the National Little League, Inc.

Beginning Monday, May 18, every eligible boy who wants to play baseball this summer may obtain a registration blank in all Columbus public and parochial schools.

The Junior Jet program provides an opportunity for boys to learn how to play baseball under supervision, and enables them to play at least two games a week within their own community.

Glenwood Loses Finale

Intermediate Girls' team Glenwood Recreation Center lost to Pilgrim in the Inter-Center Volleyball finals. Pilgrim won, 15-4 and 15-6.

Whetstone defeated the Senior Girls in the semi-finals, 15-11 and 15-10.

They really do sleep at slumber parties!

Sunshine Recreation Center was quiet by 2 a.m. Friday at the Pre-Teen Girls' slumber party. Girls from 6 to 12 played games, told stories and prepared a mid-night snack before turning into makeshift beds on the floor.

Baseball Scene Brightens For West High Players

by Bob Wilcox

BULLETIN . . . It has just been learned that Friday's game at Linden will probably be postponed until sometime next week. Linden is still in the tournament this week, so will be unable to play its regular City League schedule. No definite date has been set but it will probably be early next week. Linden will probably hold up until they can have their ace Farrington well rested.

Well, the unpredicted happened. North came through and nipped Linden-McKinley, previously undefeated, and thereby gave West a miraculous fighting chance at the City League title . . . IF.

If the Cowboys don't get overconfident from their earlier shellacking of East and let the Tigers trip them up Tuesday night . . . if West can take revenge on Linden Friday in their meeting there. They lost earlier to Linden at West, 1-0, in a tight pitchers' duel in a game that could have gone either way. And if . . . the Broncos don't permit some other squad to ruin their bid with a "give-away" such as at South a couple of weeks ago.

The game at Linden Friday night should be a real humdinger. Last time Linden scored their lone tally in the last of the sixth. Their ace hurler, Don Farrington, will probably be ready to face West's Don Ulricks. (Farrington, due to a very busy week with tourney games, plus two city loop frays, did not pitch the North contest.) Hilltop fans should come out for this one!

• • •

Meanwhile to keep their title chances alive, West had themselves a very easy week, as they mauled Marion Franklin, 13-1, and Eastmoor there, 7-1.

M-F held West hitless and scoreless for only one inning, the first. Thereafter the Cowboys opened up a 14-hit attack with three tallies in the second, third and fourth innings, one in the fifth and wound up things with a booming four-run sixth. M-F scored their lone tally in the third on a single, a walk and double by shortstop Dick Reese.

Ulricks fanned 12 and only one walk in his six innings; Ted Miller made his first appearance on the mound this season and pitched the seventh, walking two, before retiring the side. Leading the West assault were Mike Cantlon with two singles, Ulricks with a double, single and a walk, and Bill McLaughlin's booming double, triple and a single, Terry Briggs two doubles and a single and a walk, Tom Hartranft with two singles, Jerry Hummel with a double, single and a walk, Bill Biggers with a double and hit by the pitcher, and a solo single by Bob Dean and Don Barnes with two walks.

West took an early lead and held it at Eastmoor as they scored tallies of 1-2-1 in the first three innings, came back with 2 in the fifth and a solo run in the seventh. Their 11-hit attack was paced by Ulricks' triple, single and a walk and Biggers with the same totals and Bob Saint with two singles and hit by the pitcher. Solo hits were garnered by Dean (walk-single), Hummell (single), Cantlon (single), Dan Alder (single), and Briggs (single, hit by pitcher).

Ulricks only gave up one hit in his five innings, with Cantlon making his first mound appearance, giving up three hits in the last two frames. Ulricks had 6 strike out, Cantlon 2, while the former issued one walk and the latter two. Eastmoor finally scored in the seventh as an error, 2 singles and 2 walks produced their tally.

• • •

After their poor showing at Grove City two weeks ago, Coach Bill Schmitter revamped his starting lineup, inserting Hummel in right field, McLaughlin in left, Hartranft at second base. The combination seemed to click as witnessed by the hitting attacks described earlier. Saint returned to second Friday.

posits would be very costly."

Scioto Main Discussed

Commenting on the Scioto Main project, Redick said the sanitary sewer would also cost $2 million. Another million would be required if Grandview and Arlington should ultimately tie in with Columbus lines. That would affect the size of the pipe, not its location, he said.

Redick traced its route northwesterly from the disposal plant, under the new freeway between Hart and Stimmel-rds to drain the bottom lands. He said he hoped a tap to the Central-Sandusky area could be arranged before paving is put on the expressway.

Redick Cites Drawbook

The service director answered attacks that the Sensenbrenner administration had lagged in solving West area sewer complaints. "Building of the expressway was a factor, Grove City drew away from a plan to join us, and there were two "dry" years when people weren't eager to spend money for new drainage."

After adoption of the sewer resolution Monday, Mayor Sensenbrenner said: "The Big Run trunk sewer will be another major step forward that Columbus takes in the construction of the master sewer plan to serve all areas of Columbus."

In a report made Apr. 1958 by C. C. Hartley, chairman of the sewer and water committee of the Development Committee for Greater Columbus, revealed such a master plan would cost $90,500,000.

A 10-year construction program on a pay-as-you-go basis, was recommended.

Sensenbreaner said this week that new homes, new industry and commercial expansion all depend on completion of the master program, and pledged to push the financing of sewers as fast as they are designed and submitted to council.

Others To Follow Soon

The other two branch YMCAs, are planned for the near future. A new and relocated Spring Street Branch will be built on Woodland-av, between Clifton and Long-sts. The new South Side Branch will go up at Jenkins and Sixth, opposite Southwood School. Sites for these new structures have already been purchased.

When asked why the Hilltop Branch was started first, A. P. Bentley, chairman of the Spring Street Branch stated, "A start had to be made somewhere and the Hilltop plans were further advanced than the others. Actually we have had fine community and business support of our joint YM and YW drive. Our decision was only in what order we should start each project."

No announcement is being made at this time as to which project is next in line.

Goal of the joint campaign is $2,500,000 for all projects. Over $1.1 million has been pledged and contributed to date. The campaign is progressing on schedule with local staff and volunteers.

Contractors and suppliers interested in bidding on the Hilltop project are asked to contact the office of Holroyd, Myers and Robert Earl Cassell, associated architects, 3201 W. Broad-st.

Good Times, Good Bargains On Tap During 'Point' Birthday Celebration

With their center seven years old this week, and bragging that "Our Growing Is Showing," the merchants of the Central Point Shopping Center, W. Mound-st, at Harrisburg-pk, are staging a huge "7th Anniversary Celebration" this weekend.

On Thursday, Friday and Saturday" they are surrounding their Seventh Anniversary Sale with three days of fun and free entertainment. The sale itself emphasizes the timely appeal of "outdoor living" . . . and all stores are heavily stocked with bargains in casual clothes, shoes, garden supplies, barbecue grills and accessories, fishing and sports gear, everything for [illegible].

The Central Point Merchants Association has arranged an almost continuous free program of entertainment for the three days of the anniversary. Late Thursday and Friday afternoon and evenings there will be stage shows by Billy and Helen Scott of "Midwestern Hayride" fame, with their trick collie, Prince, and other shows by the "Sheran Puppets" from WBNS-TV's "Betty's Kindergarden Show." On Saturday, at 1 p.m. There will be a "Kids' Amateur Dog Show" with free gifts and prizes for all entrants. Following that, will be puppet shows and shows by Al Ross, famous clown.

Beginning at 8:30 p.m. Saturday there will be a "High School Hop" with WBNS' Lee Spencer as master of ceremonies, running until 11 p.m. Some 1,500 teenagers are expected at this dance on the mall.

During all three days a clown will distribute free balloons to the small fry. All in all it looks like a big three days for bargains and for fun at Central Point.

PICK A SURE WINNER

You Might Lose At The Track; But This Parlay Can't Be Beat

"Three will get you five," confided the railbird.

"What horse?" whispered Eager Bettor.

"It's the best parlay of the season—a sure winner," touted the intent railbird.

"Get to it, bud—what horses?" muttered the impatient Bettor.

"No horses, buddy—my parlay is Norwood and Hartley. Where else can you spend three dollars and be certain of getting five dollars of summer fun in return?

"You don't need a racing form to dope it out, either—just canter over to the nearest Hartley Newspaper office, either 2465 W. Broad-st or 1542 Parsons-av, push three dollars through the window, and they'll give you a whole book full of tickets.

"Each one's a winner, too. Any night this summer trot out to Norwood's Amusement Park—you know, that popular spot out E. Main-st near Alum Creek—and start cashing in. Those tickets are worth five dollars on any of the rides in the park, and that's a lot of hay in any barn.

"And, pop, if you have any colts around the house who like to saddle up on a whole field of kiddie rides, Norwood's is the place to go.

"One thing more—Norwood's has a championship miniature golf course that's trickier than handicapping a race and more fun than betting home a daily double.

"Like I said—three will get you five on that summer parlay of Norwood's and Hartley's. No other track has this combination, either.

"And with a sure thing like that, you better get to the window quickly because this liberal offer is limited and they're going to ring the closing gong shortly. Hurry."

A pleated tulle half-hat held her fingertip veil of French illusion and she carried white fuigi mums centered with a white orchid corsage.

Miss Donna Liston, sister of the bridegroom, served as maid of honor. Her waltz-length gown of rose-beige silk organza was designed with an oval crushed neckline, embroidered skirt, satin belt and Dior back bow. She wore a matching bow bandeau and her flowers were colonial butterhead palms.

Golden Agers Hold Banquet At Sunshine

Annual Golden Age banquet was held at Sunshine Recreation Center last night . . . by electric light rather than candle gleam . . . thanks to a prompt assist from the city.

The affair, planned to honor 200 golden agers, was in danger of being cancelled after Tuesday morning's storm snapped off a telephone pole, tearing down electric lines.

Mayor M. E Sensenbrenner was featured speaker. N. J. Barack, superintendent of city recreation served as master of ceremonies and Rabbi Nathan Zelizer participated in the program.

Entertainment, reminiscent of the 1900's, included an OSU barbershop quartet singing, "Memories" and "Bicycle Built For Two," a soft shoe dance by Dick Sheppard and square dance demonstration by a Sunshine group.

Walls were lined with scenes of the era and the room was converted into an old-time bandstand.

Lafe Byrum, 90, was elected president; Lewis Gillihan, vice-president; Mrs. Seymour Taylor, secretary-treasurer and Mrs. Bertha Edwards and Mrs. Rose Reynolds, co-chairman of the social committee.

Club plans for the summer months include a picnic at Indian Village, boat ride at Griggs Dam, tour of Olentangy Caverns and a day-long trip to Cedar Point with a stop at the Blue Hole.

Fish 'Rain Fronts' For Prizewinners

The big question is, how to catch some big fish to enter in the Hartley Newspaper Fishing Derby?

With prizes galore and a week's vacation at beautiful Timberlane Acres on Pigeon Lake, Canada, at stake, derby entries are rolling in. Get in on the fun, and have your fish entered at one of the weighing stations listed on this page. You may win a valuable prize!

According to good fishermen, one way to catch big fish is to fish in the rain. Don't be afraid of getting wet, they say. Rainstorms generally produce furious fishermen, but this traditional spirit-spoiler is often a blessing in disguise. And a rainstorm may help you catch a prize-winner this year.

Rain and accompanying temperature changes excite fish like "pep-up" pills transform an "also ran" into a derby winner. Fish go on a brief but frenzied feeding spree when cooling showers lower temperatures. They often lose all sense of caution and pursue schools of bait fish into shallow waters with reckless abandon. At this time they are not choosey in taste. They'll hit just about any surface lure in the vicinity.

Drops in temperature put more zing in a fish's life during the hot summer months ahead than such changes do right now. Why fish react in this manner is not known, but these wild feeding binges can be predicted with fairly good success, say the weather-watching anglers.

To catch these productive periods, check newspapers and television weather forecasts which trace the movement of "fronts" across the country. A call to the weather bureau will yield the exact time a disturbance is scheduled to pass your favorite fishing spot.

Cold Fronts Preferred

With a cold front, start fishing one or two hours before and during the storm. On a warm front, wait until it has passed and winds have shifted to a westerly direction. Fishing a warm front seldom equals that of a cold front, but it's usually better than before the storm.

Fishing in the rain sometimes draws "cat-calls" from the less hardy, but comments cease when a good catch is displayed.

A word of caution: it is often dangerous to be out on a large lake during a storm. Do not take chances. The people who fish just before and during a storm usually do it from shore. It is safer to confine your fishing to small bodies of water at these times.

The best time to go fishing, of course, is when you can. Do not wait for a storm. But if a front is passing through, get out there and get wet, and you'll get some terrific action.

Appointments for evaluation services will be accepted throughout May, Cohen said. Classes begin June 15. For further information write or call the center, CA. 1-1268.

Food Markets This Week

by Mrs. Estelle B. Franks

Vegetables—Asparagus, greenhouse tomatoes, spinach, lettuce, celery.

Fruits — Grapefruit, apples, pineapple, rhubarb, frozen lemonade.

Meats and Poultry—Fresh calias, smoked picnics, fryers, large eggs.

WHAT'S GOING ON

If you haven't done any food buying for several days, you'll find pleasant changes at the fresh produce counter this week end. Warm weather is speeding the appearance of fresh vegetables. Homegrown asparagus is at its best. The season for fresh asparagus is always a short one, so use it to the utmost now, and do whatever freezing you plan while it's in peak production. Fresh spinach is coming in volume . . . first-of-the-season spinach is choice.

You'll like the excellent quality greenhouse tomatoes available this week. They'll appear in volume for the next month.

Vegetables from the South are increasing in volume and prices are more favorable. Among those to look for are green beans, sweet corn, cabbage and peppers.

Potatoes continue to be a good buy, but if you're watching for bargains in old potatoes do check the quality carefully. Look for the grade on the label. Also compared the cheapest ones with the high priced before deciding which will give you the most edible potato for your money. The "green" color that many homemakers are asking about comes from exposure to light and does mean waste.

Fruits—Strawberries are more plentiful and prices lowering as production moves northward. Tennessee, Arkansas and Missouri have joined the South and California in sending us berries. May will be the last month for good quality fresh grapefruit until fall; you can expect prices to advance. Look for apples to be featured again this week, for cold storage holdings are too high for this time of year . . . they must be moved. They must be kept in the refrigerator to hold their quality.

Meats and Poultry—There are no major meat price changes this week. Pork cuts are still good values and will probably continue to be for some time. Bacon prices are lower. The better buys in beef can be found in "specials" featured by various markets each week. When warm weather comes to stay you can expect good values in beef roasts.

Fryers continue in good supply as do turkeys. Budget watchers can plan plenty of meals using eggs . . . prices are the lowest in years and the industry can see no immediate price rise on eggs.

Milk production will be rising to its peak during May. The family will like a cooling glass of milk, or sodas, sundaes and shakes after a hot day's work. Outdoor eating calls for cheese in every form . . . cheddar, swiss, cream and cottage. Don't forget ice cream and its many flavors. All perfect for May-time eating, and in plentiful supply at your market.

FOR EXCEPTIONAL SERVICE—A crowd of 250 felt the warmth of this presentation of the first annual Outstanding District Scouter's Award to Gene Stinson, 1025 Hart-dr, from its sponsor, Jerry Spears, Jr. (right), district chairman.

Stinson Is Selected Outstanding Scouter

Gene Stinson, 1025 Hart-rd, who became a Boy Scout while bedfast in University hospital in 1933, stood on his crutches Monday night to receive the first Southwest District Outstanding Scouter award.

Stinson was given the surprise commendation during a banquet for 250 adult volunteer scout workers at Hoge Memorial church.

District Chairman Jerry Spears, Jr., sponsor of the plaque, said of Stinson: "This individual, though severely handicapped physically, has been a constant challenge to all other Scouters in southwest Franklin county. At training sessions, when tickets are to be sold, when money is to be raised, or when errands are to be run, he is usually far in the lead."

Having served as scoutmaster of Troop 89, Sullivant Gardens, for some time, he is now lending his ability to Troop 348 of Franklin Township Firehouse No. 3."

Stinson, the father of seven children, has overcome many of the crippling effects of cerebral palsy. He found that the Scouting program is so well rounded that it even has something for a crippled boy.

"When I lived in the North End as a youngster I was enrolled as a Lone Scout," he said. "Other Scouts and leaders would come to my house to teach me hand crafts and how to tie knots. It was wonderful."

Commenting on Stinson's ability, District Executive Robert Meade said: "His scout unity have probably carried away more blue ribbons from camp-o-rees and Scout-O-Ramas than any other unit. His work extended to many other organizations, particularly among the underprivileged."

On Feb. 10, Stinson received a letter from the White House, stating that through one of his neighbors it was learned that

Three Teachers Granted $500 For Special Study

Three teachers of West area schools are among the ten recipients of $500 study grants, awarded each year.

Designed to improve educational methods by making possible additional study or financing special projects, the awards represent an annual $5000 gift from an anonymous donor.

Board of Education makes the selection from applications of teachers in various fields. Announcement of the awards was made after Tuesday's board meeting.

They are Mrs. Margaret Harold, Spanish teacher at West High; Mrs. Lucille Oliver, Westgate Elementary, and Phyllis M. Hull, counselor at Central High.

Goldsbury Promoted

Promotion of Joseph W. Goldsbury, sixth grade teacher at West Broad, to cadet principal, was also approved by the Board.

Mrs. Margaret Harold, 341 Pinney-dr, Worthington, will use the grant to further a summer study program already planned in South America.

As recipient of a Fulbright grant for summer seminar of Spanish language and literature in Colombia, she enrolled in an eight-weeks' course at Carta Gena and Bogota. The Fulbright award provides for travel expenses and tuition.

Twenty Spanish teachers from 20 different states will attend the seminar.

She will use the $500 grant to supplement her study in Ecuador and Venezuela. She will also explore teaching methods of South America.

Mrs. Harold will leave June 20 for Washington, D.C., and a three-day orientation period before leaving for South America. She plans to return the last week in August.

She has been at West for 13 of her 15 years as a teacher.

Will Develop Test System

Mrs. Lucille Oliver, 2222 Stephens-dr S., is the first teacher in Columbus to use the abacus in elementary school arithmetic instruction.

While working with the method at Westgate during the past year, she discovered a need for a good primary arithmetic test for first graders, and will use the study grant to develop one.

Mrs. Oliver will work with Dr. Schott who developed the number aid system, during the summer, in developing the test. The test will be used throughout Columbus school system.

A teacher at Westgate since the school opened seven years ago, she received her bachelor's degree from Asbury College and a master's from Ohio State University.

Phyllis M. Hull, 779 S. Terrace-av, counselor at Central High, will use the grant to study guidance programs in other sections of the country.

She has chosen St. Paul, Minn.; Indianapolis, Louisville, Memphis and Denver because of their comparable size to Columbus, and because programs in those cities have been established much longer.

First Full-Time Counselling

This is the first year Columbus schools have had full-time counselors on their faculties.

She also hopes to enroll in a guidance workshop.

Miss Hull, a teacher at Central for five years, received a bachelor's degree from Capital, and master's at Ohio State University. She also studied at Northwestern for one summer.

Guidance includes advice on study courses and educational and vocational counselling, and testing.

Joseph Goldsbury, 1770 Eastbrook-dr, will be assigned to the administration building for a year's training program. He will then be appointed as an elementary principal.

School board attempts to anticipate the demand for principals for the year ahead, in determining [redacted] number appointed.

Goldsbury is married and has three children enrolled at South Franklin School.

He has taught at West Broad five years, and had five years' service as a teacher before coming to Columbus.

Board Revises School Districts' Boundaries

Board of Education Tuesday, defined district boundaries of six new schools to be ready for September enrollment, and revised areas of many existing school districts.

Six new buildings will be added to the city system in September. Districts of three senior high schools, 10 junior highs and 36 elementary schools were re-defined.

Students in this community affected by the action are these who will attend the new Westmoor Junior High and Georgian Heights Elementary.

Boundary changes were approved for West and Central High Schools, Hilltonia and Starling Junior Highs, and Binns, John Burroughs, Dana, Valleyview, West Broad and West Mound Elementaries.

WESTMOOR JUNIOR HIGH

Westmoor Junior High School, Valleyview-dr west of Hague-av, will be opened for September enrollment.

The school will house students living in the area beginning at the intersection of New York Central Railroad and Pennsylvania Railroad, west along NYC to Wheatland, south to Logan, west along Logan and Fremont to Richardson, south to Sullivant, west to Demorest, south to the Columbus corporation line and west, north and east along the corporation line to the point of origin.

GEORGIAN HEIGHTS

Georgian Heights, under construction south of the Georgian Heights subdivision, will also be opened in September.

Its district has been defined as: beginning at the intersection of Georgesville-rd and the New York Central Railroad, southwest along the NYC to Columbus corporation line, east and south along the corporation line to west boundary line of Sulli-

Developer Seeks Halt To Apartment Permit

City Council's rejection Monday of a rezoning appeal gave some strength to a local developer's efforts to halt construction of two to four apartment buildings north of Binns School.

At the recommendation of the City Planning Commission, council refused to rezone the lots technically for apartments. Jack Bachtel, commission chief, said there was "no valid reason" for abutting apartments to single family dwellings and a school.

Wilshire Homes, Inc., whose officers are Cecil Rose, Jr., Joseph M. Briggs and son, Joseph, Jr., oppose the construction, project of another builder, because they fear "the depreciating effect" of apartments to the neighborhood.

Plan New Subdivision

Their concern stems from the fact that they are planning a future development along a proposed extension of Roys-av, north of Binns School property.

Site of the disputed apartment buildings occupies a 150 by 291 foot area along Binns-blvd, 200 feet north of the school. It is owned by Samuel and Bessie Zuravsky.

Wilshire Homes' officers have indicated they may carry to the court of appeals the Mar. 23 decision of Judge Robert Draper denying their request for an injunction against the construction.

Judge Draper ruled in favor of the Zuravskys, who have in their possession a building permit for the apartment construction, granted by the city despite the fact the area is now covered by a "single-family residential" [redacted].

The Zuravsky lots were "spot-rezoned" by county commissioners for apartment construction on Apr. 16, 1957, before the area was annexed to the city. The land is part of the 50-acre site that came into Columbus just a year ago.

Permit Followed Annexation

Columbus Building Department granted the apartment permit scant days before a 30-day waiting period for the city zoning ordinance could take effect, following annexation. Under present city law all newly annexed farm land is declared "single residential" first.

Draper, in ruling against Wilshire's injunction to stop the project, declared in essence that while actual work was started after the land was rezoned, the Zuravskys did have a right to proceed, and the city alone could rule otherwise on wording of the ordinances involved.

Outside interests had plenty of time to exercise their legal rights, he indicated.

Zuravsky's petition for rezoning to council Monday night carried the signatures of several residents in the area, stating they had no opposition to the apartments.

Some of the signers attended the meeting. "They appeared to have little knowledge of what they had signed," said Joseph Briggs yesterday.

Wilshire Homes, Inc., owns the land adjoining the lots and built the sewers. The company is reluctant to allow the apartments to tap into them.

Zuravsky delayed starting work on the project until Jan. 9 of this year, when an old house was torn down and excavations begun. Such a permit carries a six-months' limitation.

Water-filled holes have been of concern to parents. Children in the area have, reportedly, fallen into the holes several times. Excavations are now partially refilled with dirt.

Florist Wants Rezone Of Lots

Zoning committee of city council has been asked to rezone two lots at 34 S. Harris-av from "one to four family residential" to "C-S commercial" for use as a floral shop and residence.

The petition, authored by A. Tanner Moraine, was accompanied by 37 signatures from the vicinity stating no objection to the new zoning.

The area, 138 by 80 feet, lies just south of the first alley south of Broad-st and extends from Harris-av to the first alley east.

Public hearing is set for 7:30 p.m., Monday, June 22 in city hall council chambers.

The Rosary Development Co. earned the honor of the top bid, spending $200 for the purpose. Ed Tonti, president and general manager of the firm made the bid.

Second edition went to the Zane Casket Co. on a bid of $125. Bids of $100 each by the Jerry Spears Funeral Home and the Hilltop-Westgate Realty Co. captured the third and fourth "first editions."

Under the spirited chant of professional auctioneer Clarence Latham of Hilliard, other bids ranged from $5 to $90. More than 150 leaders of business, industry and government were guests of the Lions Club at a smorgasbord luncheon preceding the auction.

OUT WITH THE OLD—IN WITH THE NEW!

CAN-CANNING—Columbus' Division of Sanitation and the Health Department are stepping up their drive to rid the city of filthy oversized trash barrels. Since the combined collection of garbage and rubbish recently came into effect in the [redacted] area, the use of 50-gallon drums has been outlawed. In this scene near Eakin-rd and Hague-av, driver Lige Perry examines the new preferred 30-gallon disposal cans while Aaron Graham and George Hampton load chalk-marked ones to be carried away. Persons wanting to keep their old drums should remove them from alleys. Otherwise they should be inverted and left where crews can mark them for scrapping.

Twenty Gals Enter Jubilee Queen Race

Chic Cari, one of the planners for the West Side Jubilee (week of June 8) reports that 20 "pretty girls in bathing suits" have been entered so far in the Jubilee beauty contest.

They will parade in flashy cars on opening night, Monday the 8th, from Starling School to Sunshine Park by way of Broad-st. Each has been entered by a West Side merchant.

All will compete for the title of Jubilee Queen immediately after the parade. For the winner there will be a $50 Savings Bond and gifts. Officials this week decided to award a $25 Bond to second place and a gift certificate to third place.

Program chairman Cari said he is arranging a "crowd stopper" attraction for every night.

KIDS, SCIENCE IS WONDERFUL

What science can do! Brilliant physicists, geologists, biologists from Cambridge have challenged the University of Chicago to a Tiddly-Winks contest!

The best young brains of two great nations squaring off in such a game—while missile development takes a back seat. It's a reversion to the good old days. We remember when musclebound football players from Lane Technical high school bragged that they played Tiddly-Winks with manhole covers.

However, we doubt whether the Russians will send their best Tiddly team to this country. We remember that the not-very-good players used to use loaded tiddlys (the plural of "tiddly" takes an "s," not an "ie" and drop the "y"), and the Russians are afraid that we might use this old tactic against them.

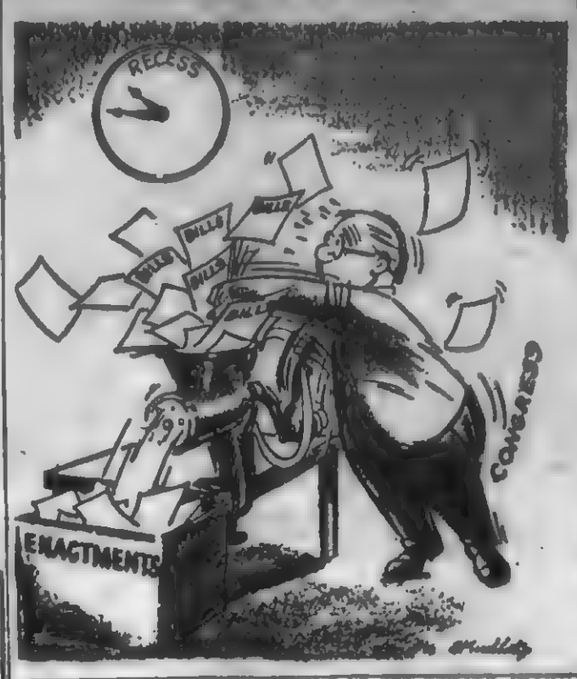
Baseball gets into the act. Learned scientists have stopped sending rockets to the moon, and after months of intensive research, have proved that a baseball DOES curve!

It took Dr. Lyman J. Briggs, director emeritus of the National Bureau of Standards and director of research for the National Geographic Society, to tell us something every school kid has known since William A. "Candy" Cummings threw the first curve ball in 1864.

However, not even the brashest young physicist has ever turned in a doctor's thesis like Dr. Briggs' 1945 paper, "Methods for Measuring the Coefficient of Restitution and the Spin of a Ball."

Was it Archimedes who said:

Give me a bat long enough and a place to stand, and I can hit the spinning Earth (which curves) out of orbit and into the void between Neptune and Pluto for a triple"?



Later Newton is believed to have remarked:

"If with the Earth, I tiddled the Moon toward Mars, Mars would come toward the Earth also, for every Tiddly has an equal and opposite Tiddly."

There seems to be acute juvenile delinquency among the scientists, but we, for one, don't care. They can do what they want, for we, your community newspaper, are taking care of the situation in the Far East.

BIBLE COMMENT:

Parables Are True To Life Even Today

The use of stories to point, or illustrate truths is about as old as man's effort for expression.

In secular as well as sacred literature, the parable is a vital part of man's means of communication with his fellow man.

So, of course, the use of the parable was not unique with Jesus.

There were many parables in the Old Testament.

The parable was a natural incident of oriental imagery.

Unique features of the parables of Jesus are the supreme qualities of the parables as stories and the supremacy of the truths and teachings that the Master used the parables to express.

Moreover, what the parables of Jesus relate might well happen in any time or place.

They are as true to life today as they were to the life of the day when Jesus uttered them.

It is this element of timelessness that has made the parables of Jesus such living expressions of truth.

How different it would have been if Jesus had put in labored philosophical discourses the truths that He put in simple, effective stories.

West Cindermen Finish Season On Good Note

West High track squad wound up its regular schedule last week by winning a dual meet . . dumping Linden McKinley, there, 67-1/3 to 50-2/3.

In the District meet at Delaware last weekend West scored just three points in finishing sixteenth. West's points came by a third in the mile relay, thus making that squad eligible for the state meet this weekend at OSU. (The relay team, composed of Phillips, Jones, Francis, and Neely, qualified with a 3:33.5)

All that remains for the cindermen, besides those in the State this Friday and Saturday are the City championships. The preliminaries were Tuesday night at Central and the finals are tonight after school at the same spot. The Reserve squad finals are there Thursday afternoon.

West vs. Linden:

120 High Hurdles: 1-Phillips (W), 2-Miles (W)-Sheopman (L)-tie; 16.4.

100 yd. dash: 1-Prater (W), 2-Gravely (L), 3-Denny (L); 10.7.

Mile: 1-Please (L), 2-Kern (W), 3-Talek (L); 4:50.9.

880 yd. relay: 1-West (Glass, Neely, Francis, Prater); 1:40.6.

Shot Put: 1-Burlison (L), 2-Barnett (W), 3-Myers (W); 45'4".

Pole vault: 1-Willis (W), 2-Buttler (L)-McDonald (L)-tie; 10'.

440 yd. dash: 1-Zierhut (L), 2-Jones (W), 3-Meadows (W); 56.6.

Discus: 1-Barnett (W), 2-Burleson (L), 3-Montgomery (W); 126½'.

High jump: 1-Prater (W), 2-Phillips (W), 3-McCord (L)-Rose (L)-Hastings (W)-tie; 6'.

180 Low hurdles: 1-Phillips (W), 2-Miles (W), 3-France (L); 22.8.

880 yd. run: 1-Fadis (L), 2-Crooks (L), Koons (W); 2:09.9.

220 yd. dash: 1-Prater (W), 2-Neely (W), 3-Justice (L); 24.5.

Broad jump: 1-Rose (L), 2-Moseman (W), 3-Moore (L); 18'10-¾".

Mile relay: 1-Linden (Denny, Fadis, Please, Zierhut); 3:43.4.

SPORTS of SORTS

Compiled By Bob Wilcox

We've managed to get a copy of the "Ten Commandments of Good Play" as drawn up by the Ohio Valley Football League.

They were approved recently after several months of discussion. You can easily see that the commandments can benefit the boys' everyday life and behavior as well as on the football field.

It will take a sincere effort on the part of the boys (or anyone trying them) to follow and live up to these edicts, but nothing that is worthwhile comes easy! We congratulate those who got them up.

1. My opponents are my guest. I owe them every courtesy.
2. Decisions of officials are my Bible. I shall not forget or abuse them.
3. I never address unkind remarks to players, officials or spectators.
4. My sideline language and/or manners shall never be indelicate or in poor taste.
5. I shall applaud my opponent for good sportsmanship and courage in his play.
6. I never rattle an opponent.
7. I win by fair means only.
8. I apply the Golden Rule.
9. I shall be humble in victory; have no excuses in defeat.
10. Fairplay is my watchword, on and off the field.

How many players can say that they actually obey No. 6; and how many modern coaches take time to actually tell their teams to follow the same rule? Bench jockeying is pretty old, and still very popular . . . highly indulged in by many so-called pros.

Number seven's good anywhere, any time . . . think three times before acting once and you may not have to act at all, let alone eat your words or live down your rash actions. This is a fine code to teach your children.

Officials of the loop have this plea to parents, team managers and coaches involved in the league: They realize that this is baseball season, warm weather is here to stay . . . and not too many thoughts are given to football. However, to insure a good league next fall, planning must be carefully worked out now. If you're really interested, and have the boys' and the loops' best interest at heart. Attend the monthly meetings as they are announced.

The first 20 teams and their prizes in the recent mixed doubles bowling tourney at Hilltop Recreation follow:

Betty McCullough-Bill Drake, $100; Mary Berry-Lee Saunders, $50; Ruth Justus-Howard Miller, $40; Bert Halley-Gary Dowler, $30; Betty McCullough-Bob Justus, $25; Billie-Jim Shaw, $20; Lois Baride-Sam Buchanan, $15; and Bonnie Grom-Tom Wolfe, Guy Vaughn-Ruth Justus, Pat-Jack Whittle round the top 10 and each of the last three duos received $10.

From 11-14 spots: Molly Indiciani-Al Simkins, Maggie Vaughn-Bob Justus, Sue Miller-Larry Baride, and Jean Jackson-Larry Baride, each $9. The final six of the top 20, Mary Steinmetz-Lee Craig, Gladys Miller-Bob Justus, Sharon-Ted Amore, Aline-Raeburn Simpson, Betty Symers-Lloyd VanBuren and Dorothy-Ted Amore, each got $6.

Since an individual could enter as many times as he desired as long as he had a different partner, you can see that several individuals collected for winding up in more than one (two or three) places in the top 20.

Hilltop Recreation had a 256 game by Ray Elwell of the Monday Hilltop Independent League last week.

Old Trail Lanes started their summer leagues into full swing last Monday. However—and this should be of interest to all bowlers, both leaguers and "once in a blue mooners"—there will be some lanes open every evening in the week during the entire summer for the general public and individuals or small informal groups who just decide to go bowling for fun.

St Aloysius' boys kept right on rolling this week for their seventh win without a loss, and this one a no-hitter. They dumped Our Lady of Victory, 12-2, as Mike George and George Reams shared the no-hit performance.

Reams, Mark Baldy, Ken Brokamp, Mike Shields and John Tonti each racked up two hits. They play Our Lady of Perpetual Help at Grove City next Saturday, at 11 a.m.

The St. Al girls ran into a little foul luck, however. They dropped their Saturday game to Our Lady of Victory, 8-7, and their Sunday contest to St. Mary Magdalene, 10-6. They're not carded next week.

• • •

Central finished third in the Districts at Delaware with 21 points (behind East and North) as McGee took a third in the high hurdles. Gray took a fourth in the 100 yard dash and then came back for a first place in the broad jump with a leap of 22'3½". Rutledge was second behind Gray in the broad jump, Penick took a third in the low hurdles, and Jackson a third in the high jump.

Central's meet with East, at Central, last week was interrupted by rain about halfway through, with East leading, 23-18. It will be finished as soon as they both can arrange it on their schedules. Central will also be busy in City Meet, which they host, this Tuesday and Wednesday.

The golf squad had a bye this past week. They wound up last in the district matches (26) with a 429 total.

• • •

The West golfers almost, but not quite, made it into the state match. They finished third in the district last weekend. The first two, Upper Arlington and Whitehall, are eligible for the state. They finished with a 332, 24 strokes over first place U-A and just 13 over Whitehall.

The Cowboys' 18-hole totals, individually, were: Gary Alwood 82, Bill Castle 83, Bob Wesley 85, and Larry Dulin 82. They finished their regular season against Central last Monday and won 16 to 0. They shot a 333, which is the best for West in several years. Scoring was: Castle, 76; Alwood, 79; Wesley, 80; Dulin, 87.

South section of the Junior High track championships was run at West's Magly Field last week. Eastmoor's 39 points took home the cake. West finished fourth with 16 markers.

Other area schools were Hilltonia, sixth with 13½, and Starling, eighth with 4½. All the winners (top three in each event) will meet the North section winners at Central High this Friday at 3:30 for the city Junior High Track championships.

Scoring for West were Upperman, a third in the low hurdles; Arnold, second in the 440, followed by Coles in the same event; Hollingsworth, third in the 880; Carpenter, second in the shot put. West's only winner was Dave Smith in the 880-yard run, with time of 2:18.

Hilltonia's scorers were a third place finish for their 880-yard relay team and Starling's was Thomas, a third in the 220.

• • •

Starling had a bye in baseball last week and was rained out of another. West did manage a 3-2 victory over Mohawk Junior on Friday at West. West met Roosevelt there last night, meets Starling at home a week from Thursday, and then arch rival Hilltonia there on June 2.

	R	H	E
Mohawk ..... 000 200—2	4	4	
West ..... 010 011—3	1	3	

Batteries: Winton, Porter and Sharfnaker, Castle (3).

West got just a wee bit lucky as Mohawk committed too many bobbles. West managed to win despite getting only one safe hit—an extra base blow by Glen Rohrer in the extra inning (a no-hitter for Winton until the sixth) to win the game.

Wins At Badminton

Junior girls from Glenwood Recreation Center defeated Beatty in the Inter-Center Badminton tournament. In the junior girls double Terri Walsh and Suzanne Walls handed Beatty a 9-1 loss. Next week they will play in the semi-finals.

Glenwood lost in the Junior and Intermediate Girls singles 9-3 and 11-3.

COF Invitational Headpin Tourney Set

Catholic Order of Foresters, Central Chapter, is sponsoring a headpin tournament for members, guests and family on Sunday afternoon, May 24, at the K. of C. Lanes, from 1 thru 5:30 p.m.

There will be prizes and trophies for men, women, and juveniles. There will be a party and lunch. For tickets, call the secretary of the local COF at the bowling lanes, May 24.

West Park Youth Plans Programs

West Park Methodist Intermediate Fellowship has planned programs for the two Sundays left in the church year.

Raymond Trinter, principal of Starling Junior High School, will speak May 24. A recognition service for those going into Senior Youth Fellowship is planned Sunday, May 31.

Telephone Company will present "The Dew Line," regarding radar warning system from the eastern coast of Canada to north west Alaska, May 31.

NORWOOD PARK BARGAIN AVAILABLE

Time Ticks Away In Ticket Offer

Time is running out for value-minded Columbus families to cash in on the recreation bonanza of the season.

It's the Hartley Newspapers' offering of budget-priced ticket books for Norwood's Amusement Park, 2025 E. Main-st. The ticket books may be purchased now for three dollars, but are worth five dollars when presented for any of the rides or miniature golf at Norwood's.

The economy minded will figure out that this amounts to a 40 percent reduction in prices, and they're right. But only those who act now are going to be able to take advantage of this offer, because it closes in two weeks.

Here's all you do to get your books of tickets for yourself and your whole family: simply stop at the Hartley Newspapers offices at 2466 W. Broad-st or 1542 Parsons-av, and ask for the Norwood's ticket books. Mail orders will also be accepted, but act promptly to be sure of getting in on the good times being prepared for you at Norwood's this summer.

Your tickets will be honored all season for any of the more than a dozen and a half rides in the park, including a complete section of kiddie rides for the younger set.

You'll be able to play too on the brand new Norwood's miniature golf course, which has just been chosen to select a local champion to compete in the International Miniature Golf Tournament next September at Asbury Park, N.J. The new links layout is one of the toughest and most entertaining in this area, providing a true test of golfing skill. Winner of the international tournament will receive an imported Fiat 500 auto.

But time is fast trickling away. Get your order into the Hartley Newspaper office now.

Fishing Derby Off and Running--Enter Your Fish Now!

INSIDE ON THE Outdoors By ROD COCHRAN

The biggest fish entered in the Hartley Newspaper Fishing Derby as we go to press is a 12 pound, 3 ounce carp caught by Joe R. McAuley, Route 1, Groveport. This entry sure gives carp fishermen a shooting target. It was caught in Little Walnut at the Route 33 bridge, and was weighed at the Bolenbaugh Hardware, Canal Winchester.

WALLEYE PIKE — One of the seven categories in the Hartley Fishing Derby. First walleye entry received was a 17-incher from Bill Robson, 2206 Atwood-dr, caught at Hoover Dam and entered through Joe's Bait Store. It weighed two pounds.

Don't let this fish keep you from entering the Derby, however, for there are plenty of prizes in the carp division. Also, an unusual catch, even though it might not be a record-breaker, could qualify you for the grand award — a week's vacation at beautiful Timberlane Acres, Ontario, Canada. Maurley E. Sutton, 156 Binns-blvd, owner of this sportsmen's paradise, reports that every effort will be made to give the winner of the grand award a vacation of a lifetime.

Prizes in the carp division are: first, LangleyCast-Flo999 reel and 100 yards of Cortland Heart-O-Gold casting line; second, Heilmann's lures, selection of six, and 100 yards of Cortland Heart-O-Gold casting line; and third, Williams Woodlore, Williams Gold Co., Buffalo, N. Y., and 100 yards of Sunset Coral King casting line.

The fact that Joe McAuley has broken the ice with a real trophy fish should stimulate carp fishermen to do their best. The Derby is still wide open. Closing date is Sept 7.

Some nice bass have been caught recently. Bob Bogard of West Jefferson has been catching some smallmouth in Little Darby Creek. He has been using both artificial and live bait.

Good reports have been coming from Hoover Reservoir and the Muskingum Lakes in eastern Ohio. Remember, any fish caught in Ohio is eligible for entry in the Derby as long as it's measured at an official weighing station (see list of stations elsewhere on this page).

Surprisingly, crappie and bluegill divisions have not attracted much attention in fishing ranks. The bluegill season is just getting started good, but there should have been some nice crappies entered by this time. Get those crappie entries in. You might walk off with some big prizes!

The important thing to remember in the Hartley Newspaper Fishing Derby is to enter your catch. Winners will be chosen on a point system—one point for each ounce of weight, and one point for each one-quarter inch of length. Points add up surprisingly fast, so enter your fish and get in the running. Postpaid entry cards are available at all weighing stations.

One-third of the home freezers in use today are more than 17½ cubic feet, compared to the average eight cubic foot freezer in 1946, report OSU extension specialists.

Food Markets This Week by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Vegetables — greenhouse tomatoes asparagus, celery, lettuce, kale.

Fruits — pineapple, strawberries, rhubarb, canned fruit cocktail.

Protein Foods — poultry, ham, Swiss steak cuts, large eggs, cheese.

SPRING TOMATOES READY

The spring crop of greenhouse tomatoes is here! Ohio's greenhouse tomato growers will approach peak harvest periods in late May and early June, so quality tomatoes are available during this time to make beautiful salads. Any way you use tomatoes they will add color, flavor, and zest to your springtime menus.

Actually, Ohio consumers are lucky. This state leads the nation in production of greenhouse tomatoes — almost two thirds of the total, based on wholesale value. Ohio growers produce between 500 and 600 acres of tomatoes under glass. Many of the tomatoes you'll buy this weekend were produced in the Columbus area. They are the result of years of scientific breeding and research and are a high-quality vegetable.

How to Identify — The green calyxer stem is the "trademark" of greenhouse tomatoes. However, many Southern field grown tomatoes are also appearing with the green calyx. To be sure of having greenhouse tomatoes, check:

- for freshness and lustrous appearance
- the label if pre-packaged.
- with the grocer.

The common displays of three to four tomatoes in a cellophane pack — known as tube tomatoes —are not greenhouse tomatoes. These tomatoes are picked green in the South and shipped to this area where they are ripened and packaged.

Greenhouse tomatoes may be purchased in bulk, by the pound, in "window cartons" in cello package, and sometimes in 8-pound baskets. Grocers are usually proud of their display of these high quality tomatoes and will have them clearly marked as such.

Quality Variations — Greenhouse tomatoes are sold according to size and quality and are priced accordingly. "Unclassified" ones can be a good buy for tossed salads or cut pieces if there is not too much waste. Sometimes these are found mixed with better quality tomatoes, but then they are a good buy only if the price is lower than that of the higher grade. Very small tomatoes are just right for luncheon and eating out-of-hand.

Home Care — Tomatoes should not be stored in the refrigerator. Low temperature inhibits the development of full flavor of tomatoes. Storage at temperatures of 50° to 60° F. keeps tomatoes at their best. Remember, greenhouse tomatoes are actually ripe when picked. They are picked in the "pink ripe" stage in order to reach you as a high-quality product. If you purchase them before they are fully colored, ripen them at room temperature, away from direct sunlight. If you prefer tomatoes cold, place them in the refrigerator 2 to 3 hours to chill before serving.

Calorie Counters Note — Tomatoes are low in calories and are a good source of vitamins A and C.

We all look forward to happy retirement years. Our time will be our own and we will be free to do those wonderful things we had somehow never found the time to do before. But whether our plans include travel or a home in the country or golf or painting, we will need an income. Remember what life insurance can provide the necessary income to allow you to maintain your accustomed standard of living. It also assures your family of financial protection through the intervening years.

I'm sure I can be of service.

Miss Baker Wins Medal For Teaching

Miss Mary Baker

Miss Mary W. Baker, resource teacher for the Board of Education and former science instructor at West Junior-Senior High school, has received a Classroom Teacher's medal from the Freedom Foundation at Valley Forge.

No more than one is awarded in any county each year.

Miss Baker was honored for her "exceptional work in behalf of teaching responsible citizenship and understanding of the American way of life," while at West High.

A teacher since she received her bachelor of science degree from Ohio State University in 1920, Miss Baker has spent 37 of her 39 teaching years in Columbus, and 31 of those at West.

At the Hilltop school, she assumed many duties beyond those of the classroom, where she also excelled. She was sponsor of a number of Camp Fire groups and Saturday morning bird study groups. She also cosponsored the West High Science Club.

One of Miss Baker's most famous projects at West is the development of the school forest in the Hilltop Civic Center. The city of Columbus appropriated the land for the project. School children of the Hilltop, banded together by Miss Baker's leadership have planted 1,500 trees at the location.

Miss Baker, now working with the Board of Education's Television-Science lessons, will receive her medal from administrative officials when it arrives from Valley Forge.

Tom Thumb Wedding Planned At Glenwood Friday

FRUITLESS SEARCH—In his 'round the world search for a bride, Don Hartley thoughtfully eyes Donna Maxwell, Cheryl Layman and Carol Hussey, representing France, Spain and the South Pacific. Even Deena's inviting wink doesn't sway him.

"IN HIS OWN BACKYARD"—Back from his travels, the young hero finds true love right around the corner from home. The preacher, Jon Grashel, intones, "I now pronounce you . . ." as bride and groom, Mary Ellen Dolder and Don Hartley join hands. Attendants are, from left, Susan Denney, flower girl; Bert'e Graham, maid of honor; Don Ehman, best man and Jeffrey Graham, ring bearer.

Young people of Glenwood Methodist will stage a unique production at the church Friday, May 22, 8 p. m.

A world-wide search for true love will be climaxed with a mock Tom Thumb wedding as the young hero discovers his choice, "right around the corner from home."

Mrs. Nelson Jhansen, junior church leader and choir director, for the past 19 years, is writer, producer and director.

Youngsters participating in the program will not only portray members of the wedding party, but well-known personalities attending as guests.

Cast of the production includes, in addition to those pictured: ushers, Richard Jones, Lloyd Bixler, Robert Lane and Don Young; flower girl, Valerie [illegible].

Famous guests at the wedding will also be portrayed by the young people. They are: Mother of the bride, Linda Hoffert; father of the bride, Dennis Koons; mother of the bridegroom, Martha Addie; grandmother of the bride, Patricia Currier; grandmother of the bridegroom; Andrea Rehl.

Rev. and Mrs. Joseph Shellhaas, Pam Tanner and Jerry Speakman; President and Mrs. Eisenhower, Lynn Richards, Larry Krumm; Queen Elizabeth and Prince Phillip, Carol Hussey and James Link; Mr. and Mrs. Tong, Cheryl Layman and Michael Colegrove.

Vice president and Mrs. Nixon, Deena Maxwell and Clinton Hutchinson; Governor and Mrs. DiSalle, Alice Marie Ehman and Dennis Imler; Mayor and Mrs. Sensenbrenner, Jo Ellen Wright and Jim Jesty.

Sister of the bride, Beverly Sciance; sister of the bridegroom, Roberta Ackerman and three old maid aunts, Susan Bell, Becky Hobbs and Roberta Rehl will sing "Dearie."

Mr. and Mrs. Crawshaw, Diana Love and Steve Brown; Mrs. Fern Johnson, Mary Ann Adams; Miss Edna Meldrim, Patricia O'Neil; Miss Annis Turner, Martha Cook; Mrs. Mae Bennett, Rebecca Bodenheimer.

Mrs. Cecil Cassell, Juanita Mattox; Miss Glenna Oesterle, Donna Sims; Mr. and Mrs. Postlewaithe, Martha Winslow and Kenny Winslow; Rev. and Mrs. Jones, Dianna Curry and Joe Jesty.

Mrs. Ruth Edwards, Donna Jenks; Mrs. Helen Jones and Janet Estepp.

Reception will be in charge of Mrs. Fred Bowman, assisted by Susan Jones, Ellen Jones, Judy Halstead, Pam Murphy, Kitson Cooley, Virginia Radcliff and Joanne Sterling. Pianist will be Pamela Murphy.

Title Fight Still Eyed By Bronc Baseballers

BY BOB WILCOX

West hosted Central at baseball last night and will meet North, there, Friday afternoon in winding up its regular schedule.

The Linden postponed game is yet to be scheduled. Because of its tourney success, Linden, with its makeups, has five games to play this week. This will be highly difficult, especially if any rain develops.

Although all City League games are to be finished this week if possible, it is quite probable that West and Linden will not tangle until next week. There is far too much at stake . . . rested pitchers, etc. for the two schools to jump boldly into a fast makeup.

Probable outcome of Linden-West game: if West wins it would create a tie for first, possibly calling for a playoff. If the Lindeners win, they will have undisputed first place. This is all based on West winning their remaining two games.

West 3, East 1

The Cowboys had only one game last week. Set first for Tuesday, it was finally held under threatening skies, Thursday.

East almost gave them that 'knockout' pill we mentioned last week — a much rougher than in their first meeting this spring. West finally won, but only by a 3-1 margin. But things still stand for the big showdown with Linden.

West got all three of their tallies in the second inning, and then were shackled the rest of the way. East picked up their lone run in the sixth as hurler Roy Gamble walked to open the frame, and then with one out, came home as the Tigers collected three straight singles.

Just to make sure that their hitting power wouldn't recur in the seventh, West hurler Don Uldricks whiffed the side (with one single sandwiched harmlessly in) to end the game.

The Broncos got their uprising under way as Uldricks was safe on an error by the second sacker. Bill Biggers sacrificed him along but was himself safe on a miscue by the Tiger first baseman.

Jerry Hummell flew out to centerfield, but Terry Briggs promptly singled and Dan Alder was hit by the pitcher. Back-to-back singles by Bob Dean and Don Barnes produced more scoring before Bob Saint ended the inning, flying out to right.

The second sacker was quite nice to Uldricks that inning . . . not only was it his bobble that permitted the West pitcher to get on, but he committeed another miscue soon after to allow Uldricks to move up. But they eventually 'righted their wrong,' nailing Uldricks at third for the second out.

Gamble's Control Good

Uldricks gave up seven hits in his seven innings, walking two and fanning 11. Meanwhile West was collecting 9 hits, but Gambel's control was near perfect as he didn't issue a single free pass to West all evening.

Coach Bill Schmitter returned to the lineup that he has used all season, with a variation. The Alder returned to left field, Hummel remained in right, in place of Dave Brady. The big guns for West were Dean with two singles and Briggs with the same. West didn't collect a single extra base blow the entire game as Barnes, Saint, Cantlon, Biggers, Hummell all collected single bingles.

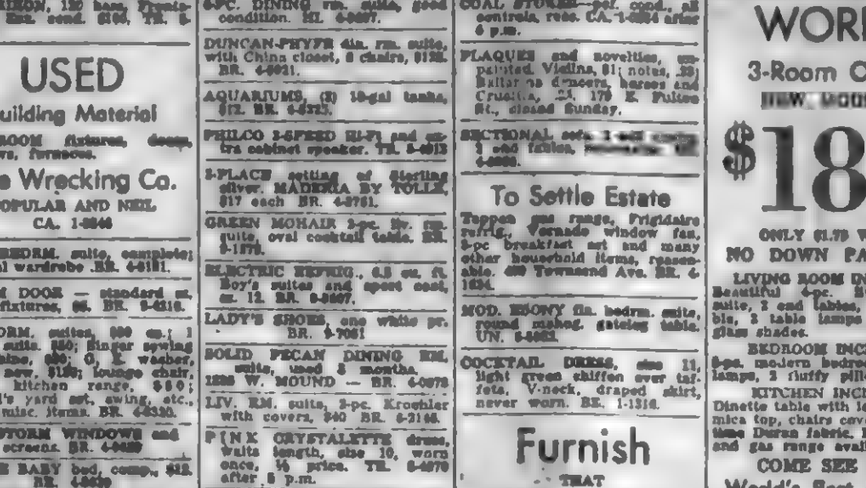
Volunteers Unite Efforts

Volunteer newspaper salesmen for tomorrow evening's sale will meet at the West High School Cafeteria at 5:30 p.m. for a meal served by the ladies auxiliary of the Lions Club before picking up their bags of newspapers and starting on assigned routes. Assisting service clubs represented among the "newsboys" will include the Hilltop Kiwanis, Grove City Lions, Downtown Lions, Hilltop Y's Men's, Georgian Heights Civic Association, Southeast Lions, West Side Kiwanis, West Franklin Kiwanis and the West Side Optimists. A contingent from Ternstedt Division of General Motors will also take part.

Editorial copy and photos in the special edition show how the club spent in this past 12 months $3000 on sight conservation activities; $800 on health, education and welfare; $1000 on the annual community Fourth of July Fireworks Celebration at West High's Magly Field; $1500 in support of boys' and girls' activities; and $2000 on community improvements.

Newsboys will invite residents to pay as much as they can afford for an edition. If the person answering the door is temporarily out of funds he will be urged to accept a free copy of the paper in the hopes that next year he will be able to join in the project.

Franked envelopes will be left with a copy of the paper at homes were residents are away, so that contributions may be mailed in.



Charles Weaver, general chairman of the newspaper project the largest single source of income for the club, gave his assurance to the community that every cent of profit in the sale will go back to the two communities. Club administrative costs are met strictly from dues and member assessments, he said.

Four Candidates Vie For Bean King Title

It'll be a hot battle right down to the wire for the title of "Bean Dinner King," was the prediction today of Hilltop Business Association officials, following the naming of four candidates by service clubs of this area to represent them in competition. The candidates are:

James Goudy of the West Franklin Kiwanis Club, manager of the Great Western office of Ohio National Bank.

P. A. Jackson of the Hilltop Y's Men's Club, president of Hilltop Motors, Inc.

Jerry Spears, Sr., of the Hilltop Lions Club, president of Jerry Spears Funeral Home.

Jim Henery of the Hilltop Kiwanis Club, principal of the Binns Elementary School.

The Bean Dinner King contest is a new feature of the event this year, which is expected to result in considerable interest as well as add funds to the coffers of the Hilltop YMCA building fund, according to John Jones, committee chairman.

"We expect to have a candidate from each service club in the area, from which a king will be 'selected'."

"Voting polls will be established in a number of local business establishments, where each penny contributed by voters to their favorite candidate will not only help in winning the contest, but all money will be given to the building fund. So, everyone wins," Jones said.

In addition to the honor of being selected Hilltop Bean Dinner King, the winner will also receive a loving cup.

'Lions Tale' Gifts Here Top $3400

Hilltoppers and West Siders opened their purses and hearts to the amount of more than $3400 in the door-to-door sale of the Hilltop Lions Tale newspaper last Thursday evening.

This final portion of the newspaper project brought gross proceeds to slightly more than $9,000, according to Charles Weaver, general chairman of the project.

He said that some $6300 was raised at the auction of "First editions" on May 19 at Lincoln Lodge and that merchants, professional men and friends of Lionism paid about $3750 for advertisements in the special edition.

Net proceeds, after printing costs and other expenses of distribution, will run about $7000, Weaver declared. All profits of the paper sale will be returned to the two communities in the form of community betterment and sight saving projects, he added.

PATRIOTIC PAPER—Clarence and Ida Freeman examine their historic Hilltop Record.

Memorial Day, 1918, Recalled In Old Copy Of Hilltop Record

Mr. and Mrs. Charles E. Freeman, 30 N. Gift-st, have unearthed a collector's item. It is a special Memorial Day issue of the Hilltop Record published three wars ago.

The tattered eight-page tabloid is dated May 30, 1918. Its still-vivid red, white and blue cover fairly shouts the patriotism that engulfed America when her sons were in Europe fighting "the war to end all wars."

The entire front page was a "Hilltop Service Flag" with 261 stars. Inside were published the names and addresses of all the local fighting men represented. A tribute by Dr. W. F. Wykoff leads off the list. Mrs. Freeman (Ida May) said she saved the paper because two brothers, Harry and George Boswell, were listed. Harry was a "doughboy"; George, a sailor.

Are Faithful Readers

The Freemans, now in their 70's, have been readers of the Hilltop Record ever since they set up housekeeping at 2227 W. Broad-st in 1917. That was the same year the paper was founded by S. J. Westlake.

"Why, Oakley-av was just a path, then, and there was a rail fence from Wheatland-av west to Hague," Mrs. Freeman remarked. One thing evident in the old Record, is that grocery stores were abundant—almost as prevalent as the filling stations of today. "And those prices . . . even in war time "tender steak" was 25 cents a pound, and coffee two pounds for 30 cents," she pointed out.

The scarcity of good flour was brought out in J. W. Young's ad offering a 12 pound sack for 75 cents, "with other substitutes of equal amount."

"That meant potato or even alfalfa flour, and it was terrible stuff," Mrs Freeman recalled.

Urged Local Patronage

As today, the little weekly was beating the drums for neighborhood businessmen. We quote an editorial found on Page 2: "The closing of the Broad Street bridge to [illegible]-wet car traffic and also to walking across in the near future is going to make it very difficult for Hilltop people to put up with for a while at least.

"It has been talked of dividing the cost of a temporary bridge at West Broad Street for street car traffic equally between the city, county and car company. The plan was proposed by Councilman M. W. Westlake (father of today's president of city council.)

"However, it ought not to make any great inconvenience for Hilltop people from a shopping viewpoint as there now is very little necessity to go over town to buy when we have most everything needed right here on the Hilltop and at prices better than you can get over there; and again the most obliging, honest and best set of business people in any one section of the city."

Prominent in the paper was an illustrated ad by Fred Raether's Economy Variety Store, 2402 W. Broad-st, a faithful user of the Record in every issue to the present.

The customer had a choice in those days, just as now. C. W. Miller of the Hilltop Undertaking Co. advertised "everything modern—horse or motor drawn service." Mrs. Freeman mused: "Some people simply didn't like the idea of being 'hurried' away to the cemetery in a horseless hearse."

The Freemans moved to Gift-st 13 years ago when Clarence retired as a highway construction superintendent. A son, Clarence, operates Freeman Plumbing and lives at 2850 Valleyview-dr.

Bids Low On Work

Coady Co., Inc., submitted the apparent low bid Tuesday for paving and building gutters along Westgate-av from Wicklow-rd to Palmetto-st.

The company said it would do the job for $14,439.

Strike Bars Expressway Construction

Striking members of Operating Engineers Union Local 18, put a halt to construction of the Sandusky St. Expressway, Tuesday, and signs of a settlement were not in sight today.

The stoppage tied up state highway projects over most of the state. Workers, held back by the flood earlier this spring, have been hard pressed to make their fall deadlines on the interbelt work here.

Operations on the Mound St. Bridge were not affected.

Increased wages and implementation of a hiring hall are the reported aims of the engineers now bargaining with contractors.

Veterans, Civic Groups Arrange Memorial Rites

Patriotic tribute to the Nation's war dead, and especially those of this area who paid the "Supreme Sacrifice" is being conducted by local veterans organizations this week-end.

Parades and band concerts, speeches and squad salutes, freshly decorated graves and the sounding of "Taps" . . . all will serve to show eternal respect to men of the military who died for the sake of freedom.

Hundreds will take to the highway and make pilgrimages to family grave plots.

SUNSET, ALTON SERVICES

Poppies, flags and wreaths will be placed at Alton and Sunset Cemeteries Friday evening by Camp Chase Post No. 96, American Legion, in preparation for ceremonies there Saturday morning. Rev. James Everett, pastor of Bellaire Avenue Church of the Nazarene will speak at both cemeteries.

Services will be held at Sunset at 11 a. m. and at Alton at 11:45, said Joe Donavon, post chaplain. The post firing squad under Commander Ed Emery will give the traditional salute, followed by "Taps" by the bugler.

GEORGESVILLE SERVICE

Westway Post 3441, Veterans of Foreign Wars, and Auxiliary, will conduct the service at Georgesville cemetery at 2 p.m. Rev. Buster Hammon of Lilly Chapel will give the address. Charles Geddes, chaplain, is program chairman. The post will also participate in the downtown parade, Saturday morning.

After the cemetery service, the post home at 852 Clarendon-av will be open until 5 p.m. At that time a car caravan will form to go to Raymond, to participate in a 7 p.m. torchlight service, widely known for its impressiveness.

GREENLAWN CEMETERY

Members of Smith Barratt Post, American Legion, will decorate graves of war dead at a section of Greenlawn Cemetery along Brown-rd, at 6 p.m. Thursday.

The post's Columbus Statesmen drum and bugle corps will take part in the Saturday morning parade. Jeffrey Post 455 Legion will pay respects at the Malcolm Jeffrey grave at 7 a.m.; and 11 a.m. services will be held at Union and World War II plots. The Franklin Post band will play at the latter.

SOUTHWEST SERVICES

Paschall Post, American Legion, has charge of ceremonies at the following southwest area plots: Grove City, 9:30 a.m.; Salem, 10:30 a.m.; Galloway, 11 a.m.; Concord, 1:30 p.m.; Green Hill, 2:30 p.m.

Columbus, British Teachers To Cross Ocean In Job Swap

A Hilltop school teacher will trade classrooms with an elementary teacher in Southall, England next year in what promises to be an enriching experience for both schools.

Miss Florence Harper, fourth grade teacher at West Broad School, has received a grant under the Fulbright Act for exchange teaching during the 1959-60 school year.

She will interchange teaching assignments with Miss Audrey Willcocks of George Tomlinson School, Southall, England.

Miss Harper's enthusiasm, "I can hardly keep my feet on the ground," is matched by the school's teaching staff and students.

The prospect of playing host to a British teacher for a full year promises to be exciting.

Assures Better Understanding

Miss Harper, happily accepting "the great privilege and honor," describes the program as producing "bigger people, better teachers and a greater understanding of world affairs."

Not only will West Broad students and teachers gain from the year's association with Miss Willcocks, but will learn even more of the British point of view when Miss Harper returns the following year.

She is one of 100 teachers who will sail aboard the USS United States on Aug. 14 to exchange classrooms with an equal number of British teachers.

During the year in Europe she hopes to travel through much of the Continent, broadening her experience even further.

Miss Willcocks, who will take charge of her West Broad classroom next year, has taught seven to 11-year-olds in England. The 26-year-old teacher also served as an instructor at Milton Mount College for two years.

Although this will be her first trip to America, she has traveled through Norway, France, Belgium, Holland, Spain, Portugal, Switzerland, Italy, Yugoslavia, Austria and Germany.

Miss Harper, a member of West Broad staff since 1952, began her teaching career in 1936 in Jackson. She joined the Columbus staff in 1945 at East Columbus School and also has taught at Bellows [illegible].

Supermarket On Way Up

Dirt is flying and bricks are falling into place for a new supermarket at Sullivant-av and Demorest-rd.

C. C. Vogel, contractors, said the 108 by 150 building is to be leased to A&P.

According to Gilbert Vogel, the store will be the first in the city with metal walls and ceiling. Built of brick-faced block, it will open onto both streets. Cost of the structure, equipped, was placed at $300,000.

It is to be ready for occupancy about Sept. 1.

FEW DAYS LEFT FOR KIDS' ADS

Last year 75 youngsters took good advantage of the Free Want-Ads offered annually by Hartley Newspapers at the close of the school year.

Many found good summer jobs, traded bikes, sold pony rides, etc. through the power of Want-Ads.

'Peachblow' Camp Closed; 'Orton' Signups Possible

Peachblow Camp, serving West Side families for a number of summers, will not be open for resident camping this year, according to Carl Bogart, director of Gladden Community House. The camp is in the midst of repairs and modernization.

"However, some boys and girls may be able to go to Camp Mary Orton, a mile north of Worthington," Bogart said. Godman Guild, which directs the camp may be able to handle a few applications from West Siders, he said, adding, "Of course Godman must give priority to residents of the Goodale area, but outsiders may apply by calling CA 1-4207 for details. The season extends from June 17 to Aug. 13. Tony Salvatore is Godman Guild director.

YES SIR! JUNE JUBILEE PLANS ARE 'SHAPING' UP

These girls, and more, will parade through West Side streets on opening night and one will later be chosen queen. Seen here, left to right, are Sandy McGuire, Sandy Gunkle, Pat Vest, Mary Hand, Judy Funk, Betty Roach, Judy Kindler, Tamara Hosler, Sandy Bragg, Linda Angeletti Sonia Ruhl, Stori Lewis, Diana Taylor, and Pat Clever. Columbus Statesmen Drum and Bugle Corps, Alla Babbo Shrine band and the Mounted Sheriffs will lead the parade. Tuesday night the Lockbourne Jude team will appear and on Wednesday the Gas Co's. NEW WESTINGHOUSE DEPOT UNDERWAY

BEGAN MONDAY—As final plans are checked by E. L. Smith, Westinghouse works manager, right, and V. C. Smith, superintendent of Turner Construction Co., the first load of dirt was scooped Monday for the foundation of the new Westinghouse 400,000 square foot supply depot here. Located next to the existing manufacturing plant on West Broad-st, the new warehouse will serve as a giant distribution center for Westinghouse appliances and television. It is expected the depot will reduce delivery time to dealers by one-third by eliminating multiple handling of merchandise. It also will cut the size of inventories at distributors and should increase the number of dealers ordering direct shipments of mixed carloads of appliances and televisions. Products manufactured at Metuchen, N.J., Springfield, Mass., Mansfield and Columbus will be stocked. In photo at right, J. W. Callender, of the works engineering department of the local Westinghouse plant, puts the finishing touches on a model of the extensive conveyor system which will connect the two buildings with an overhead bridge 30 feet in the air. Construction of the depot is expected to be completed by late this year.

Advice For Teen Job Hunters

Summer employment is probably the number one item on the agenda of most high school graduates. Some of these prospective wage earners will be filling out job applications and interviewed for the first time.

Tips for job-hunting teen-agers, both graduates and those planning to return to school next fall, have been compiled in a report by the Summer Jobs for Teenagers Committee. Some of their suggestions follow.

Where do you start? First of all, a social security number should be acquired. Your school superintendent's office can help you on this.

You may also ask at your school office if any request for summer help has been received. Office personnel may also be able to acquaint you with names of employers who have hired students in the past.

Newspaper ads, friends, neighbors and your family may suggest possibilities to you.

How do you prepare for an application or an interview? Make a list of the abilities that may qualify you for a job, such as physical strength, good grades, pleasant voice, ability to persuade others, particular experience or a knack for a certain subject.

Seek a job that will make the best use of your qualities. On the other hand, you may wish to seek a position that would develop your weak traits.

Ask two or three adults, not relatives, if it would be permissible to give their names as references, getting full name, title and address of each person. Three possibilities: minister, school teacher, former employers.

In the event you will be interviewed, have prepared an information sheet, in ink or typewritten, to hand to the prospective employer. Besides listing your name, address and telephone number, also include the school you attended and the grade completed, general grade average, subjects in which you get best grades and in which you are most interested, and work experience and references.

Telephone or write the business to which you will apply to learn the name of the person you should see. If necessary, make an appointment.

How do you make application? Be prompt. Dress neatly and appropriately—then forget about your appearance and concentrate on what is being said. Do not take along a friend for moral support, the report emphasizes.

If offered a job, make certain you understand when you will start and what clothes and tools are required.

What are the laws that regulate your employment? Department of Industrial Relations of the State of Ohio publishes a booklet that contains information on job eligibility requirements, prohibited jobs, working hours and helpful hints.

What are the job possibilities? Both the Teenagers Committee and the Columbus Urban League are focusing applicants' attentions toward the small neighborhood businesses such as soda fountains, building contractors, summer camps.

Clerks, typists and stenographers are needed in all types of civil service employment, according to Andrew Freeman, executive director of the Urban League.

First appearances are important to an employer. Put your best foot forward—and good hunting.

SCOUTERS RECOGNIZED

Displaying their awards are (seated), from left, Mrs. June Madden, 985 Racine-av, denmother of Pack 181, Hillcrest Baptist Church, two years with special training; Arthur Beaird, 1399 Shady-ln, adviser, Post 23, Westgate Methodist Church, 10 year service pin and scouter's key; (standing) Vernon Sanford, 144 S. Plan Summer Program

A committee meeting was held by Pack 21, May 25, at which the entire program for the summer was planned.

On June 18 there will be a picnic and square dance at Westgate's closed shelter house. This will be a pot-luck.

On July 16 a wiener roast will be held at Southview Park; Aug. 20 is the date set for a family picnic at Westgate.

Two new den mothers and a new committeeman have been added by Pack 21. They are Mrs. White, Den 6, and Mrs. Hessler, Den 1. Robert Harmon is the new committee member.

Several dens will hold den meetings every other week through the summer months.

Sea Squadron Ceremonies

A first-hand view of the honor ceremonies of an Air Explorer squadron was gained Monday night by Jack Sanford and Advisor Joe Harlan, of Post 29. They were on hand for the court of awards, given by Squadrons 500 and 501, sponsored by the North American Management Club. A report of the impressive ceremonies will be delivered at the post's next meeting.

Win Band Contest

"Musical Hoedown" was the Cub Scout theme this month, and Pack 248 went all out to exemplify it. A rhythm band contest was the most important feature of the May 25 meeting. It was won by Den 4, singing and playing "She'll Be Coming 'Round the Mountain" on improvised instruments. Their prize was free tickets to the circus coming soon to Grove City.

Receiving awards were Sherman Griffith, Bear; Milton Jones, Bear, gold and silver arrowhead, assistant denner bar; Melvin Jones, Bear, gold and silver arrowhead, denner bar; David Bright, Bear, assistant denner bar; Kenny Kiefer, denner bar; Joe Barton, Scout-O-Rama neckerchief slide.

Billy Hicks was presented a neckerchief, slide and a trophy for being outstanding salesman this year.

SWIFT SAILOR—Paul Ward, vocal music teacher at Central High School, knows his ropes when aboard ship. He is shown above holding tight the tiller of his "Little Lady," the ship he sailed to victory in every race he entered one summer on Chesapeake Bay.

Central Choir Director Ward Recalls Days At Ships Helm

By Nan Long

"Ready about!"
"Hard a lee!"
"Flatten the jibsail."

These commands may be foreign code to Buckeyes who speak in terms of corn land and factories, but to Paul Ward, Central's choirmaster, this salty jargon recalls pleasant hours at the helm of a trim, swift ship.

Pirates on a civic-centered river yet to see a sail, few Central High citizens have grown up with the love of full-blown canvas and a tiller such as possessed Paul Ward.

While still in junior high at Gallipolis, he bought his first boat—a canoe. But this wasn't an ordinary canoe. She was an eighteen-footer with a lateen-rigged sail!

From his home port, Captain Ward sailed many a merry course up and down the Ohio in his brave, if rather top-heavy canoe. As he recalls: "She was upside down in the water as often as she was topside up!"

River Trip by Canoe

While a freshman in high school, Paul Ward and a shipmate sailed and paddled the canoe on a three-weeks trip up the Ohio, camping out at night, from Cincinnati to Pittsburgh truly a man-sized task.

To return, they merely paddled to mid-stream, hoisted the canoe onto an oil barge and hitch-hiked the rest of the way home to Gallipolis.

Ward's first chance for salt-water sailing came with a teaching job in Baltimore. He had learned basic navigation, and boat handling on Lake Erie, and was ready to try the real thing.

So he did, in a $75 Snipe. (That's a kind of boat!) He shined her up, won some races, then sold her for $175.

Soon he sunk $200 into a Hampton. Again he lovingly brought an old ship to life, painting here, polishing there; then sold her and bought another.

This went on for a series of six air boats, and each time his Yankee shrewdness paid off. At last, he bought his queen of ships; "The Little Lady."

"A two-sleeper Delta," she was," he remembers fondly. "A real jewel," the Little Lady was 21 feet of grace and beauty from bow to stern.

"Little Lady" Top Racer

"One summer she entered her in every race on the Chesapeake. She had the lowest rating of all the ships entered, but we went ahead and won all the races, first to finish in two." The Little Lady's captain is still proud. (It's possible to win a boat race and not finish first, believe it or not; it's all in the rating.

The days of the Little Lady were numbered as the Ward family ship. Captain Ward feared he soon would be forced to dive into the blue Chesapeake after his eight-year-old son.

Practically land-locked in Columbus, Ward no longer sails. Why? "Sailing around here is just like sailing in a bath tub!"

But, wrapped up as he is in choirs and musical comedies, Paul Ward has not forgotten the sea. Eagerly he tells of plotting a course on a fog-bound bay. His eyes gleam as he checks a girl's way of tying a bowline; then grows strangely gentle as he reminisces of his own "Little Lady."

CONGRATULATIONS TO THE GRADUATES

Congratulation are in order for the 1959 graduates who will soon leave area schools.

They have mastered the problems of life that, at their age, are equal to any that they will meet later on.

The graduates have proved that they can study and learn as well as cooperate with other people. The next and biggest task is to prove that they can apply what they have gained in school to lead to a successful life.

While opportunities for graduates exist, they must be found and exploited by each person seeking to do his best in daily living. We see no reason for pessimism on the part of graduates, but nothing is to be gained by ignoring the stern facts that confront modern civilization.

Hartley Newspapers join with the residents of the area in recognizing the achievement of the graduating seniors. Congratulations to the people who have earned the diplomas they will receive.

The best-known citizen of Amherst was Frank H. Hitchcock, Postmaster-General under President Taft.

BIBLE COMMENTS

World Needs Many Pauls To Carry Gospel Message

Contrasted with ease of movement in our jet-propelled age, the travels of the early Christians are remarkable because of their difficulty, if for no other reason.

Consider Paul: among the ancient travelers, one of the greatest and most intrepid undoubtedly was this Apostle.

Though we can trace much of Paul's journeyings, the exact number of miles would be difficult to calculate because of the very vagaries of travel in that ancient time.

Other than the vivid account of his sea journey and shipwreck in the Acts, we are left to speculation: did he travel on foot, on horseback, by camel? Or did he often travel in a caravan with other travelers as on the famous journey to Damacus, when he saw the vision that transformed his life?

The important thing is not "how?," of course, but "why?".

The "why" is the purpose, the Gospel urge that sent Paul from place to place, and that brought him through Asia Minor to Europe as the first great missionary to give Christianity its world-wide heritage of truth and grace.

His task is unfinished, even in the Middle East where his greatest achievements were made.

Memorial Day Last Chance For Norwood Fun Special

Here's your last call to insure a fun-filled summer.

The fabulous offer of the Hartley Newspapers of a 40 percent reduction in price for rides and amusements at Norwood's Amusement Park ends Memorial Day.

Columbus families who haven't picked up their special ticket books for three dollars from one of the Hartley Newspaper offices by then are out of luck.

The valuable ticket books contain tickets worth five dollars on any ride or the miniature golf course at Norwood's, popular East Side amusement center. The tickets will be honored all summer.

Norwood's, at 2025 E. Main-st., offers more than a dozen and a half rides for all ages, including a special section for the younger set, old standbys like the Ferris wheel, carrousel, and Dodgems, and the thrilling Sky Ride.

A special feature of Norwood's this summer is a completely rebuilt miniature golf course which has been chosen to conduct a summer tournament to select a Columbus champion to compete in the second annual International Miniature Golf Tournament Sept. 12 and 13 in Asbury Park, N. J.

Winner of the local tournament will receive an expense-paid tour to compete in the finals, while a clock radio awaits the second place finisher.

A junior tournament for persons under 16 will also be held, with a Schwinn bicycle and transistor radio being awarded being awarded to the first and second place finishers.

Remember, get your order to the Hartley Newspaper offices at 2465 W. Broad-st or 1542 Parsons-av before Saturday for summer fun.

HOW MUCH WOULD YOU STEAL IF YOU HAD THE CHANCE?

Shocked at the thought? Then learn how honest, everyday men and women are stealing years of life from others in highway traffic accidents.

Every day, scores of men and women get into their cars, drive off—and end up with the brutal knowledge that they killed someone in a highway traffic accident!

Chances are, not one of those people would deliberately disobey a "No Trespassing" sign—or open a door marked "No Admittance."

Yet these same honest people consciously ignore stop-signs—and refuse to observe posted speed limits.

The almost unbelievable result is that, this year alone, nearly 42,000 men, women—and children—*will be crushed, broken and killed in traffic accidents*, according to the present mounting rate!

Is there any way to stop it? Yes.

FIRST—Drive safely and courteously yourself. Observe speed limits and warning signs.
Where traffic laws are obeyed, deaths go DOWN!

SECOND—Insist on strict enforcement of all traffic laws. Traffic regulations work *for* you, not against you.
Where traffic laws are strictly enforced, deaths go DOWN!

THIRD—Work through your church, PTA or civic group for more policing where needed, better street lights and signals, safe school safety program.
Where people work actively for safety, deaths go DOWN!

FOURTH—Call on your local or state safety council for help in promoting better laws and uniform enforcement.
Where everyone understands the law, deaths go DOWN!

In city after city, day after day, it's been proved over and over again—

WHERE TRAFFIC LAWS ARE OBEYED – DEATHS GO DOWN!

'Toned-Down' Award Program Slated At West

Athletic award presentations at West High School will come in for a less lavish treatment this year than in previous pro-

The annual event has been slated for June 1 in the school auditorium beginning at 7:30 p.m. A total of 138 awards are slated to be handed out.

In previous years, the program entailed an elaborate banquet. This year the dinner part of the affair has been cancelled. School officials labeled it as "too expensive."

George Williams, athletic director and former West coach, will emcee the event. Darrow will announce the welcome to parents and team members and introduce the school's mentors and seniors.

A talk on eligibility and awards will be given by Bill Schmitter, head coach. The 1956 Olympic games will be reviewed on film.

OSU extension specialists recommend buying "classic" undated styles to help stretch the clothing dollar. The "latest" fashion may quickly be old-fashioned.

Congratulations are in order for Rufus Glass, head track and cross-country coach at West High for the past several years, who has been elected vice-president of the Ohio High School Track Coaches association . . . in complete charge of the Central District.

The association has one president for the entire state and then its "veeps" are elected, one from each of the group's six districts, to be in charge of that area for the year, especially in the State Meet. They also have responsibility for that District's annual track coaches' clinic. It's a position to be proud of, but as Glass so aptly put it, "One wonders about the honor as all the work and sweat piles up over the year?"

Rufus Glass

Glass is also one of a committee designated by the state athletic group to study ways and means of cutting down the ever increasing stack of entrants making the state track meet each spring. They hope to sift out many who should not be making a state championship based on their performance without losing any really fine and deserving performers.

Central had all their baseball games rained out last week so have makeups this week (the season was to have ended last week) with Linden McKinley, North and South. If Central should happen to take Linden in their makeup game Monday (last) game, it gives the city title to West on a platter . . . if West can take Linden then.

Gray Makes Mark

Gray took a fifth in the broad jump for the Pirates' lone tally in the recent State Track Meet at OSU. They finished fourth in the city championships, with 29 points, garnered by: McGee, a second in the high hurdles, and Penick a fifth in the same event. In the low hurdles it again was Penick and McGee with a third and fifth respectively. They finished in the same spots in the 100 and Gray had a fourth in the same event and he also took a fourth in the 220. Moxley finished fourth in the 440; Central took a third in the mile relay; Gray took the broad jump with Rutledge taking the third in the event; and Jackson's third in the high jump, finishing their scoring.

The Bucs' golf squad didn't fare too well this year finishing with an 0-7 record . . . last in the league and the district.

Special congratulations to Gary Jewell . . . this year's Agonis Scholarship Award winner from Central; to Richard Norris, Franklin Heights, both fine student-athletes. And to Fred Ash as West High's winner for 1958-59. Fred, a January graduate, was a National Honor student as well as a fine athlete.

West finished third in their Monday golf league with a 5-2 mark . . . behind Arlington's 7-0 and Linden's 6-1.

Hilltonia Junior High had themselves a pretty fair week baseball-wise last week, dumping Upper Arlington, 9-8, and Starling, 8-5. They have two games remaining — one with arch area rival, West.

Starling blew hot and cold all week. Besides their spanking by Hilltonia, they (Bill Webb in particular) tossed a no-hitter at George Beery in a 11-2 romp. Beery scored their two tallies on two errors.

Hilltonia's 10-hit attack against Starling was paced by Dick Neely's two doubles and John McKinney's three for three. In a third contest last week Hilltonia found itself on the short end of a 10-9 score against Roosevelt.

Central is currently fourth in the city league baseball race with a 6-4 record. Their overall record to date is an even .500 10-5.

Central's reserve track squad finished fourth in the City Reserve Track Meet last Thursday at Central with 19½ points. Scoring the markers for the junior Pirates were: Harmon with a second in the 100; Hildreth a fourth in the mile; coming back for a fifth in the 880. Harmon again copped a third in the 220; Central took a third in the mile relay; Foster a third in the high jump; and Harmon wound things up with a third in the broad jump.

Babe Ruths Prepare

Camp Chase American Legion Post is getting its summer baseball program under way in a flurry of activity. The 18 Babe Ruth squad members (five each per requirements of 13-14-15 year olds) are receiving their uniforms tonight. They will have their first practice game this Sunday afternoon at 2 on the West High baseball diamond against the Eastside Builders . another Babe Ruth squad from another league.

Their post Legion team's 16 squad members are just about selected, mostly from the present West High squad, minus their seniors. This year's team manager, as announced by the post's athletic director Ray McVay, will be Bill Haire. They will probably hold their first practice and meeting this Saturday.

St. Agnes' athletic program, until their Little League-Southwestern League openers on June 15, is currently comprised for the most part of practices and cut-sessions. Practicing anywhere from 2-4 (weather permitting) times a week, their coaches have the tough task of slicing down to two 15-man teams from about 80 applicants. The 50 "left-overs" will comprise several Mosquito League teams sponsored by the church

• • • •

To bolster their summer athletic . . . and year-round . . . program, the St. Mary Magdalene Athletic Association is sponsoring a big Decoration Day holiday dance this Friday evening, 9 to 12, in the church hall. Music provided by the Stardusters, free refreshments and open to the public round out the details.

On June 6 the group is giving a banquet to honor the 16 original founders of the Association. Hope to have more details next week.

The 3C Lanes are quickly swinging into their summer leagues. A men's double tournament (handicappers) was organized this week for Monday night sessions for the next several weeks. Mixed double loops are being formed on Tuesday-Wednesday - Friday nights, with some openings for teams on Thursday evenings for the summer.

In dart ball competition, Hilltonia EUB won the first round and then bested Ohio av. (second round winner) two of three for the loop championship. The first game of the play-offs went to Ohio, 14-2, but Hilltonia bounced back to take the last two 4-2 and 3-2.

In winter bowling competition Hilltonia came in seventh, but did garner a trophy for highest game score in the league . . . 1053.

West qualified Carl Brown in both hurdles and Jim Prater in both dashes of the City Championships. Prater later went on to qualify and finally wind up second in the high jumb. He finished fifth in the 100 finals. He deliberately quit and walked off the track shortly after starting the 220 finals.

Brown was stricken with a bad throat infection and a very high temperature the day of the finals, so couldn't compete. Phillips seemed to have qualified in the hurdles also on the Thursday, but seemed to let up short of the wire and finished "out of the money."

Koons took a fifth in the 880 and Kern a fourth (poor for him) in the mile. West's 880 relay team took fourth. Their mile relay team took the same position. The totals found West fifth in the City with 11 marks.

'Let's Lasso Linden..!' Is Broncs' Battle Cry

By BOB WILCOX

Come one, come all . . . and back the West Cowboys in their bid for the 1959 City League Baseball title at 4 p.m. today (Wednesday) at Linden.

The game was all set to be played last week, only to be postponed by a "flash" downpour just prior to game time.

The second "miracle" came through to aid the Broncos in their uphill bid for the title, early last week. After Linden had completely mauled Aquinas on Monday, Linden ran into "pole" trouble, geographically. South upset Linden's applecart Tuesday for their second loss; North had inflicted McKinley's first setback. Since Linden's postponements had them playing one less game than West, the Cowboys jumped on top of the heap . . . all alone with a 9-2 record. Linden was 8-2.

Winner Takes All

Linden had two regularly scheduled games last week, plus three makeups. But the weather only allowed them to clear three off the board. Thus they have two this week. Monday night they whipped Central 9-4 to tie the top spot up between them and the Cowboys and set the stage for "winner take all" tonight.

That's why all available Hilltop baseball fans and West students should travel up to Linden today. Something's riding on every pitch of the two evenly matched teams. A strong rooting section sure helps in the real tight spots . . . and there ought to be plenty of those!

Though the home field advantage is present for Linden, it didn't hold up when they met the first time at West. (Linden won 1-0 in the last inning). So the Cowboys hope to turn the tables on the old superstition.

Meanwhile, last week the Cowboys kept their title hopes alive . . . and enabled them to take over first spot undisputed for a while, by dumping Central on Tuesday, 9-2 . . . and then taking North's measure on Friday, 4-2.

Central, defending champ from 1958, started out quite badly this year, losing their first three. Then they picked up and made a pretty good account of themselves. Their loss to West nipped a five-game winning streak for the Pirates.

West scored one in the third and then had three-run fourth and fifth frames and finished up with two in the sixth. The Broncos 13 hit attack was paced by winning hurler Don Uldrick's two singles and a double; a triple and a single by Bob Dean; a walk and two singles by Mike Cantlon; and a single and a double by Bill Biggers. . . . plus single hits by every other starter except Jerry Hummel. Two were doubles by Bob Saint and Bill McLaughlin.

Uldricks struck out five and allowed four walks. He had a no-hitter until the seventh when Central got all three of their safeties. The long lay-off while West had a big inning cooled him off and the Pirates reached him, but he quickly settled down to end the fray. They did manage to score one.

They had already scored their first run in the fifth without the aid of a hit. Two walks and a high popper that dropped into short centerfield as three West men collided while the Pirate run romped home. Central's great hitter, first sacker Howie Lewis, was held hitless. A fine doubleplay, Saint to Cantlon, in the first wrased a walk and got Uldricks off to a flying start.

• • • • •

Their conquest of North was their third (one a practice) over the Polar Bears. West scored two in the third and two more in the sixth to wrap it up. Uldricks gave up four hits, struck out six and walked 4 as his mates collected seven hits.

West's scoring opened as Dean singled, Barnes grounded out, (Dean stole two bases), Saint was safe on a bobble by the third sacker and then stole second, Cantlon walked and later stole third, Uldricks singled.

In the sixth, Biggers singled, as did Terry Briggs, Hummel sacrificed them along, and they came home on Dean's single. The Cowboy's hits were collected by Dean (2 singles), Saint, Biggers, Briggs (a double and a single), Hummel and Alder.

North's first run in the second came on a walk and two errors; their second in the sixth came on two singles and another

• • • •

Cowboy batting averages as of May 25: McLaughlin, 8-15-.533; Hartranft, 3-6-.500; Uldricks, 18-41-.439; Dean, 15-46-.326; Cantlon, 14-43-.326; Briggs, 13-43-.310; Saint 17-55-.309; Hummel, 6-20-.300; Barnes, 10-39-.256; Alder, 5-27-.185. Not bad . . . nine over .300, several by quite a ways!

Classes are scheduled for children ages three through seventeen. Special classes for boys and girls three to five years old will be held Tuesday, Wednesday and Thursday mornings. Classes for boys six to eight years old will meet Monday mornings and Friday afternoon.

The pool is open Monday through Friday from 9 a.m. to 9 p.m. Classes are held every day for girls six to twelve years old and are scheduled according to abilities of swimmers. Special groups are organized for junior and senior high school girls.

Adult classes will be held Tuesday and Thursday mornings and Monday through Thursday evening. Beginners classes will start every week.

In addition, the pool is open every day for children for a free swim period and every evening for adults.

Pike Lake Park Camping Area Nearly Doubled

"The allure of Pike Lake State Park in the 7,000-acre Pike State Forest, near Bainbridge, should be more enticing than ever this year because of recent improvements," says W. F. Flickinger, chief, Division of Parks.

A new camping area at the park is twice as large as last year's. It has a water supply, sanitary facilities, picnic tables, outdoor fireplaces and seven electrical outlets for camp trailers.

The small 1958 camp site is now part of an expanded area for picnickers. Other facilities include a small lake for fishing and boating (no motors allowed), housekeeping cabins and a swimming beach which will open Memorial Day.

Ohio ranks second in the nation in production of kitchenware, topped only by Wisconsin.

INSIDE ON THE Outdoors By ROD COCHRAN

Hoover Dam Leads Way In Bass Yield

Hoover Reservoir is stealing honors left and right in the largemouth bass division of the Hartley Newspaper Fishing Derby.

The best entry to date is a three and one-quarter pounder caught by Elzie (Buzz) Orders, 1240 Michigan-av. The bass was 15½ inches in length, and was weighed at Joe's Bait Store at Hoover Reservoir. (See list of all weighing stations elsewhere on this page.)

Right now is the time to go bass fishing — many old-timers consider May the best month of the year to catch bass. The fish still seem to be on their spring feeding spree, and are itching for a battle. They will hit surface lures now, and will really jolt your nervous system with vicious strikes.

Bass are still in shallow water for the most part. Fish for them in water two to six feet deep, and pay special attention to the water around sunken logs, weed patches, large rocks and stumps.

Some fishermen claim that bass are still "schooled up" in May. It is fairly common knowledge that you will find bass in schools before they spawn — and when you find a school you have found some hot and heavy fishing for a while.

To refresh your memory, here is the list of prizes in the largemouth bass division of the Fishing Derby: First—Pflueger Supreme casting reel; Second—Horrocks-Ibbotson banshee casting rod; and Third—Hofmann's lures, a selection of six casting and six spinning baits.

Don't forget the grand award —a week's vacation at a fisherman's paradise, Timberlane Acres, Ontario, Canada. We'll have a report soon on how the fish are biting at scenic Pigeon Lake, location of the resort.

Fishing hasn't been as good everywhere as it has in Ohio this spring. A report from George Smith, who is with the Pflueger tackle company at Akron, tells of a lousy season at Cumberland Lake, Ky., for walleyes. Fishing for walleyes at Cumberland has become famous, and many central Ohioans vacation there in warm weather. The walleye fisherman braves the cold, however, and is usually rewarded with some walleyes weighing ten pounds and up. This year was the exception. The weather cooperated in fine style —plenty of snow and ice freezing in rod guides—but the walleyes were missing.

GREENS FOR SPRINGTIME

Spring greens, pretty and plentiful, are just the thing to pep up winter weary appetites. There are many to choose from at this time of year — endive, escarole, mustard and turnip greens, collards, kale, spinach, water cress, and the ever popular lettuce — leaf, head, Romaine and Bibb.

Few markets offer all of these greens at any one time, and some may never carry a few of them, but there is a wide variety in most stores now. With this variety you can make interesting menus, appealing in color and flavor.

Learn to recognize the less familiar greens:

Kale has dark green leaves that are very crinkled. Leaves do not form a head.

Collard is a headless member of the cabbage family. The leaves are slightly curled on the edge and are bluish-green in color.

Mustard greens are a pungent flavored vegetable with crisp leaves of bright green with a curly edge. Strip the leaves from the stems before cooking.

Water Cress has tiny dark green leaves pleasantly crisp and spicy. May is the peak supply month for this delicate salad item.

Endive has bunchy green heads of tightly curled dark green to white crimp-edged leaves. It has a mild to bitter [illegible].

Escarole has flat lightly curled dark green leaves on the outside, and creamy white leaves in the center. It has a mild to bitter taste.

Bibb lettuce — the royalty of lettuce — has drak green leaves forming a small loose head. Good without dressing, wonderful with!

Select Greens With Care — Look for fresh, crispy leaves with good color for the type. Avoid greens that show blabbiness or limpness in the elaves, yellowish leaves, coarse stems, and those that have excessive dirt. These are signs of waste and poor flavor. The darker the green color the more vitamin A is present.

Pamper these springtime greens with proper storage. To prevent wilting and loss of vitamin C, keep greens, covered, and moist in your refrigerator after buying. Wilted greens may sometimes be crisped in cold water, but the vitamin C which is lost when leaves wilt can never be replaced.

Double Ring Nuptail Ceremony Unites Miss Lois Moran, Mr. Lewis Proper

St. Paul's Evangelical Congregational Church was the scene of the wedding of Miss Lois Ann Moran and Mr. Lewis Marlin Proper. Rev. Fred Cunningham read the double-ring ceremony before an altar decorated with all-white flowers and candle arrangements.

The bride is the daughter of Mr. and Mrs. Glen A. Moran of 450 S. Terrace-av and the bridegroom's parents are Mr. and Mrs. Lawrence A. Proper, 155 S. Southampton-av.

The bridal gown of chantilly lace over satin was designed with a scoop neckline of tiny pearls, long tapering sleeves and a satin cummerbund extending into streamers to the end of the chapel train.

Her fingertip veil of silk illusion was caught by a pearl and iridescent-trimmed crown and she carried a French nosegay of stephanotis surrounded by white net and satin ribbon.

Mrs. Janet Young was matron

They wore pearl and iridescent crowns with circular veils and carried red garnet roses in white bird cages.

Mr. Lowell Proper served as best man for his brother and guests were seated by Mr. Fred Laderer and Mr. Leslie Chesnut.

The new Mrs. Proper was graduated from West High School, attended Capital University, and is associated with First Federal National Bank of Mansfield.

Program Honors Hilltop Librarian

Mrs. Harry Emrick's carefully made plans to record on film for the club scrapbook, Gradale's "special program, with guests," crumpled along with her composure at the last meeting.

She found to her happy surprise, the program was planned for her; guests were friends and associates come to pay her tribute.

Her husband and many close friends were introduced as Mrs. Emrick was reminded of her life as a child, coming to Columbus from Alabama as a young bride, and the busy life she has built on the Hilltop.

She was presented with a scrapbook of events and pictures, and a bracelet, with charm emblems of Camp Fire Girls, DAR, Order of Eastern Star, Bible, mustard seed and Gradale.

Mrs. Emrick, a librarian at Hilltop Branch for the past 15 years, is now on leave of absence from the post.

She has earned a national award for outstanding service as a Camp Fire leader and is also active at Glenwood Methodist Church.

Marjorie Midgley, program chairman, planned the evening with the assistance of Mr. Milo Alford

Officers installed during the evening were Mrs. Joe Wharton, president; Marjorie Midgley, vice-president; Mrs. Robert Jones, recording secretary; Mrs. Milo Alford, corresponding secretary, and Mrs. Henry Jones, treasurer.

". . . YOUR LIFE, FRANCES"—Hilltop Librarian Mrs. Frances Emrick, 233 S. Huron-av, mentor and adviser of Gradale Sorority, was honored by club members at their May meeting with a surprise, "This Is Your Life" program.

AFTER YOUR MERRY OLD LIFE
—WHAT BECOMES OF—
Yes, what becomes of your estate. Well, everyone knows Uncle Sam comes first and the larger the estate the larger the slice percentage-wise he gets. But Uncle Sam is generous, believing in sharing the wealth to the extent of tax free deductions on gifts to the Young Men's Christian Association.
And where could you do better than a gift to the Hilltop "Y" where we make it a business of "making BIG MEN out of small boys."
We need a lot more money to be able to complete our new "Y" building.
Let us tell you how you can help.

Doris Ferrel Elected Camp Fund Officer

Doris Ferrel, 22 N. Burgessav, director of the Franklin County Juvenile Center, has been re-elected secretary-treasurer of the Franklin County Boy's and Girl's Camp Fund Committee. Other officers named to head the 1959 fund drive were David J. Evans, Jr., vice-president of Dollar Federal Savings and Loan Association, chairman, and Gale R. King, 44 E. Broad-st, co-chairman.

Each year the committee raises money to send children, who otherwise would not be able to have this experience, to summer camp.

Franklin County Juvenile Court officials report that few children who have attended this or other camps ever come into the Detention Home as delinquent.

According to Miss Ferrel, goal of the 1959 campaign is 3500, which will allow 350 children to be sent to camp for two weeks this summer. Letters are being sent to potential and past contributors explaining the program and urging their support.

Others who wish to assist the Camp Fund and its program may contact Miss Ferrel at Juvenile Court, 50 E. Mound-st.

Westsider 'Fair', With Car Injury

Michael Wellman, 13 of 21 N. Yale-av, was reported in "fair" condition Tuesday at Mt. Carmel Hospital with head injuries received Friday when he stepped into a moving car.

The accident occurred on Broad-st near Yale during Friday evening's heavy traffic. He is the son of Mr. and Mrs. Herbert Wellman.

Patrolmen Ralph R. Allman and James Gloyd, traffic accident investigators, said the boy and a companion were crossing from the north to south side of road under the B&O underpass.

Westbound cars in the curb and center lanes had stopped for a traffic light and those in the center lane were moving slowly.

Witnesses told the investigators the boys stepped into the path of a moving car in the center lane, driven by Frederick Bluhm, RFD 2, Grove City. He was taken to the hospital by emergency squadmen.

ON MEMORIAL DAY

'Work, Hope, Pray For Peace . . .' Blue Star Mother Urges All

To the Editor:

"Maytime and memories are again with us.

"The sun slants across the rooftops, the summer's breezes move the leaves on the trees, the air is heavy with the perfume of myriads of flowers in bloom. People stirring from a night's sleep, smoke rising from the chimneys in rural areas, the sound of automobiles and other modes of travel break the morning stillness.

"People—and there is no one in the world who does not have some one to remember—are preparing to go to the graves of loved ones to place flowers of remembrance.

"Bands will play; children and soldiers will march, speeches extolling our service people will be made, and when all this is finished,—TAPS—and another Memorial Day will be history.

"Our memories however do not end with Taps. They are constantly with us, for we have received a glorious heritage. But each day brings different problems. The world still has an uncertain peace.

"We must continue to work for, and to hope and pray, that men of all nations will find a common meeting ground and a solution to the world's troubles and pledge a lasting peace to each other. So that we may build a better world in which to live amid the tempests of the changing times and through the years to come—that the sacrifices of our beloved dead shall not have been in vain."

MRS. H. H. Harron,
[illegible]
Past President, Department of Ohio Blue Star Mothers of America, Inc.

Ammonia Fumes Victim Reported 'Fair' In Hospital

A Hilltop woman, hospitalized since last Wednesday with severe throat and lung irritation received when she was trapped in a cloud of ammonia gas, was described as "fair" in St. Anthony's Tuesday.

Mrs. Velma Bradshaw, 39 of 776 Whitethorne-av, was driving down the overpass ramp to Fifth-av Wednesday morning, when her car was enveloped in ammonia fumes escaping from the Davison Chemical Co., 3365 E. Fifth-av.

The gas was produced when a siphon hose from an ammonia rail car to the chemical plant broke.

Three firemen and one police officer, among those sent to the scene of the two-alarm emergency, were treated for minor ammonia irritation and released.

Firemen said the plant violated the safety code by having no employe manning the hose.

Quick action by Columbus and Port Columbus firemen was credited with preventing a major explosion and fire, and confining the fumes close to the plant site.

Franklin County Traffic Census Slated Tuesday

Motorists throughout Franklin County will be asked to join in "T-Day," a one-day origin and destination survey of traffic flow, to be conducted Tuesday, June 2.

Information obtained from the traffic census will be a major factor in determining the location and priority of new and improved highway facilities in this area, J. P. Willison, Columbus Expressway Coordinator, proclaimed.

All motor vehicle owners in the county will receive a postcard questionnaire the day before "T-Day" requesting them to list the trips made on June 2.

No signature or postage will be necessary, officials said. All that is necessary is for motorists to list their trips and drop the card in a mailbox.

The last traffic survey in the county was conducted in 1949, Willison pointed out. The rapid growth in the metropolitan area since then has made the information gathered then obsolete, he said.

The City of Columbus, Franklin County Engineer's Office, State Highway Department and Bureau of Public Roads are cooperating in the forthcoming "T-Day."

Curtain Opens Monday On West Side's Jubilee

West Side residents have a red-letter week in store for them, beginning Monday, June 8. It's Jubilee time again!

A shrill whistle from parade marshal and general chairman Bob Morton will signal the start of a 6:30 p.m. parade, to start the five-day fun festival at Sunshine Park, Sullivant-av and Sandusky-st.

It's the West Side Board of Trade's way of welcoming summer. Members were busy today checking final details to insure a good package of enjoyment for the whole family.

Parade Starts At School

Monday evening's parade will start at Starling Junior High School on Central-av.

• • •

Stirring music by the Columbus Statesmen Drum and Bugle corps, the Alla Babba Shrine band and maybe even an old fashioned calliope, will set the pace. In the spotlight of course will be 20 beautiful girls, all looking to the coveted title of "Queen of the Jubilee."

The Franklin County Mounted Sheriffs will be out in force on their proud steeds, followed by an old time "horseless carriage" or two

The marchers will go north to Broad, travel eastward to McDowell-st and proceed south to Sunshine Park.

Judging Follows Parade

There, in Mardi-Gras like excitement, the queen candidates will change to bathing suits and smile for the judges. Some lucky lass will succeed last year's royal ruler, Janet Kelly, in a crowning ceremony before the crowd. Prizes of $50 and $25 saving bonds and merchandise coupons will go to the top three contenders

Thrill seekers won't be disappointed either. Gooding Amusements has promised to put up 11 rides and 25 side attractions in the park. Budget-minded families will welcome the thousands of special rides tickets being distributed now by West Side merchants. Each ticket, with a dime, will buy a ride for any child under 12.

• Tuesday evening's program will include an 8 p.m exhibition by the judo team of Lockbourne Air Force Base. The airmen will show off their skill at the Oriental art of manly defense

• Crowds are sure to come back Wednesday night to see the versatile "Dogpatchers" from the Gas. Co. The zany quintet, equipped with a variety of homemade and professional musical instruments, will turn out real music and sometimes "noise with a rhythm." The Dogpatchers specialize in the unexpected. Bill Headley, who sings tenor solos and blows a homemade horn that looks like a cross between a bugle and a mountain still, says he never knows what number will be announced for him

Thursday afternoon is the traditional Dutch Uncles' Treat. Literally hundreds of kids, many of them from orphanages, will clutch cotton candy as they thrill to the free rides

Saturday Is Kids' Day

Friday plans are still open but Saturday will be Kids' Day, long a feature of the West Side Board of Trade. Gates to all Gooding rides will swing open from 1 to 5 p.m. at reduced prices for all children under 18. Special rides in Kiddieland, for the real "small fry," will also be reduced in price during the matinee

Free admission to the showgrounds will prevail, as usual, for young and old alike.

HALF-CENTURY OF SERVICE—A generous-sized, black cotton umbrella, received as a gift from local businessmen during their annual social event in 1903, has proved as durable as its doners' goodwill. Mrs. F. M. Wilson carries it for protection from summer sun and winter storms.

Gift Is Good As New 56 'Jubilees' Later

Nothing new under the sun—or in the rain—to see Mrs. F. M. Wilson going busily about her shopping under the sheltering shade of a big black umbrella.

Just as familiar to Westsiders as the annual jubilee and a West Side local businessmen's association. All three have been a part of the community for many, many years.

Mrs. Wilson's late husband won the umbrella for holding a winning ticket in the big community event sponsored by the local businessmen in 1903.

Recalling those days, Mrs. Wilson said, "It was before we were married. He also won a basket of groceries and a five-dollar gold piece that year."

"They used to be held by Avondale Business Association each year on the corner of Broad-st and Rogers-av where the filling station is now. But it was a vacant lot in those days.

"Broad-st would be roped off from Rogers to Hawkes, with only streetcar traffic allowed. A band would play and we would dance in the street—two-steps, waltzes and square dances.

"I remember they were always such fun. There was never any rowdiness—just a wonderful time, and how we did look forward to them each year!"

And the umbrella, showing no signs of wear, is still as new-looking and fresh as Mrs. Wilson's memory of those happy times.

The black cotton cover, still unfrayed, has never been replaced. A new handle was added years ago when the original one came off.

Mrs. Wilson, still living in the house on Hawkes-av her parents bought at the turn of the century, recalls good days and bad in the community. The floods—the first, terrible one, and of course the one last winter, were the worst calamities.

Her husband, a former city councilman, died eight years ago. He was a pattern maker and traveled frequently in his work.

Mrs. Wilson speaks happily of her neighbors. They're wonderful people; such good neighbors," and of the community, "I like the Westside— it's home."

School-Needs Survey Charts Huge City Building Program

Columbus Board of Education, facing the prospect of housing an expected 24 per cent increase in school population within the next few years, took a good, long look at "ways and means," Tuesday.

A comprehensive report on building facilities to fulfill the needs of a school enrollment expected to reach 100,000 within the next seven years, was submitted to the board by Francis Rudy, administrative assistant and Warren Beers of the survey staff.

There are now 76,000 pupils in Columbus Schools.

Recommendations for meeting enrollment increases in western Columbus include on the elementary level, construction of two new buildings and the addition of 21 classrooms, one kindergarten room, and multi-purpose rooms to existing buildings.

Purchase of a site for another elementary which may be needed in the future and expansion of three school sites are included in the program.

Secondary schools' needs in the area will call for ten additional junior high classrooms and purchase of a site for a possible future secondary school building.

The building-needs survey report reveals that Columbus, in order to keep educational facilities to present standard must:

• Build 32 new schools—25 elementary schools containing 289 classrooms and 7 secondary schools with capacities totaling 6350.

• Build additions to at least 11 schools—six elementary additions containing 74 classrooms, and five secondary additions.

HARTLEY NEWSPAPERS WIN NATIONAL HONORS

Three Hartley newspapers figured in four awards presented recently at the annual convention of Accredited Home Newspapers of America held at St. Louis.

First place award for community service was presented to the Hilltop Record-West Side News for its support in the YM-YWCA Development Fund campaign.

The national press association accorded honorable mention laurels in general excellence to the West Rural-Urban News. The Eastern Review received honorable mention in typography.

Columnist Rod Cochran, writer of Inside on the Outdoors, won honorable mention in the best local column division.

C. Carlton Hartley, publisher of Hartley Newspapers, accepted the awards during the convention banquet held at the Coronado Hotel. The banquet was attended by representatives of nearly 200 community newspapers.

Del Bodey, publisher of the Linden News (Columbus), was re-elected to the organization's board of directors.

New Gladden Chief Arrives From California Community

A. M. Wilder

Almaron M. "Al" Wilder took over as executive director of Gladden Community Center this week after bringing his family cross-country from California.

Wilder, who is 30, succeeds Carl H. Bogart as director of the West Side settlement house. Son of a Methodist minister, he was reared in various Mid-Western states. He and his wife Jacquelin have two sons, Mark, 4, and David, 18 months.

From Sept. 1956 until the present, Wilder has served as executive director of El Calvario Community Center, serving El Monte (a community of 100,000 people) outside of Los Angeles. He was also vice-president of the Southern California Federation of Settlements and was chief of staff of eight Presbyterian settlement houses in the Southwest. He is a charter member and past president of the El Monte Breakfast Optimist club.

The Wilders temporarily are living at 2755 Eakin-rd in Westgate Manor. Taking his first look around Monday he said: "I am impressed with the physical plant and program potential of Gladden. I feel that Carl Bogart certainly deserves a lot of credit for the work done here."

Plans Operation Study

The new director added: "Immediate plans for the center call for a re-evaluation of the services offered, with a view toward employing more full-time professionals." During the next few weeks there will be no programmed activities at Gladden while this work is being done, he said.

Wilder received his BA degree in sociology and phychology at Nebraska Wesleyan University and belonged to Phi Kappa Tau fraternity. He earned his Masters of Social Work degree at Oklahoma University.

He served two years as a psychiatric social worker in the Army Medical Corps. After that he was boys' work director two years at a settlement in Kansas City, Mo.

Fate Of Feiser School Site Still Undetermined

City Council action Monday night included referral to the City Planning Commission an option to buy from the Board of Education the site of the former Feiser School at W State and Starling-sts. Councilman William Hicks recommended that no action be taken on the $65,000 option until the city knows how it plans to use the land.

JOINT TRIBUTE SET

Boys Of Dixie Won't Be Forgotten Sunday . . .

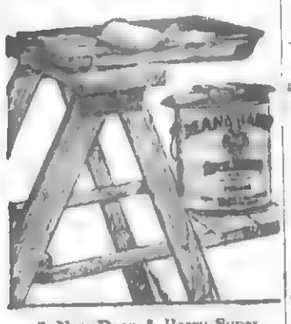
The Blue and Gray, and the red, white and blue of two flags will mingle here Sunday in a unique memorial service that is drawing wider interest every year.

At 2 p.m. the 2260 Confederate soldier dead of Camp Chase cemetery, 2900 Sullivant-av, will be commemorated. The burial ground is the only remnant of a 635-acre Northern prisoner of war camp.

According to historians, many of those buried were victims of a smallpox epidemic which spread among the 8,000 impounded here during the Civil War.

The cemetery, maintained by the Army, has been nationally designated as a suitable place to observe the coming Civil War Centennial. Memorials here are traditionally held on the Sunday nearest the birthday of Jefferson Davis, only president of the Confederacy.

Draper Will Speak



Hilltopper Judge Robert M. Draper will deliver the memorial address Sunday. The judge is a devoted student of Early Americana and is active in the current Lincoln Sesqui-centennial celebration.

Groups to appear at the service include: United Daughters of the Confederacy, the colorful Fife and Drum Corps of Mt. Vernon; battle-uniformed men of the 2nd Kentucky Cavalry (Morgan's Raiders) and the 2nd Ohio Voluntary Infantry; Sons and Daughters of Union Veter-

Wildlife Division's Plant Of Walleyes At Hoover Showing Up In Catches Now

INSIDE ON THE Outdoors

By ROD COCHRAN

James Hiser, 870 Norwood-st, Columbus, gave the walleye division of the Hartley Newspaper Fishing Derby a boost with his entry of a three pound, four ounce fish caught at Hoover Reservoir The walleye was weighed at Bill's Bait Box, 7034 Sunbury-rd.

Walleyes have caused quite a stir in these parts ever since they started showing up on Hoover stringers. The Ohio Division of Wildlife first stocked Hoover with walleye fry (newly hatched fish) in 1955 with an initial plant of more than three million fish. Since then about 11½ million more walleye fry have been planted in Hoover by the state.

Entries in the Hartley Fishing Derby indicate that Hoover is now a walleye bonanza. Most successful fishermen are taking them on nightcrawlers at this time of year. Later on, minnows will be effective.

Good Spots Identified

The usual practice is to drift until a walleye is caught, then anchor the boat over the spot. Good places to fish are along the east short in about eight to ten feet of water. Two hot-spots reported by fishermen are across the lake from Red Bank-rd, and across from the high bank that is just south of the second bridge.

It is not difficult to tell where walleye are hitting. On weekends especially, you will see boats congregated at different locations where fishermen are hauling in walleyes. Most anglers fish for them near the bottom.

The walleye division of the Fishing Derby is loaded with prizes—here they are: First—Airex Eldorado reel and 200 yards of Sunset Coral King spinning line; second—Airex Air-Glass casting rod; and third—Tapatco life preserver boat cushion and 100 yards of Cortland Heart-O-Gold casting line. The Derby Grand Award is a week's vacation at Timberland Acres fishing resort in Ontario, Canada.

Due to fisherman demand more weighing stations are being opened for the Hartley Newspaper Fishing Derby. This is being done to make it easy for everyone to enter the derby. Watch for the new stations in the weekly list of weighing stations on this page.

Walleyes aren't the only fish hitting at Hoover Dam, according to Phil McGinnis, 640 S. 18th. The old bass maestro forsook his favorite Scioto River last weekend for the largemouth fishing at Hoover. The results were as expected—several fish were taken and one bass went to four pounds. Phil used artificial beat to catch his bass.

HARTLEY NEWSPAPERS 1959 FISHING DERBY

Contest ends Sept. 7, 1959 Many fine prizes will be awarded for outstanding catches. Classes include—smallmouth bass, largemouths, walleye, crappie, bluegill, catfish and carp.

During the past year, money from car washes and fruit cake sales was used to buy two record players for the Columbus State Hospital, add to its record collection, helped a Scout troop give a Christmas party at the State School and secured a meeting place for the Scouts, Campbell said.

JUBILEE PLANNERS ARE BUSY

WORKING COMMITTEE—Here's part of the group of West Siders working on the 1959 edition of the West Side Jubilee, June 6-13 at Sunshine Park. Seated, from left, are Phil Faulkner, Emmett Seely, Bob Morton, chairman, and Homer Johnson. Standing, Al Lindman, Sam Alford, Mel Dodge, Mrs. Billie Mulholland, Bob Miller and Chic Carl.

PENNANT BEARERS—West Broad Elementary School was the first school to which the Hilltop YMCA Gra-Y pennant was awarded. Since the start of the program, Westgate has won the standard twice and tied once with West Broad. The award signifies that the Gra-Y youth in the school have been selected as Club-of-the-Month. At the close of the school year, the club accumulating the greatest number of points will receive a rotating plaque in recognition of being named Club-of-the-Year. West Broad Principal Forest Rader, left, and Bert Korte, "Y" staffer, look over the pennant while Gra-Y officers, left to right, Larry Culp, John Grashel, Dan Dent, Darrel Rohrer, John Sines and Norm Parrish, look on.

Hilltop Gra-Y Program Initiates School Club-Of-Month Award

Something new has been added to the Hilltop YMCA Gra-Y program during the past year.

For the first time since its inception in the area, a council has been formed to discuss various items of importance to the total Gra-Y operation.

Schools participating in the program are Binns, Highland, John Burroughs, Lindbergh, Valleyview, West Broad, Westgate and West Mound. Officers from each school form the council and gather once each month at the Hilltop YMCA.

"Gra-Y is essentially a service club of fourth through sixth grade boys," explained Bert Korte, advisor of the total program.

Out of the earlier monthly discussions came the formation of standards for the group's Club-of-the-Month Award. Requirements for the selection include regular attendance and payment of dues at weekly meetings, church attendance, participation in Gra-Y activities and in the World Service Taffy Sale.

One of the interesting and encouraging aspects of the success of the program, Korte pointed out, has been the increase in attendance at church and Sunday School. "Some boys who had been irregular in attendance have begun to attend regularly," the advisor noted. "Still others who had no church home have been encouraged to attend."

Youth To Hold Month Crusade

Christ for Youth will conduct a month-long crusade at the Church of God, 286 Belvidere-av, starting Thursday, June 4, 7:30 p.m.

Memorial service planners have asked parents near the Camp Chase Cemetery to urge their children to respect the solemn occasion. Some have complained of youngsters walking walls and shouting, during the ceremony.

Harold O. Parks, 214 S. Glanwood-av, cemetery caretaker, observes that visiting youngsters always want to see the graves of Morgan's Men (who were the greatest terror to Ohio since the Indian Wars) and of the Texas Rangers, now immortalized by books and films.

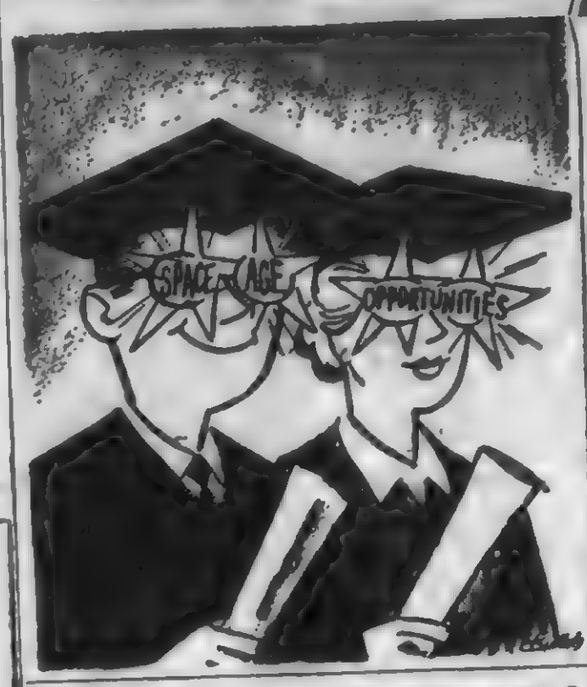
CAUGHT IN THE SQUEEZE

One of the homespun virtues of America has been to work and save. Even though a man knew he couldn't take it with him, he could hope to provide for his wife and children after he was gone.

But inflation has turned this virtue into a mockery. Americans who have worked hard and lived carefully find now that the value has been sapped from the hard-earned dollars they put aside.



Inflation squeezes value from a dollar like a clenched fist squeezes water from a sponge. But the dollar feels no pain; it is people who are hurt.

And the squeeze clamps hardest on people with a limited supply of dollars and no ready way to get more—widows living on life insurance, retired workers living on pensions, employed workers living on salaries.

Yet inflation is not inevitable. It is caused by our own actions and can be cured by our own actions. A major cause of inflation is heavy government spending and debt—caused by our demands on government. We can remove this cause of inflation by stopping our demands for government handouts and by demanding government economy instead.

For the last few months more and more citizens have been writing Congress saying they want less government aid so that the dollars they earn and save will be worth more. A few more letters to Congress may turn the tide against inflation.

BIBLE COMMENTS

Luke's Gospel Is Treasure To Christians

If Saint Luke had written only the gospel that bears his name, with its account of the parables and other, vivid details of the life and ministry of Jesus, he would have left to the Christian world a glorious heritage.

But he followed his gospel with the Books of Acts, the story of Christian beginning and the spread of Christianity.

In Luke's writings, what stands out is the reality of the message of salvation through the love and grace of God.

Outstanding, of course, is the parable of the prodigal son. It is enforced by the parables of lost things; the lost sheep, and the woman's lost piece of silver.

There is little, if anything, about controversial issues, which have so large a place in the Pauline epistles.

Concerning Luke himself, we know little that is a matter of record. We know he was a physician, and a Gentile. Various New Testament references make those facts plain.

That he may have studied medicine in Tarsus, Paul's home; that he may have been a slave (at that time, physicians were often slaves in great households)—those things and many others are conjectural.

But what we do know, without doubt, is that Luke told for us in parable the simplest, most direct and concrete facts of the loving father of God.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK LOOK FOR . . .

•Fruits — strawberries, lemons, pineapple, canned applesauce.

Vegetables — asparagus, celery, greenhouse tomatoes, leaf lettuce, green beans, frozen limas.

Protein Foods—fryers, smoked picnics, shoulder cuts of beef, eggs, cheese.

STRAWBERRY SHORTCAKE TIME!

Do you like the strawberries for your shortcake right out of the patch? If so, you can buy that kind of berries at food markets and roadside stands this week.

Local growers are picking now, and they say more berries will come to market in the next week or ten days if the weather is favorable. Most of these locally grown strawberries will be gone by Mid-June, according to producers' time table. After that the supply will dwindle and prices increase.

It's true, we can have good strawberries out-of-season these days. Rapid transportation and modern refrigeration methods have made it possible for us to have berries since January from the Southern states. But the locally-grown berries usually have something extra in flavor. They get ripe on the vine, since growers don't have to ship them far.

Selecting at the Market

Look for fresh, clean, bright red berries with green caps . . . ones with no white spots or green tips. A glossy appearance means they are freshly picked. Remember that large size and good flavor are not always companions.

Large berries may have excellent flavor, or they may not. Small berries often have the better flavor. If you plan to serve them whole, and eye-appeal is important, big berries may be the better choice. If you want to slice, crush, or make preserves for the berries, the small ones may be best.

Proper Home Care Important

Ripe berries should be used soon after purchasing. They keep best if you roll them into a shallow pan and cover lightly with waxed paper in the refrigerator.

Wash gently in running water, remove caps when you're ready to use them. Strawberries lose vitamins, and become water logged if they stand in water.

Does it pay to make preserves or freeze strawberries at home? — There is no one answer to this question. Consider these factors before deciding whether to make preserves or freeze strawberries at home:

- Family satisfaction from this do-it-yourself project.
- Amount of time and labor involved.
- Skill you have or would enjoy acquiring.
- Flavor and texture of the finished as compared to a similar commercial product.
- Amount of storage space available.
- Cost of doing this at home as compared to cost of the purchased item.

If deciding whether to make strawberry preserves on the basis of cost, determine total cost at which ingredients and supplies can be purchased for your recipe. Compare this cost with the price you may pay for the quality of preserves that you buy.

To determine cost comparison for frozen strawberries, compare cost of fresh berries and other ingredients and supplies with the average price of the same quality commercially frozen.

A quart of fresh berries will yield about one and one-half pints of frozen berries.

West Junior High track squad, in their last season as-such (won't be any West Jr. after this June), had a pretty good season as they finished with a record of six wins, five losses and a tie.

They finished fourth in the City Prelims (or their sectional meet) and seventh in the City Junior High meet. This isn't too bad either—as there are far more junior high-ers in town than senior.

The team this spring was coached by Mike Willson, who was doing his student teaching from State. Mike, incidentally, is the son of Brad Willson, former Dispatch sports editor, and now a resident of Florida.

West's season record follows: (West score first) Crestview 50-33; Everett 45-61; Hilltonia, Champion, 40-24½-39½; Roosevelt, Indianola, 28-50-32; Eastmoor, Hilltonia, 33-½-50-33-½; Mohawk, Hilltonia, 42-20-42; Barrett 37-44; Hilltonia 35-47.

In the city championships, Dave Smith was upset, and had to settle for a second in the 880 or half-mile. Dennis Carpenter took a second in the shot put. Both Lew Coles, 440, and Buford Upperman, low hurdles, took fifths. The latter are only eighth graders. Smith and Carpenter should help the Cowboy varsity next spring.

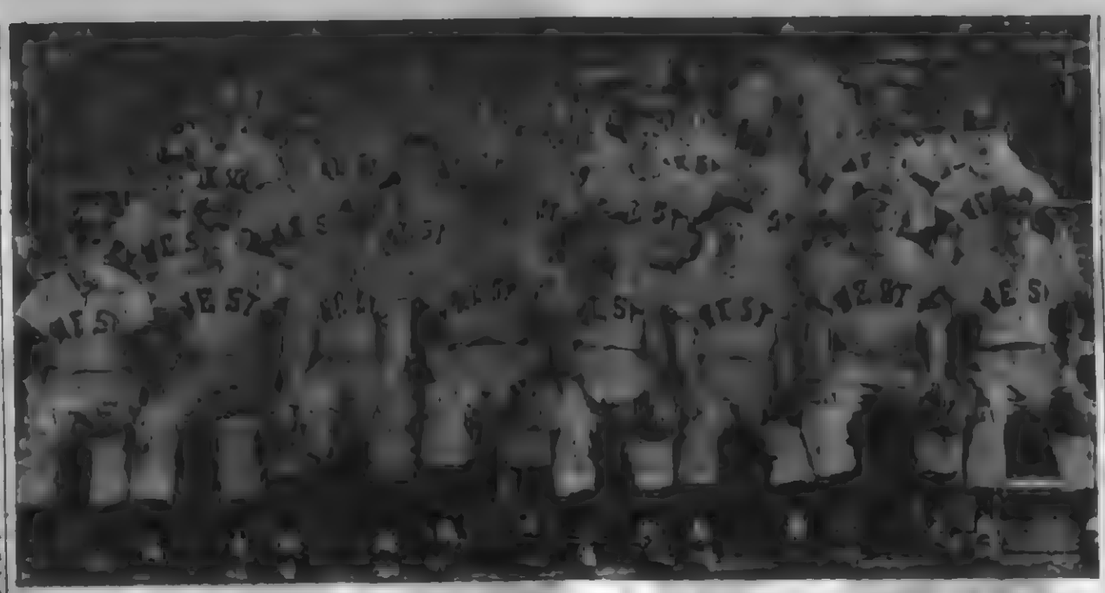
Coles, though only fifth, broke the city junior high record in the 440 as all four men ahead of him also broke the record in a very fast 440 race in the city finals. Over the season Coles led all West scorers with 29½ points, followed by Smith with 22, Carpenter, 63, Brewer, 42, Upperman, 42, and Burden, 10.

West Junior High baseballers nipped Starling, 3-2, in their only encounter last week. They finish up against arch rival Hilltonia, there, this week. Glen Rohrer won his first assignment as a pitcher for West. He was opposed by a 'lad' with a famous Columbus name . . . a younger member of the Cassady family.

		R.	H.	E.
Starling	001 001	2	5	5
West	000 21x	3	9	3

Batteries: Cassady and Postal; Rohrer and Shanfmaker.

In Starling's other engagement they took Barrett to the cleaners, 12-5, highlighted by all-around good play by the Starling crew. Incidentally, Bill Gray hit a home run off Rohrer against West.



Hillcrest Lanes have their summer leagues in full swing and are completely filled up. Saturday evening is completely set aside for open bowling; there is a little such time each night . . . maybe six alleys for an hour, etc.

Some final facts and figures on West's baseball city-runnerups: Hartranft 4-7-.571; McLaughlin 8-17-.471; Uldricks 19-44-.432; Hummel 6-32-.367; Biggers 12-36-.333; Cantlon 15-47-.319; Saint 18-58-.310; Dean 15-50-.300; Briggs 13-44-.293; Barnes 10-41-.244; and Alder 5-28-.179. Eight men hitting over .300; three of these over .400 and one over .500 . . . and still only 'runnerups'. Ironic, don't you think?

Cowboys Humbled By Linden Nine; Settle For Runner-up In City Loop

By BOB WILCOX

West's bubble finally burst as Linden-McKinley held the pin last Wednesday afternoon at their ball diamond, and the Cowboys lost their grasp on the City League baseball title for 1959.

After three and one-half innings of very tight ball and a fine pitchers' duel, the bubble, not only burst, but Linden exploded the game wide open.

Three innings later a tired, dejected and completely stunned West squad trudged home bearing a scorebook of bitter figures—Linden 12, West 1. And thus the Broncos were relegated to the not-quite-so-cherished, but still quite proud and honored title of runner-up in the 1959 City loop race.

West started right off to put ace Linden hurler Gerald Farrington on the ropes early, but could never deliver the knockout punch. They put two men on in the first via a walk and a fielders' choice . . . but no score.

They came back in the second with the first hit of the game, a single by West hurler Don Uldricks, and another walk. And though Uldricks got to third, it was again no score as Farrington bore down and struck out the side. Again in the third, one on via a walk, and in the fourth one with their second hit . . . but still no denting of home plate.

Meanwhile Uldricks had retired Linden in order in the first. They got one single in the second and one on an error on shortstop Don Barnes, but likewise were unable to score. But from there on it was all Linden . . . and boy!

They managed two runs in the bottom of the fourth on the two singles, and a big double by their big gun, catcher John Rife, who came home on an error on catcher Terry Briggs.

The Cowboys collected another bingle in the fifth but that was all. And then the flood began as Linden smacked five big runs in their half of the frame. A hit batsman, two walks, two singles and a mighty blast good for a triple by Rife with the bases crammed, coupled with Barne's second bobble and another one by first baseman Mike Cantlon, did the damage.

The Cowboys finally came to life, only far too briefly, in the sixth as they jumped quickly on a cooled Farington for their lone tally. Saint led off with a single and came scampering home on Cantlon's mighty triple. But there the latter 'died' as Farington settled down to strike out two of the next three men.

Linden then added insult to injury with five more runs in the sixth. This final torrent was opened by Cantlon's second error, two singles, two hit batsman, a walk and a double. The latter was again by 'slugger' Rife, clearing loaded bases.

With only one out, Barnes finally replaced Uldricks on the mound and retired two of the next three batters to wind up the scoring parade.

In a somewhat 'sour' farewell to West High athletics, after such a brilliant baseball career for the Westsiders, Uldricks allowed 10 hits, hit three batters, but walked only one man while striking out four. Winning hurler Farington, who naturally got stronger as the game progressed, walked three, allowed five hits and struck out a nice neat 11.

West's 'safeties' were garnered by . . . Saint's single, Cantlon's triple, Uldrick's single and the same for Biggers and Hartranft. Rife was the only man to get any extra bases off West pitching, but he was plenty too many! Offensively he was a one man show.

He collected four for four, eight RBI's and scored twice.

Defensively the show was Farrington. His "high-hard" one had the Cowboys swinging in vain all afternoon . . . and when that didn't click he used a slow-up and wide hook that had the Broncos breaking their backs in early anticipation, in early innings, especially many were not even swinging.

Bill McLaughlin, West's leading hitter with a very fine .533 going into the game, went hitless in his two trips . . . being replaced by pinch-hitter Dan Alder in the seventh. McLaughlin didn't even take the "wood" off his shoulder in the second with men on first and third as he went down on strikes to end the frame.

Second man, Uldricks .400, came through with one.

Dean did make a very pretty play in the second inning to nip a possible Linden uprising. Rife had singled and was on first with only one away. Right fielder Al Kesterson lined a hot smash into Dean's midriff. Stunned, Bob caught it in his glove, held on and threw to first to double Rife.

Cantlon took turns playing hero and goat. He let a pop fly drop and made a bad throw or two, then turned the tables with his triple, scoring West's only run. As West Coach Bill Schmitter said prior to the game "It'll be the team which gets the breaks and capitalizes on them first, that'll win." And so it was.

West All-Sports Program Draws Throng Of Parents

Largest gathering of parents in recent years was on hand to witness the annual West High all-sports program, Monday night at the school auditorium.

Before about 280 people, graduating senior athletes were singled out and thanked by school officials.

Rufus Glass, head track coach made the introductions and George Williams, athletic director, was toastmaster. Robert Darrow, principal, spoke to the parents and explained that the social was held this year instead of a banquet to trim costs. Attendance at past banquets had been disappointing, he said.

Coach Bill Schmitter, head baseball and football coach, outlined the school's newly revised awards system, training rules, and conduct standards.

Special thanks were given to all-sports cheerleaders Sharon Younkin, Judi Robinson, Sandy Badgly, Judy Newkirk, Pam Mobley and Sherri Redman. All coaches were introduced as were John Heskett, equipment manager, and Art Buchanan, eligibility recorder.

Allen Award Given

The Noble Allen award to out-standing sophomore trackman went to Burr Miles. Fred Ash, holder of two baseball, two football, one basketball and several reserve awards and a 3.5 scholastic average was this year's Agonis award winner.

General Mills trophy for the most improved football player of the season was handed to Jim Carter.

Movies of the 1956 Olympic games were shown and refreshments were served in the cafeteria.

• Remodel portions of 27 elementary schools and ten secondary schools.

• Purchase sites for 11 elementary schools and three secondary schools not recommended for construction within the next few years but which may be needed in the future.

• Consider expansion of 18 elementary and seven secondary school sites.

Recommendations for building, remodeling and purchasing new sites for elementary and secondary schools in western Columbus include:

ELEMENTARY SCHOOLS

New elementaries to be constructed in area included an eight-classroom building near the intersection of Sullivant-av and Demorest-rd to meet rapidly increasing enrollments in a growing area.

A new 12-classroom elementary will be needed in the area bounded by W. Broad-st, Sullivant-av, Georgesville-rd and Norton-rd to provide classrooms for pupils from a single dwelling and apartment housing development on land proposed for annnexation.

If the area is not transferred to Columbus School District, funds located for the purpose would be used in other areas in the city.

Fifteen additional classrooms and one kindergarten room need also be added to existing elementaries in the area west of Central-av.

They include an addition of six classrooms, one kindergarten room and a multipurpose room at Lindbergh, opened last fall; four classrooms and a multipurpose room at Valley View and five classrooms and multipurpose rooms to Georgian Heights, now under construction.

Six additional elementary classrooms are expected to be needed in the area between Central-av and the Scioto River.

Additions would be four classrooms at Sullivant School, and a multipurpose room at Dana. The present multipurpose room would be converted to two classrooms.

These additions would house approximately 200 pupils, and include the expected 100 who will reside in 28 new four and five-bedroom units planned by the Metropolitan Housing Authority for Sullivant Gardens.

Miscellaneous remodeling will be needed at John Burroughs, Dana and West Broad Elementaries.

It was also recommended that a site for an elementary school which may be needed in the future be purchased in the area north of Sullivant-av and east of the Mix Addition.

School sites, recommended for expansion because they are too small for their intended use, include Avondale, Chicago and Highland.

SECONDARY SCHOOLS

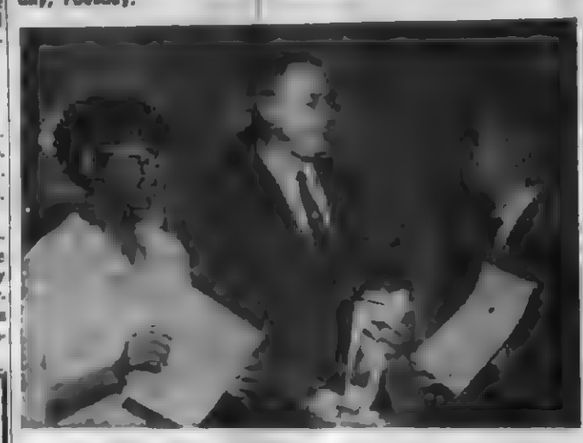
Projected enrollment in junior high grades for the West Senior High School attendance area is expected to exceed 2400 by 1964, and the enrollment in grades ten through 12 will require all available space at West Junior- Senior High School.

It is therefore recommended that funds be provided for an additional ten classrooms to Hilltonia Junior High building, providing a capacity for 400 more students.

A site should also be purchased for a secondary school which may be needed in the future in the area bounded by Sullivant-av, on the north, Hall-rd extended on the south, Demorest-rd on the east and Georgesville-rd on the west.

Plans include miscellaneous remodeling and renovation for Central and West High Schools.

Sequence of planned projects will follow the need determined by enrollments. No estimate of the cost of the recommended program is included in the survey report.



WILL REMODEL DWELLING

Mrs. Stapleton, 238 S. Richardson-av, has been issued a permit to remodel a frame dwelling. Contractor is Bing and Son.

Double-Ring Marriage Ceremony Unites Josephine P. Caito, Don McKay, May 2

—Photo by Green

MRS. DON McKAY

Miss Josephine Caito and Mr. Don McKay exchanged their marriage vows Saturday, May 2, 11 a.m. at St. Aloysius Church. Rev. William Maloney read the double-ring service.

The bride is the daughter of Mrs. Lillie Caito, 27 S. Ogden-av, and the bridegroom's parents are Mr. and Mrs. Harry McKay, 2427 Sullivant-av.

Given in marriage by her brother, Mr. Augustine Caito, the bride chose a Swiss-embroidered organdy gown, designed with a portrait neckline and brief sleeves. The extremely full skirt was fashioned of three, scalloped-edged tiers.

A crown of pearls held her fingertip veil of silk illusion and she carried a white orchid and white stephanotis.

Miss Carol Andreotti served as maid of honor and bridesmaids were Miss Linda Patton, Miss Norma Balzano and Miss Judy Gunning. They were identically gowned in embroidered organdy over taffeta frocks.

The honor attendant wore white over blue and the other attendants, white over aqua, yellow and pink. Matching sheer picture hats completed the ensembles and each carried a bouquet of carnations and roses.

Andrea Lee Caito served as flower girl for her aunt. She wore a pastel orchid, embroidered-organdy frock with matching hat and carried a basket of rose petals.

Mr. Robert McKay served as bestman for his brother and ushers were Mr. Jay Smith, Mr. Jerry Morrison and Mr. Hayden Chapman.

Mrs. Caito chose for her daughter's wedding a gown of dusty rose silk over taffeta with side panel of silk organza and yoke of lace. Her accessories matched the gown.

The bridegroom's mother chose a pastel blue lace sheath over taffeta with matching accessories.

The new Mrs. McKay was graduated from the School of the Brown County Ursulines at St. Martins, and is associated with F and R Lazarus. Mr. McKay attended West High School and is associated with the Columbus Recreation Department.

A reception for 250 guests was held after the ceremony at the home of the bride's mother.

Let's talk about

YOUR WIFE

You and your wife want the best out of life. But you also want to put a "little something" away for emergencies and for the future. And what better way of systematic saving than through the medium of life insurance? Through life insurance, your wife's standard of living can be maintained if you should die prematurely; through life insurance, your retirement years can be financially secure if you survive. And the accumulation of dividends over the years increases the attractiveness of life insurance as an investment for the family.

I'm sure I can be of service. Why not give me a call? You will be under no obligation.

'Community Sewing Circle' Turns Out Beautiful Quilts

"Gift Street Church is gone now and so are many of our members," Mrs. Myra Clippinger speaks a little sadly of the sewing circle's past days. But she always adds, "We have a new meeting place now and other ladies join from time to time."

Community Sewing Circle, organized many years ago at the old Gift Street Methodist Church, is now "transplanted" to Gladden [illegible] and meets there every Thursday.

Busy members of the group find it hard to understand "'Senior Citizens' that don't know what to do with their time.

"Why, we make four or five quilts a year, sometimes make rugs or do other sewing. And we use the money to contribute to charities, fund campaigns and to Gladden's fund for Christmas baskets to the poor."

The group was in danger of disbandment when Gift Street congregation left three years ago to organize the new Brookside Methodist Church.

But members talked with Carl Bogart, director of Gladden, and asked to be allowed to use the center for their weekly meetings. They convene there each Thursday, bringing a sack lunch for their all-day sewing session.

Two of their quilts were displayed at the [illegible] craft show held last Friday at the Center.

Some of the members find advancing years make it a little harder to get around than it used to be. Not all of them are able to attend each week.

But their needles still fashion the tiny, hand stitching that make for truly beautiful quilts.

QUILTING SOCIETY—They're not as common as they used to be, but there is nothing quite like a quilting bee for getting things done, and cementing friendships. [illegible] years ago, the Community Sewing Circle meets each week at Gladden for an all-day quilting session. Members are, grouped around the quilting frame from left, Mrs. Elsie Corson, Mrs. Caroline Machin, Mrs. Ethel Buell, Mrs. Flora Roby, Mrs. Flora Russell, Mrs. Alice Knipfer, Mrs. Grace Hanks, Mrs. Eleanor Shield, Mrs. Grace Salyard, Mrs. Allie Ernest, and Mrs. Myra Clippinger. Mrs. Doris Kuhn, standing at left, is admittedly "a very poor quilter," but is always ready to lend a hand when members need transportation or errands done. Mrs. Florence Machin, not included in the photo, also lends a friendly hand to the group.

In loving remembrance of ROBERT DWIGHT WORTHEN, who gave his life for our country June 7, 1944 in France.

Dear boy of mine, fond memory
Within my heart each day,
Brings thoughts of you,
your cheerful smile;
Your ever kindly way.
Time hastens on, years have
gone by
Since your noble soul took

AFTER YOUR MERRY OLD LIFE
—WHAT BECOMES OF—

Yes, what becomes of your estate. Well, everyone knows Uncle Sam comes first and the larger the estate the larger the slice percentage-wise he gets. But Uncle Sam is generous, believing in sharing the wealth to the extent of tax free deductions on gifts to the Young Men's Christian Association.

And where could you do better than a gift to the Hilltop "Y" where we make it a business of "making BIG MEN out of small boys."

We need a lot more money to be able to complete our new "Y" building.

Let us tell you how you can help.

School's Out For Last Time Today For 1959 Graduates

By Carol Souther

Today was the last day of school for the graduating seniors. They were excused from school at 3:30 p.m.

They will return for a few hours during the next week to rehearse for graduating ceremonies. This year on June 10, West High School will obtain its 271 alumni.

One of the biggest events of the week was the seniors' class will. It seems as though there is an imaginary figure in the class by the name of Homer Brothers. Homer was among those turning in a will. What did Homer will? "I, Homer Brothers, do will to my best enemy and former classmate my knife, my sawed-off shotgun, my gangchains, and my ability to cause trouble."

I hope by the time you read this the yearbooks will be in your possession. This year's editor, Diane Kelsay, and her crew have been working madly to get it to you on time. This year something new has been added to the yearbook. It's called a summer supplement—and it's absolutely free!

The supplement is a 16-page booklet that will fit right into the back of the annual.

It will contain all the spring activities that aren't usually included because the annual goes to press before they happen. The supplement won't go to press until school is out and will include pictures of graduation, the prom and other events.

The supplement will be mailed to homes about the second week in August. Anyone not receiving his supplement may bring his receipt to 220 the first week of school next September.

Homecoming queen Pamela Mobley is a candidate for Maiden of Roses of the Columbus Park of Roses for 1960.

Selection of each girl candidate is made by her own school. The Maiden is determined by a committee of six judges. Her selection is based upon her record of service to school, church and community as well as personality, poise and natural beauty. Good luck, Pam!

COMPLETES HIGH SCHOOL—As starry-eyed as any other high school graduate, Mrs. Kunud Kothari will receive her diploma Wednesday night at Evening High School. Georgian Heights Bus Service Still 'Nil' After 18 Months

Georgian Heights, the community of 500 families annexed to the city about 18 months ago, still has that "detached feeling" as far as bus service is concerned.

That was the way Ernest Gresh, trustee of the Georgian Heights Civic Association responded when he heard that his community wasn't even mentioned in a report to the mayor by Public Utilities Director Floyd Pickens.

The mayor, concerned for those asking that bus lines be extended to Westgate Manor and beyond, asked Pickens for a report. The answer read to council recently gave little hope to the far West Enders.

Calculates $11 Loss Daily

Prefacing his statement with the assurance that his department has given "two years of constant appraisal of the situation" Pickens said: "A very low minimum cost per mile of operating motor buses is 66 cents per mile, and in order to maintain 15-minute interval service into the Westgate Manor area, the additional cost would be $21.12. Based upon the number of riders now using a free Westgate Manor bus, (a Volkswagen) it is estimated that 50 additional passengers would be gained. At 20 cents cash fare the revenue would amount to only $10; therefore the loss per day would be $11.12."

Pickens carried out the figures to a yearly "loss of $4,781" saying the extension of service would call for adding a new bus and two more operators.

The director's letter continued: "There is a ray of hope on the horizon. The logical routing for extension of service is over Eakin-rd to Wedgewood (in the Manor), then north to Sullivant and east to the regular route. I am informed by R. R. Lloyd (builder of Westgate Terrace, between the separated areas) that there is only 500 feet of Eakin-rd that need be develop-

'Largest Ever' Class Eyes Summer School

About 9000 pupils—a record number—are expected to lay aside eight weeks of their summer vacations in order to return to the books when Columbus Public Schools' Summer School opens June 22.

Unparalleled demand for registration blanks at city and county schools has signaled a larger-than-ever enrollment.

One important factor in the popularity of the summer session this year is the addition of special courses in physics and chemistry for the academically talented. These will be held at North High School.

All other senior high school pupils, whether registered for make-up or advanced work, will report to Central High School at 8 a.m. on June 23. Pupils registered from seventh, eighth, or ninth grade classes will report to Mohawk Junior High School at the same time.

Classes will run from one to four hours, depending on whether the student is removing a failure or gaining advanced credit.

Fees for pupils from the Columbus district will be $10 per half unit of advanced credit, $10 per subject for removing a failure, and $20 for a full unit of advanced credit. The fees are doubled for pupils from outside the district.

ROYALTY REIGNS—Selection of a Jubilee queen and court of two was made following Monday night's parade, from a field of 28 candidates. Michele Ryan, center, 269 S. Davis-av, "Miss Sunshine," was chosen as queen. Runners-up were Juanita Cook, 1079 McKinley-av, right, second, and Susan Dyer, left, 548 Sullivant-av, "Miss Buckeye Finance," third. Winners were awarded $50 and $25 savings bonds, and a $10 merchandise certificate, respectively.

Diploma Symbol Of American Warmth To Grad From India

by BETTY DAFT

A tiny, dark-haired beauty from Bombay, India, will cover her sari with a graduation gown, perch the cap above her forehead "chandla" mark and join her classmates in commencement exercises at Columbus Evening High School tonight.

Mrs. Kunud Kothari will receive her diploma after more than two years' study at Evening High (in the Central building.)

Her husband, a psychiatrist at Columbus State Hospital and their son, three-year-old Kiron, will watch with pride from the audience.

With expressive eyes reflecting her changing moods, Mrs. Kothari discusses the happiness her family has found in Columbus and their regret at leaving friends and associations.

Transferring Friday

Dr. Kothari, transferred to Danville State Hospital, Pa., has been waiting for his wife's graduation day to report to his new post. The family will leave Friday.

Mrs. Kothari described the worth of her diploma in a letter addressed to the principal, teachers and students of Evening High:

"I am happy and proud to receive my high school diploma, not only because it is an index of my educational qualifications, but mostly because it is a symbol for me of the warmth and friendliness of you nice people.

"This diploma will remain as one of my proudest possessions for all my life, and will always bring sweet memories of my happy days here and of all you warm and affectionate people."

The Kotharis' life in Columbus has been a happy blending of Indian and American ways.

Clinging closely to the teachings of their religion, Jain, they are strict vegetarians. They also prefer spicy, Indian cooking to American food. The exception is young Kiron's fondness for "Coca-Cola."

Mrs. Kothari dresses only in the graceful sari and wears the symbolic forehead "chandla" or

Letters To The Editor

'Juvenile Department Needs Tools To Defy Delinquency'

"I would like to call your attention to Ordinance No. 747.59, which is now before City Council, and is to be acted upon Monday evening, June 15.

"This ordinance will give the Columbus Juvenile Bureau, Division of Police, the authority to supervise public dances, where juveniles between the ages of 14 and 18 are present. It also provides that juveniles of the same ages will be prohibited from dancing in a public place where alcoholic beverages are either sold or given away.

"As a former teacher, I have been interested in the activities of youngsters the greater part of my life. I have also done much volunteer work with the so-called delinquents.

"I have spent much time and study on the present day problem. I am convinced that Columbus has one of the best Juvenile Departments of Police in the country. I have always found that the best interests of the boys and girls who come under their jurisdiction is their primary concern.

"Columbus is one of the fastest growing cities in the U.S. Our police need to have the authority to cope with this growth. We do not want to foster the organized gangs that now harass such cities as New York, Chicago, etc. We need not have them if the Juvenile Department is given the tools with which to work.

"It is ridiculous to assume that in these days of broken homes that all children have the proper home supervision. The ever-rising percentage of kids in trouble disputes this more than any words that can be written.

"It is my opinion that the boys and girls of our country should be the chief concern of every responsible man and woman in America. And, that those who do not have parents who will assume the responsibility of parenthood, should be even more so our concern.

"I feel that it is the duty of every person who has the interests of youngsters in mind, to let his council members know how he feels about this matter."

Sincerely,
Mrs. Idora Merry

Local Scouts Join 6,000 Others In Trek Through Lincoln Land

By Elsie Weaver

Hiking with thousands of other boys and men along paths where Abraham Lincoln once trod in Kentucky—that was the adventure two Hilltop Boy Scout troops experienced over the recent Memorial Day weekend.

Troops 79 and 23 participated in a rendezvous and a special 12-mile hike over a segment of the Kentucky Lincoln Trail set up as part of the national Lincoln sesquicentennial celebration.

Louisville Scout officials originally had planned for about 2500 Scouts from all over the U.S. But registrations swelled to 3700 a few days before the hike, and with true Southern hospitality they told all units, "Y'all come, registered or not." Over 6000 Scouts and their leaders poured into the Knob Creek area (site of the old Lincoln Farm) from Friday, to early Sunday morning.

Some From Coast

Scouts came from Texas, Iowa, New Jersey and Massachusetts in cars, chartered buses, converted school buses and trucks. On Saturday they set up camp, swapped patches, ate, took pictures, watched champion fly-casters and archers, horsemen, and other demonstrators. At the campfire program they sang and were entertained by the Old Kentucky Barn Dance gang.

Early Sunday morning, after church services, units made the hike, with many boys arriving at the end of the trail at the Lincoln Birthplace Memorial in Hodgenville before some units had left the starting point.

See Tom Lincoln's Grave

A solid single file of hikers wound around and up and down the hills like a thin undulating chain. The hikers visited the grave of Lincoln's father, Thomas Lincoln, which lies in the hills near Knob Creek and has not been seen by many people in the past.

A special medal will be received by each Scout and Scouter completing the hike.

Twenty-eight Scouts and six Scouters from Troop 79, Burgess Avenue EUB Church, made the memorable hike. Fourteen parents, nine of them mothers, and three brothers visited the campsite and met the Scouts at the end of the trail.

Twenty-five Scouts and five Scouters of Troop 23, sponsored by Westgate Methodist Church, attended the huge camporee.

HISTORIC HOUSE—At Abraham Lincoln's boyhood home at Knob Creek, Ky., are these members of Troop 79, Burgess Avenue EUB Church, front, left to right, Hugh Williams, Dennis Westney, Brian Horne, Bill Snedegary back row, same order, Jim Sharkey, Paul Morgan and Jim Houghlin.

SWAP SESSION—Whenever good scouts get together a swapping session is sure to result. Here, scouts from many states trade patches, souvenir neckerchieves, and the like.

TRAIL'S END—Scouts of Troop 23, Westgate Methodist Church, were met by the corners of Columbasite, Mrs. Mearl V. Weaver when they wound up a 12-mile Lincoln hike, near Hodgenville, Ky. Scen, left to right are Jack Zipf, Les Swinford, Scotty Teats, Ken Ken Wolfe, Rick Finke, Jim Morris, John Roman and Roger Meyer, scoutmaster.

KNOB CREEK CAMP—Troop 79 committee chairman Mearl V. Weaver points out the troop's campsite in a meadow at Knob Creek, Ky., where Lincoln romped as a boy. The scout encampment extended for miles along this area.

SOUND AS A DOLLAR

We've all heard the old expression, "As sound as a dollar." However, as a leaflet issued by the Manufacturers Trust Company of New York points out, few of us have asked, "How sound is a dollar?" And the answer, obviously enough, is that the dollar is as sound as our national economy.

So the booklet observes: "Our national economy is sound. But there is no assurance that it will remain that way unless we think and act to make it so. A nation, like a person, must live within its means', or it will soon be in trouble."

There is endless discussion about the federal budget—whether it will be balanced, unbalanced, or whatever. No doubt a great many people think this is a matter far removed from their own milieu, and a problem which can be left to the people in high office whose duty is to deal with great affairs.

But the truth is that the federal budget is of the most direct personal interest to everyone in this country. Deficit spending—which follows unbalanced budgets—is the primary cause of inflation.

So decifit spending—the failure of the nation to live within its means—reduces the value of every dollar you earn, and erodes your life insurance, your retirement pension, and all other savings.

The government is a reflection of the desires of the people. If the people want and demand economical government—government living within its means—and make their wishes known, they will get it. If they want spendthrift government, and a further degraded money, they will get that. These are the only choices. The political spenders will destroy the dollar unless stopped by the voters.

BIBLE COMMENT

That Built With Faith Never Lost

The familiar saying, "the blood of martyrs is the seed of the church," is true to all periods of Christianity, even through the present and on toward the future.

The seed being sown in martyrdoms of today will bear fruit in lands that have virtually blacked out Christianity.

Of recent and bitter memory are the intense persecutions in Communist China. While they have fallen heavily, especially, on the courageous and devoted Maryknoll missionaries, the yokes of persecution have been borne by Protestant and Roman Catholic, alike.

Christian colleges have been disrupted and noble enterprises like that of Yale, in China, which enlisted the voluntary service of many of the finest of college graduates, have had to abandon their work.

Will there be a restoration? From the blood of martyrs will the seed of Christianity receive ultimate nourishment in Red China?

That which is built on faith and courage is never lost. It is not inconceivable that, in the vastness of China, there may come a transformation as remarkable in a positive way as the transformation of that ancient empire, within so brief a time, to a Communist instrument of violence and persecution.

Man counts time in units adapted to his brief span upon this earth, God's measurement of time is on a scale more vast in nature. We might not see the transformation, but the pendulum, in God's good time, will swing away from communism.

Thomas Slates Benefit Dinner

Danny Thomas, television, night club and motion picture performer, will appear in Columbus on Tuesday, June 16 on behalf of the Franklin County Chapter of Aid to Leukemia Stricken American children.

Thomas is founder and active national president of ALSAC.

Bus Service—

Lloyd is awaiting F.H.A. approval and is ready to begin this construction."

The letter has this conclusion which Pickens re-iterated Tuesday: "I can assure you that the extension of service has top priority and will be done as soon at it is feasible."

"As for Georgian Heights," he said, "the extension is definitely out for the time being. The extra mile involved is entirely too costly."

He was referring to the Sullivant Airport between, which was recently sold for development into 400 homes. Pickens conceded these new families would make a big difference "when they come."

'Remove Park Loop'

Gresh, replying to the utilities director's statistics was adamant. "If they straightened out the loop now used by two separate lines around Westgate Park as a turn-around, they would need go only three-tenths of a mile farther to reach us," he declared.

Gresh, who is past president of the Georgian Heights group, pointed out that lines to his area would have the following passenger potential: new residents moving into the Lloyd development, some of the hundreds of guardsmen training at the new armory every week, hundreds of Manor and Heights residents, and a number of workers who would be taken to within walking distance of the Ternstedt plant.

"All we ask is a 30-day trial. Morning and evening service would be better than nothing. A check of the cars that roll out of here during those times would be convincing."

The Georgian Heights spokesman said the late council president, Wesley Llewelyn, as head of the transportation committee "almost had buses out here . . . and the mayor wrote us his support.

"Now we're going to try again . . . the time is ripe."

General Frederick Funston of New Carlisle, Clark County, was known as "Fighting Freddie." He became world famous for the capture of Emilio Aguinaldo, leader of the Philippine revolt.

CONFEDERATE DEAD REMEMBERED

'They Are Americans . . .'

IN MEMORIAM—Sounds of the fife and drum, of musket volleys and of patriotic words filled the usual quiet acre at 2900 Sullivant-av, Sunday—it was the Confederate Memorial service at Camp Chase cemetery. Uniforms of both colors can be seen in united North-South tribute to 2260 men who were buried here while imprisoned during the War Between the States. In the background are rifle squads from the "2nd Kentucky Cavalry" (Morgan's Raiders) and the "2nd Ohio Volunteer Infantry," (Columbus men). In the foreground is the Mt. Vernon Fife and Drum Corps.

ONE FLAG NOW—James Shutt of the "2nd Ohio" and Spurgeon Eckard, 5734 DeSoto-dr, Cincinnati, of the "2nd Kentucky" show that some of differences of a hundred years ago have been resolved.

REPLICAS—Like a page out of the past, these members of the "2nd Ohio Volunteer Infantry" enjoy a chat at the Sunday event. Homer Ball, 2979 Dresden-av, left, helped found the unit two years ago, as part of the North-South Skirmish Association—a group of students of the Civil War. The others are Marianne Ball; Amanda and Elmer Smith, Westerville; Orie Shutt, 810 S. Roosevelt-av, and June Deitinge, 1037 E. Main-st.

Braids A 'Problem'

Her graduation cap and gown will be the first ensemble other than traditional Indian dress she has ever worn. In true feminine fashion, her only concern is "however will I fit the cap over my braids?"

They have incorporated many American customs into their daily life, with young Kiron growing up as a living bond between the two cultures. He is learning to speak in English, and when they finally return to India, will be educated in English schools.

Dr. Kothari earned his medical degree in Bombay, and is studying psychiatry in America under the foreign exchange student program in preparation for practice in his own country.

"There are so few psychiatrists in India they could almost be counted on your fingers," he commented. "It's quite true that there is much less need for psychiatric treatment in my country.

"Differences in the people and their tempo of living is the reason. Here, people are always dissatisfied, always pushing farther ahead, wanting more and more.

"Contentment means happiness.

"But," he continued thoughtfully, "there are two sides. When a people becomes too contented, too satisfied, there is no progress."

"Suaviter in Modo, Fortiter in Re"

—this desk motto of President Eisenhower, meaning, "Gentle in manner, strong in deed," sounds good to us here in the Hilltop YMCA.

Large assemblies of people require discipline and guidance. Our highly trained men, supervising hundreds of boys and young men daily are gentle but firm. They have won great respect and met with amazingly few problems.

This helpful service should mean much to many families and to the community as well. To maintain and expand our year 'round services, we need new sources of income and invite your thoughtful consideration, when making or revising your will.

Miller Hurls No-Hit Game

Gene Miller, 870 Dexter-av, in his role as pitcher for the Westgate Manor Merchants, won a hero's rating one day last week when the Merchants blanked BJK and M, 4 to 0.

Miller pitched a no-hit, no-run game in a contest of the Wednesday Independent's Southview State Hospital league at Southview park. He faced 24 men and struck out 8, walking none. Three errors spoiled his bid for a perfect game, according to a report by Shirley Miller.

Westgate Manor had 4 runs, 6 hits and 3 errors. For BJK and M it was 0, 0, 0.

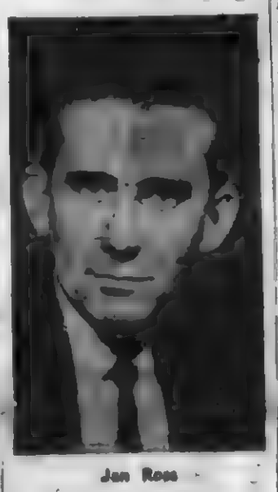
Jan Ross Preps For Big Showing Of Small Cars

The big news in small cars this week is the big formal opening of Jan Ross' International Salon at Broad and Third-sts.

Jan's formal opening, set for this coming Friday and Saturday, June 12 and 13, will be an auto show in itself.

Jan Ross' International Salon peddles 26 different kinds of economy and sports car imports, and is the franchised dealer for 18 different makes.



He's rated one of the biggest small car dealers in these parts—if not the whole of the U.S. His sales and service facilities are second to none, he says.

Renault, Rolls Royce, Peugot, Bentley, Facil, Vega, Peerless, Triumph, Alpha Romeo, Jaguar, Lancia, Morgan (4x4), Citroen Panhard, Isetta, NSU Prinz, BMW, Borgward, Bristol and Damlier Benz are all to be seen at his salesrooms.

Jan has some 50 people working at the international Salon, and more than 100 at his other locations, selling used cars also at 380 E. Broad, 424 E. Broad, 2280 Cleveland-av, and Salon at 257 E. Broad and a wholesale facility in Detroit.

A preview of Jan's big opening comes off Wednesday at a cocktail party for the press, radio, TV and advertising fraternities. This, like the two-day openings, will be anything but an ordinary affair.

Invitations, for example, will be mailed from Paris, France, in cooperation with the makers of the Renault car which is Jan's leading seller.

Jan Ross

The opening ceremonies get underway at 4 p.m. with Mayor Sensenbrenner and other city and state officials participating in a ribbon cutting ceremony.

Ray Cinclone's orchestra will play Friday evening as the big show formally opens.

Old Trail Bowling Lanes has come up with a popular new stunt. It has profited some of the bowlers (approximately 15% of the games in the last two weeks have been free [illegible] this new idea). It is called the "Redheadpin" game. It amounts to this:

One pin out of the two sets in every alley is painted completely red. When that pin appears as the head pin, the bowler notifies the desk and IF he bowls a strike on the next ball, he receives a free bonus game. The gimmick has benefited bowlers and business alike.

Individuals, teams or leagues interested in summer warring should contact Don Heimbigner at the lanes for information and to sign up. There will be some alleys open for open and general bowling every evening this summer with Saturday and Sunday completely open.

• • •

Hilltop Recreation lanes still need individual, teams or leagues on Monday, Tuesday and Thursday evenings for their summer loops. They have Saturday and Sunday completely open for general "rolling."

Last week we gave you the final batting averages of the West Cowboys. Unfortunately there are no fielding averages this year. However we do have the rest of the figures on the 1959 season. First, let's take a gander at some of the areas where it's interesting to see who was at either extreme end of the ladder.

In the matter of bobbles afield, or errors, the most were committed by the keystone duo, Bob Saint and Don Barnes, with six each. Having none were leftfielder Bill McLaughlin, and utility infielder Tom Hartranft.

In the strikeout department, leadoff man and third sacker Bob Dean was the leading culprit, whiffing 15 times, while ace hurler Don Uldricks (and quite unusual for a pitcher, too) didn't see a third strike at the plate all spring.

One could hardly call the Cowboys a slugging team as they only had one homerun all year, that by centerfielder Bill Biggers. They also had only four triples. Below are the individual team (offensive) statistics, minus averages. A star (*) indicates leader in the field:

Name	BBI	GP	R	H	D	T	HR	SB	HP	BB	SO

The Ohio Valley Football League will hold its monthly meeting at 7:30 p.m. this Saturday in the Valleyview Council chambers. Though the weather is hot and minds may be far from football, officials remind league members that a well planned and organized loop must go on 12 months a year, and earnestly urge all members to attend.

Starling Junior High finished its season with a 2-6 baseball record, losing the final game to Eastmoor, 9-6.

Meanwhile arch rivals West and Hilltonia Jr. Highs were engaged in a real thriller which Hilltonia finally pulled out of the fire to win, 3-1. The victors' catcher stole home in the third inning to clinch the contest.

West made a valiant rally in the sixth inning as they loaded the bases with only one out. However they didn't score as a squeeze sign was missed and the runner was tagged coming in from third. The batter then went out and that was the ball game.

That wound up those two schools, tied for fourth in their section with identical 4-4 records.

The Chase Post Legion team gets its season under way this Sunday against the Southway Post (composed of South High players) at 2 p.m. at Southview No. 7. As mentioned earlier, West and Hilltonia, Jr. tied for fourth in their baseball section. This was unique as West came down from first in 1958, while Hilltonia came up from last . . . to meet 'halfway."

Taking a quick gander at how the three or four local high schools finished up their baseball campaigns for 1959, we see. . .

• West was City League runner-up with a 9-3 record and finished with an overall 10-5 record. They scored 88 runs to their opponents' 43.

• Central was dethroned as City League champ, finishing with a 6-5 mark in loop play, good for fourth spot. Overall they were 10-6, outscoring their foes 106-74.

• Holy Family finished at the bottom of the Central Catholic League heap with a 0-8 mark and wound up with a 3-14 mark for the year. They were outscored 120-44.

• Franklin Heights ended 1959 with an overall 5-7 mark, being outscored by the meagerest of margins—80-69.

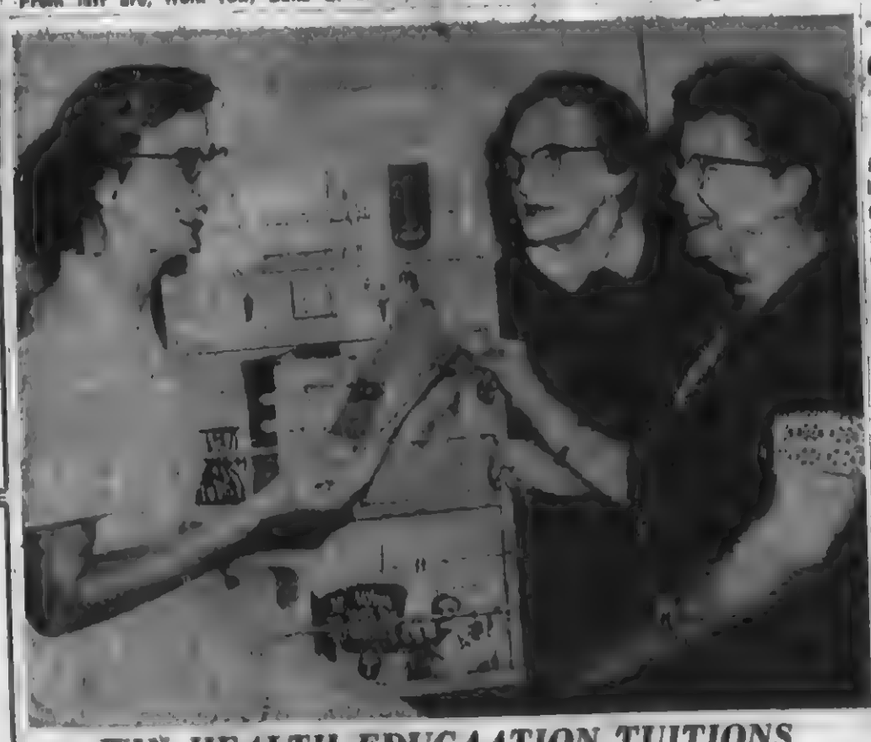
Beulah Park Cinches Tie In H-O Loop

Beulah Park is a cinch bet to tie for at least first place honors in the Heart-Of-Ohio baseball loop.



The jockeys clinched the tie Sunday by racking up a 3-2 win over Lancaster Anchor Hocking.

A bit of strategy was used by Jack McLain, Buelah Park manager, when he used his right-handed baseman to pitch to Lancaster's Jim Waugh in the late innings with men on base. It worked every time.

Donn Stewart and Shug Haines led the Beulah Park batters.

In other games, Dan Rohyans Ford, defeated Nelsonville, 6-4; Chillicothe Colts dumped Woods Plumbers, 4-3 and Chillicothe Businessmen upset Zanesville, 6-1.

Western Fans Get 'Fast Draw' Safety

Sportsmen, to whom firearm safety is as natural as tying their shoe laces, have been a bit concerned over some unfavorable reports from the new sport of "fast draw." Drawing a gun from a holster is ingrained in our American heritage, and has been popularized the last season or two on television—but a few accidents have marred the picture.

A couple of dads, with teenagers at home who want to learn fast draw, have brought their problems to me — should they say no to fast draw, or should they encourage it with adult supervision? By all means, I told them, encourage this all-year sport under proper supervision.

Now, the ultimate in fast draw safety has been introduced with the Hahn "45" BB revolver and matching holster. The holster is a fast draw type on a Buscadero belt with ammo pouch. The fast draw combination is manufactured by Crosman Arms Co., Fairport, New York.

This Hahn "45" outfit is just the thing for practicing in your basement. The revolver is an exact replica for frontier America's famous Peacemaker. Identical in length (10 5/16 inches) with perfect balance and pointability, it rips off 18 shots, without reloading, as fast as you can fan the authentic "45" knurled spur hammer.

Western fans will appreciate the holster and belt—top grain cowhide curried leather, edged, and with tight grain backing. Tie-down thong is included for anchoring holster to your leg. The ammo pouch holds two Crosman Powr-Ammo Packs—BB kit and giant CO2 gas powerlet—or will accommodate .22 caliber and other powder cartridges. The holster, incidentally, fits firearm revolvers of similar design of the "45."

Expect About 75 Shots

Carbon dioxide furnishes the power in the Hahn "45," and one powerlet will fire as many as 75 shots. The gun gives tight grouping of shots at regulation BB range of 15 feet, and consistant bullseyes at 25 feet.

If you have a youngster who is itching to fire a gun, or who is intent on learning fast draw, a BB revolver would be the safest gun you could give him. But you'd better watch out dad, lest you catch the fever. Making like Matt Dillon is for young and old alike.

Now, which way did that hombre go?

Fish At Delaware Keeping Way Ahead Of Fishermen

Calling all fishermen! Delaware Reservior, about 10 miles north of Delaware, has too many fish and too few fishermen.

This was revealed jointly Tuesday by these Ohio Divisions of Parks and Wildlife. George Mortimer, park manager, said the lower two-thirds of the lake is heavily used by boaters; but the fishing zone in the upper third, where six-miles-an-hour limit exists, receives little fishing pressure.

Clayton Lakes, fish management agent for the Wildlife Division, said recent test netting at Delaware shows a good population of crappies, largemouth bass in average numbers and an improving catfish population. Lakes said additional fishing pressure would tend to improve the lake by reducing the surplus pan fish population.

Delaware Lake is a flood control reservoir built by the U. S. Corps of Engineers. The Ohio Division of Parks administers the lake and a park area on the west side under lease agreement with the Federal government.

Land on the east side of the lake was purchased by the Division of Wildlife. It serves as a public hunting area, public access to Delaware Lake and affords some fishing in small wildlife ponds.

Pond No. 14 has been heavily stocked with carp and quillback, Lakes said. The purchase of the stocking is to provide additional rough-fish to bow and arrow anglers, giggers and snaggers. Carp and quillback used for stocking were taken from the nearby reservoir which has a surplus.

Pond 14 is about one and one half miles southwest of the Delaware Wildlife headquarters across the road from the duck pen. A map showing the specific location of all ponds at Delaware is available free by writing to Publication Section, 1500 Dublin-rd, Columbus 12.

Numerous launching sites are available at Delaware. Boats presently are not available for rent. Parks officials have attempted to obtain bids for a boat concession but there have been no takers.

IT'S NEVER TOO LATE

When we hear about the tremendous importance of milk to good health, we're inclined to say, "It's too late to do any good, it's the young people who should learn about this."

Nothing could be farther from the truth. True, if Junior plans on being a well developed man, there isn't any way but the milk way. At least a quart a day is needed when shoulders are broadening, bones are stretching, and muscles are hardening.

And milk is a beauty base for growing girls. It has just about everything—essential minerals, vitamins, and protein—all needed for smooth skin, healthy teeth, bright eyes, and beautiful hair, but

Grown Men and Women need milk, too. Even though it may be too late to save their teeth or their hair, good wholesome milk is a "must" if calcium is to be obtained in the abundance needed. Calcium helps control such vital functions as the beat of the heart, the normal contractions of body muscles, and the coagulation of the blood. Nutritionists say adults need three glasses of milk daily for vim and vigor and to lessen nervous irritability.

JUNE IS DAIRY MONTH

June is the month when milk production is at a peak of supply, making all dairy products plentiful. Luckily so, for now that the children are at home all day, more milk, cheese and ice cream are needed for in-between-meal snacks. These products make the best of snacks because they have real lasting food value.

Do the children say they are tired of "just plain milk?" If so, flavored milk drinks provide a refreshing lift on a hot day. Fruits and fruit juices add vitamin C, and molasses adds iron to the long list of nutrients already found in milk.

Bananas, strawberries and raspberries mix well with milk, as do grape and pineapple juice. For a syrup taste try chocolate, maple or molasses. An almond flavor also combines well for a nutritious beverage.

WISE BUY REFRESHMENTS

Honey nog uses two plentiful —milk and eggs.

Recipe

1 egg
2 tablespoons honey
1/16 teaspoon salt
2 cups milk

Beat egg slightly. Add honey and salt and blend thoroughly. Add milk and chill. A dash of cinnamon or nutmeg may be added if desired.

Your Youth

By Al Hollowell and Bert Korte

Now that the Hilltop YMCA program in the schools has come to a close the summer program at the "Y" will be getting underway shortly. Next week the Little "9" baseball program will begin.

Last week all the Gra-Y clubs on the Hilltop closed out their year with picnics at the different parks on the Hilltop. It is hoped that the Gra-Y Club-of-the Year can be announced in the newsletter to all members within the next week.

Saturday, John Burroughs won the Gra-Y softball league as they turned back Westgate 10-7 to win the championship. Westgate spotted John Burroughs an early 10-1 lead and couldn't quite overcome the deficit. Westgate outscored the winners 6-0 in the last three innings before the final out was made.

This Monday the Little "9" baseball program will begin. All boys 11 to 13 who have signed up are to meet for the first time at 9 a.m. on the "Y" field on Valleyview-dr. All boys attending will be given a tryout for the position they would like to play. Boys 8 to 10 will meet Monday at 1 p.m. at the ball field for the same purpose.

Further instructions will be announced at the first meeting. Other boys interested in this league should apply at the "Y" as soon as possible.

This weeks schedule:

Wednesday, June 10—Y Slo-Pitch—Club League—Westgate Park 6 p.m.; Y Indian Guides—Sioux, Huron, Comanche, 7:30 p.m.

Thursday, June 11—movies—Oakley Baptist Church, 7 p.m. Y Gradale 8 p.m.

Friday, June 12—Y movies—Glenwood Recreation Center, 7 p.m.; Y Indian Guides—Cheyenne, Mohawk, 7:30 p.m.

Saturday, June 13 — Y Jr. softball—Westgate Park 10 a.m.; Indian Guide campout — Camp Willson.

Sunday, June 14 — Indian Guide Campout—Camp Willson.

Monday, June 15 — Little 9 baseball practice—boys 11-13, Y lot 9 a.m., boys 8-10, Y lot 1 p.m. Y Indian Guides—Cayugas 7:30 p.m.

Tuesday, June 16—Little baseball—Y lot 9 a.m., 1 p.m. Y Slo-Pitch—Church League—Westgate Park, 6 p.m.

Give your children real security . . .

We don't mean the nicest house in the best neighborhood . . . the newest, sleekest car . . . the right schools, the right camps.

We're talking about the kind of security they can't do without . . . the kind that comes from inside.

Faith. In God, in life, in themselves.

For life is no game for spiritual sissies. Only Faith . . . the armor of the spirit . . . will give them the stamina to meet it courageously, no matter what it brings.

You can show your children where to find faith . . . how to build it day by day, if you make praying a family affair.

He restoreth your soul . . . Worship together this week

FIDEL KNOWS BEST

PRESS CONFERENCE — From all appearances here, Cuba's premier, Fidel Castro, is touring Columbus. These Hartley Newspaper reporters, Ray Shaffer, John Poeppelmeyer and Nancy Pendleton discovered the central figure to be their own circulation manager, Jack Schlueb. You see, Jack had a face infection and doctors ordered him to stay away from the razor for six weeks. His wife, needless to say, had extreme fidel-ity during the whiskery episode.

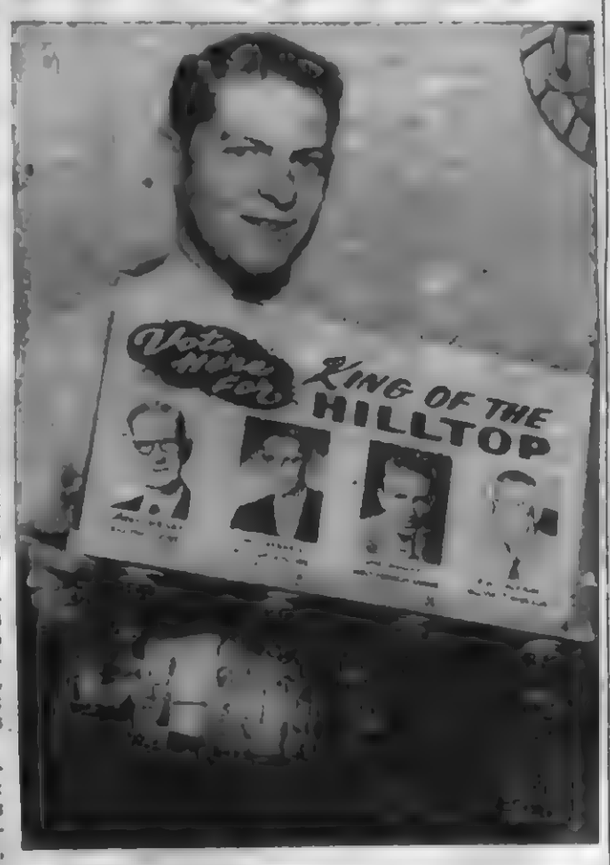
CONTAINERS PLACED . . . PENNIES WELCOME . . . DOLLARS TOO!

'Y' Building Fund Will Benefit From 'King of Hilltop' Battle



Battle lines have been drawn in the contest to name the "King of the Hilltop," under the auspices of the Hilltop Business Association in conjunction with the annual Hilltop Bean Dinner.

Four contestants will vie for the title, with pennies and money in larger contributions — which count for one vote each — determining the winner.

Profiting most from the contest, however, will be the Hilltop YMCA Building Fund, which will receive all the money garnered from the voting. Containers for accepting votes for the four candidates were placed in 23 Hilltop business establishments this week, where they will remain until the end of the contest — July 18. The king will be crowned with appropriate ceremonies on the first night of the Hilltop Bean Dinner, at Westgate Park on Tuesday and Wednesday, July 21-22.

Candidates for the title, representing four service clubs in this area, are: Jerry Spears, Hilltop Lions Club; James Henery, Hilltop Kiwanis Club; James Goudy, West Franklin Kiwanis Club; P. A. Jackson, Hilltop Y's Men's Club.

Voting containers are available at the following businesses: Harry Graham Shoes, Seiller's Department Store, Biltmore Restaurant, Ohio National Bank, (both Hilltop and Great Western offices), Superior Drugs, Big Bear Store, Rausch Bros. Hardware, Westgate Electric, J. C. Penney (Great Western Store); Woolworth's, (Great Western store); Kroger's, (Great Western store); City Nat'l Bank, (Hilltop office); Biddle's Restaurant, Old Trail Lanes, Lincoln Lodge Restaurant, May Furniture Co., (Central Point store); Schulze's Market, City Furniture Co., Goodwin's Pharmacy, Buck's Auto Supplies, Westgate Manor Pharmacy.

VOTING "BOOTH"—Jim Graham, member of the Hilltop Business Association "King of the Hilltop" committee, displays voting containers, which have been placed in 23 Hilltop business establishments. Each penny dropped into the containers not only counts for a vote for one of the candidates, but all coins will eventually go to the Hilltop YMCA Building Fund.

NEW JULY 4 ATTRACTION

Silver $$$ Set Aside For Talented Amateurs

Calling all amateur talent! Here's a chance to strut your stuff and compete for 50 shiny silver dollars in prize money.

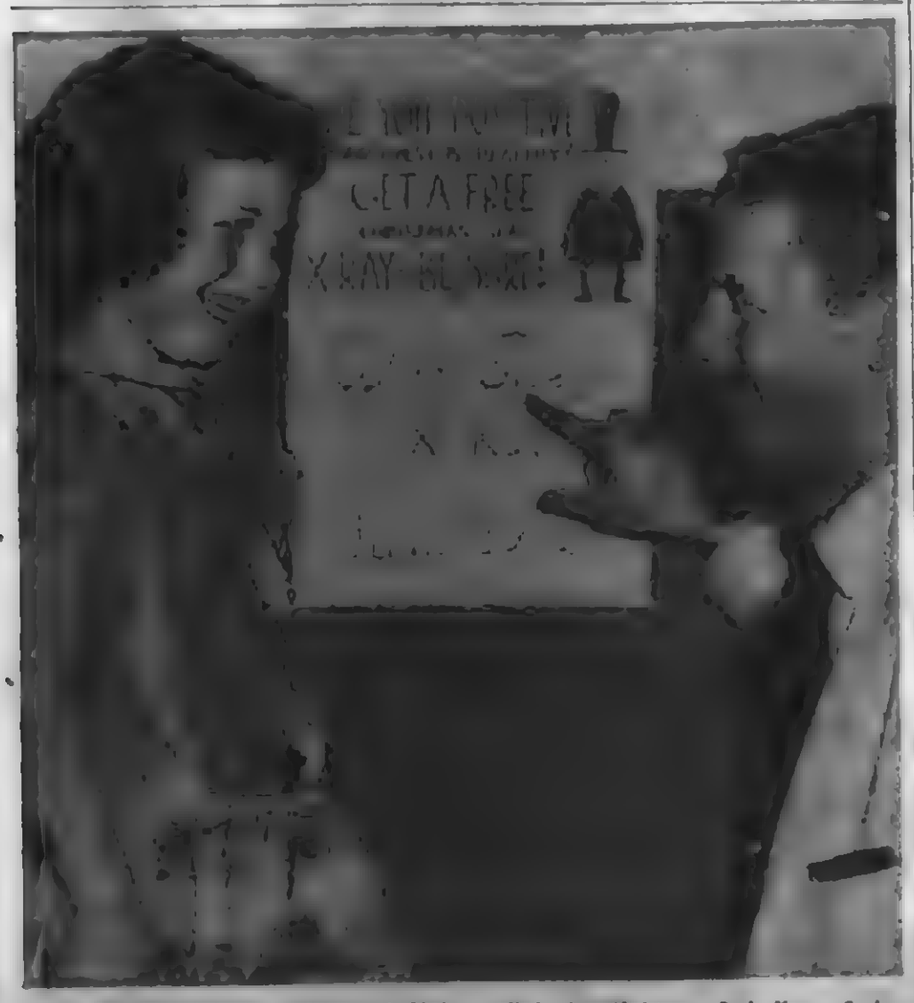
Hilltop Lions club is organizing an hour-long talent show to precede the fireworks display at this year's Hilltop Fourth of July celebration.

Applications are open to persons of all ages living on the Hilltop or West Side. If you're a non-professional and can sing, dance, pantomime or play a musical instrument in an entertaining way, this is your chance to perform before thousands at West High athletic field the night of July 4.

Johnny Jones, 462 S. Hunter-av, chairman of the show, said the program will be narrowed down to eight best acts. First prize will be 25 silver dollars; second, $15; and third, $10.

Mrs. Kay Smith, theatrical booking agent, will handle the auditions at her home, 1546 Sullivant-av. Persons interested in the tryouts should drop a card to Mrs. Smith for an appointment.

A local radio disc jockey will "emcee" the show, Jones said. Another attraction of the evening will be final judging of the "Hilltop Queen" for the annual Bean Dinner, July 21, 22. The four candidates for the title of "King of the Hilltop" also will be introduced.



Queen's Race Draws Large Entry List

In time for preliminary eliminations in the Queen of the Hilltop contest scheduled at West High school Thursday, June 25, at 8 p.m., a record number of entries have been received.

The field will be reduced to three at next week's judging, which will be open to the public.

From the three, the queen will be named at the Hilltop Lions Club July 4 celebration at West High. The two remaining contestants will serve as her court. All will preside over various activities in connection with the Hilltop Bean Dinner, to be held at Westgate

City Begins Purchase Of Housing Site

Start Of New Facilities For Aged Seen This Fall

City council passage of an ordinance Monday night authorizing condemnation of two West Side blocks was the final legislative step in clearing land for a $3.5 million Senior Citizens center.

In all, 29 parcels are involved. Of these about six are businesses, the rest residences. They occupy 3.72 acres and are bounded by McDowell, Gift, Sullivant and Cherry-sts. John Bowen, first assistant to the city attorney, said six homeowners already have signed contracts to sell their property to the city. Closing of the sales is expected shortly.

"We are pleased with the acquisitions so far," said Bowen. "Our resolutions were all served three weeks ago and cooperation of the property owners, so far, has been excellent. He continued, "if all goes well we could have all the land through negotiation by the end of the summer. Any contested cases, however, would have to be heard by the courts next fall and would slow down the work."

After the city has done its share in clearing houses and moving streets, the work load will shift to the Columbus Metropolitan Authority. MHA Coordinator Harry Drake said design is well along on a recreation center for the city's aged and an adjacent 10-story apartment for lower-income elderly persons. Inscho, Brand and Inscho, 60 E. Broad-st, is the architect.

"We hope to start construction by late fall," Drake said, and the completion date is sometime in 1961."

Real estate in the area is owned by the following: Richard E. and Ruth S. Wolfe, 261-61½ McDowell-st; Marie Dolle, two lots on May-av; Frank and Ethel Loyer, 516 Sullivant-av; Thomas M. and Fanny E. Guard Ranks Are Opened To New Men

National Guard enlistment ceilings this week were relaxed and many vacancies now exist in the local units, according to Lt. Dale Taylor, staff assistant of 1st Bn., 166th Infantry, at Haubrich Armory, 4094 Sullivant-av.

Eligible are prior-service personnel to age 38 (in some cases higher) and young men at least 17 years old.

Lt. Taylor emphasized that recruits can enlist now and get in on the six-months active duty program and also the August two-week encampments.

In most cases prior-service men can re-enlist in their highest held rank.

Interested persons are invited to inspect the training facilities at the armory any day; or evenings, Monday through Thursday. The phone number is BR. 6-1166.

MORE MILEAGE FROM MIKE—Present at the signing of a tax rebate amendment by Gov. Michael DiSalle are (left to right) J. X. Schwartz, Cincinnati; I. L. Snider, dealer at Hague and Sullivant-avs, who is president of the Central Ohio Gasoline Dealers Association; Ohio Senator John Smith and V. J. Kertzinger, attorney and executive secretary of the group. The new law will return $7 to the dealers for every 10,000 gallons he sells.

'Vapor-Locked' Tax Money Freed For Gasoline Dealers

"This gas pre-shrunk?"

By Marcus Orr

Ohio's gasoline dealers have won themselves a tax rebate victory "out of thin air."

A bill singed two weeks ago by Governor Michael V. DiSalle will give station operators a one percent gasoline tax rebate as an evaporation allowance, beginning Aug. 21.

The Central Ohio Gasoline Dealers Association, along with like groups from other Ohio cities, have finally won an eight-year crusade to get the rebate. I. L. Snider, who operates a station with Clarence Fladt at Sullivant and Hague-avs, is president of the group and Vernon Kertzinger, attorney at 2060½ W. Broad-st, is executive secretary.

Snider explained that Ohio Dealers have always suffered "short measure" when it comes to handling the state's gas tax money. As a transport filled his tanks, he pointed to the "shimmer" around the filler pipe. "See that," he said. "I know you can smell it. It's gasoline evaporating . . . money wasted."

"It might not amount to much to the customer," he continued, "but to one dealer who handles thousands of gallons a year it's a real loss. We can't prevent all that waste, but we sure shouldn't pay a tax on it."

Attorney Kertzinger explained that under past Ohio law the state tax (recently hiked to eight cents a gallon) was collected from the manufacturer. The tax, in turn, was billed to the retailer at the time of delivery, who finally charged it to the customer. The manufacturer, alone, got a three percent rebate for "shrinkage."

Veteran West Teacher Retires After 30 Years

Harry Zulauf
J. Curtis Allen, Photo.

Harry L. Zulauf, 136 S. Roys, a member of West High's teaching staff for more than 30 years, brought his career to a close this June.

He taught at West Junior High when it was located on Highland-av, and "moved with the school," when the present building was finished in 1929.

Reluctant to end a career that began even before he received his teacher's degree, Zulauf will continue on a substitute basis.

He taught in Morrow County, Sparta and Pickaway before receiving his bachelor of arts degree in education in 1923. He earned his master's degree in [redacted].

During his years at West he has taught math, algebra, trigonometry and geometry. Zulauf also served as athletic manager of the school at one time, and as school treasurer for many years.

Praised By Principal

Robert Darrow, principal, described Zulauf as a person "the school relied upon wholeheartedly, for many things. He has been a valuable member of the staff."

Speaking of retirement plans,

Outstanding fathers in various communities were chosen by the committee in recognition of Father's Day, Sunday, June 21. EGGS ROLLING YOUR WAY

When the nation's hens began laying eggs this year, they meant business. Working overtime, they've turned in a production job that hasn't been equaled in a long, long time. Because of the large number of eggs being produced, egg prices have dropped to pre-world War II levels. You certainly can balance your budget by using eggs to full advantage in these days of great abundance and reasonable prices.

Eggs fill the bill for all-around good eating every day. They are truly the "health and economy" food. Nutritionally, they are unexcelled; in cost they can hardly be matched—one and one-half pounds of high quality food per dozen eggs. They are "naturally" packaged for convenience and easy storage. Eggs are easy to prepare in many different kinds of dishes. In addition to fried, scrambled, boiled or poached for breakfast, eggs add richness to casseroles, breads, cakes, custards, puddings and dozens of other favorite foods.

Grade Tells the Quality. No one can tell the quality of an egg by just looking at it, but there is a guide to interior quality. Federal-state grade standards indicated by the familiar shield with the letters "U.S.D.-A." and the classification "A," "B," or "C" provide this guide.

U.S. Grade A eggs are top quality. They have a large proportion of thick white that stands up around the high firm yolk. Grade A eggs are tops in appearance and flavor and are especially good for frying, poaching and cooking in the shell. U. S. Grade B and C eggs have a thinner white and a flatter yolk that breaks more easily than the Grade A ones. These grades serve you well for baking and cooking where appearance is not of primary importance—as for baking or to thicken foods as custards or pie fillings.

Size Tells the Quality — Eggs are sized according to weight. The most frequently found egg sizes and their minimum weight per dozen are: Large-24 ounces; medium-21 ounces; and small-18 ounces. During the spring months the large size eggs are the economical buy on a price-per-pound basis. During the late summer and early fall the small and medium sizes are the better values.

Color Tells Little — Shell color is not an indicator of flavor, food value, or cooking performance. Should you find a price difference between a dozen brown or mixed colored eggs and a dozen white of the same size and grade, the "economy buy" is the one with the lower price tag.

Eggs Require Proper Handling — Eggs kept at room temperature for three days lose as much quality as those kept in the refrigerator for two weeks. Buy from refrigerated cases. To maintain quality, store in the refrigerator away from strong flavored foods. Store covered with the small end down. Remove from the refrigerator only the number of eggs you plan to use at one time. The term "fresh eggs" has meaning only if storage has been maintained from poultry farm to the table.

GUIDE FOR SUBSTITUTING

Most standard recipes call for medium size eggs. You may be able to save money in baking or cooking by using the most economical size. The following is a guide for substituting various sizes of eggs in recipes. Number to fill a cup:

	S.	M.	L.
Whole eggs	6	5	4
Egg whites	9	8	7
Egg yolks	19	17	14

DO BROWN EGGS BUG THE SOUTH?

It can be arugred seriously that if the Deep South's intellectual wastelands didn't exist, they'd have to be invented.

The habit patterns of some of the quaint, Faubus-like fauna infesting the region have a weird, antic charm as delightful as a trip to the zoo.

Now they're sweating and snorting in fear over the "menace" of nursery books. Scared stiff.

Seems a dastardly volume (for kiddies 3 to 6) shows a black bunny holding hands with a white bunny. And a new edition of "Three Little Pigs" depicts varicolored piglets gamboling together.

This, the segregationists yawp, is a subversive plot to destroy the United States. They mean it seriously. The bunny book was banned in Alabama libraries.

This time, however, the addled white supremacists have become merely burlesque figures in their gibbering terror of nursery rhymes.

An honest zealot can still be a creature of dignity. However wrong, you can pity such a one. Not so these eye-rolling hinds and bumpkins, yelping when a big, bad bunny confronts them in a baby book.

Based on their recent action, you can now chart the course of their hysteric paranoia.

Sometime soon a fanatic segregationist will discover that no'the'n plotters are shipping brown eggs into Dixie. State troopers will man the borders to turn back all but white eggs. Only White Leghorns will be allowed on Dixie farms. (Rhode Island Reds are obviously subversive.)

Of course, 100% White Citizens Councilmen will only eat the whites of eggs — until the day when a horror-stricken KKK kleagle becomes aware that egg whites were in the same desegregated shells as colored yolks.

Eggs will be banned forthwith.

Some gallused crossroads oracle will proclaim that blue eyes are a purer kind of pure than brown eyes — and families will be sundered as blue-eyed husbands rush to divorce brown-eyed wives.

Farfetched? Look out, man! There's a wicked wabbit wight behind you!

This is logic, segregationist style, in the Year of Our Lord, 1959.

Cancer Survey Spots 400 Cases In This County

The 400th case of cancer of the uterus has been detected in the cancer survey project now entering the fourth (and final) year in Franklin County.

The project's office reported that 90,279 women over 20 years of age, in the county, have cooperated in the survey through examinations in the office of their own physician.

Of the number more than 29,000 have returned for the second test, and 3,600 for the third time.

Each of the 400 cases has either been clinically cured or is now under treatment, the office reported.

The screening is being done under a grant from the U. S. Public Health Service, and it has the cooperation of the Columbus Academy of Medicine, the Ohio State University, the Columbus Health Department and the American Cancer Society.

BIBLE COMMENT

Paul's Spirit Was Never Imprisoned

Imprisoned in body, but free in spirit—that was the experience of the Apostle Paul.

Imprisoned at Philippi; a prisoner in his own house in Rome; a prisoner aboard ship; through it all, he was the indominable man of the free spirit.

But apart from actual detention, Paul in many ways was not a free agent. His course was set by persecution, and by the course of events.

It was evidence of the masterful, free spirit that he turned everything to advantage, making the most outwardly discouraging circumstances the occasions and scenes of Christian triumph.

We are all, in a sense, prisoners of circumstance, we are subject to limitations and frustrations over which we have no control.

Nothing but decisions and actions of the free spirit can turn them, like Paul's adversities, into occasions of triumph.

What moved Paul was a sense of destiny, a will of iron. The full attainment of this spirit-deep urge he sought above all else, allowing nothing to swerve him from his purpose.

Even lesser souls can make life victorious. They can, if a free spirit and a sense of God's purpose dominate their lives as they did the life of Saint Peter.

An optimist is a feller who makes a pessimist realize he ain't happy.

REAPS REWARD—Hard study paid off for James Johnson, right, 316 S. Cypress-av, soon receiving a $200 scholarship from Kiwanian Dale Brush.

Central Grad Is Granted $200 Kiwanis Scholarship

James M. Johnson, 17, of 316 S. Cypress-av, is winner of the second annual West Side Kiwanis club scholarship of $200.

The award was made during the club's luncheon at Chicago Avenue Church of Christ last Wednesday. Dale Brush, Chicago Avenue school teacher and [illegible] of the Kiwanis vocational guidance committee introduced young Johnson.

Jim was just graduated from Central High School, where he achieved a 3.6 grade average. He plans to enter pre-dental studies at Ohio State this fall.

His earlier education was received at Avondale Elementary and Starling Junior High. Jim belongs to Columbus Chapter of DeMolay and attends Avondale EUB Church. He has worked part time at the Ohio State Library during the last three years.

The scholarships, given yearly to an outstanding West Side student, are awarded by a Kiwanis committee in consultation with the school principal.

Tax Money—

(Continued from Page 1)

State Won't Lose

Gasoline, being the volatile stuff it is, was cheating the dealer most. Under the new amendment to the Ohio State Code, the manufacturer gets a two percent rebate, the dealer one. This amounts to a $7 return to the corner station for every 10,000 gallons sold.

Association president Smith said dealers also keep a sizable amount of money tied up in tax pre-paid gas stored in reserve tanks.

Attorney Kertzinger, who has carried the banner for local dealers in Blue Law matters and other cases, said the state actually stands to gain a little under the new setup. Dealers will be required to apply for their rebates within 60 days, twice yearly. A few will forget and lose their refunds, he predicted.

Tim Morris, Tim Watson Win Lions Music Awards

Two top student musicians in the West High School Band will attend a two-week summer music Clinic workshop, June 14-27, on the campus of Ohio University, Athens, at the expense of the Hilltop Lions Club boys and girls committee.

Tim Morris, trumpeter and cellist, and Tim Watson, cornetist, were selected. West High music department head, Clair Barnard, and Principal Robert Darrow, made the choice on the basis of musical talent and student achievement, said Ed Eberhard, Lions committee chairman.

Morris, an 11th grader, lives at 89 S. Burgess-av. Watson, who resides at 201 Wilson-rd, is in the 10th grade.

Some of the nation's outstanding professional music talent will serve on the teaching staff of the music clinic. After an initial audition, students will train for either orchestra or band in preparation for a campus concert. The audition, too, will determine the personal instruction that students will receive in polishing techniques and improving musical performance.

Alley, Street Legislation Passed By Councilmen

City council on June 8 passed an ordinance establishing the grade of Roys-av from a point about 280 feet south of Vanderberg-av to the corporation line.

During the same session council ordered the vacating of an alley east of Eaton-av, from the alley north of Greenlawn-av to Wharton-av.

"But I'll be back. Hilltop's my home, and I'll not leave it."

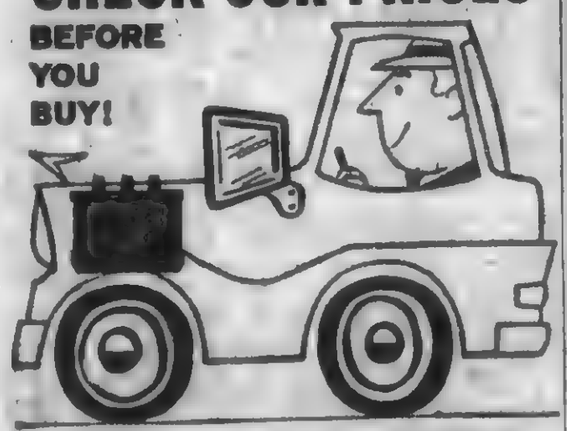
YOUR BIRTHDAYS

Every year, with monotonous regularity, each of us 'celebrates' a birthday. With each birthday, we grow a little older. If we also grow a little wiser, we realize what life insurance can do for our future and for our families. And on each birthday, we would be wise to ask ourselves a few questions:



"Have my circumstances changed since last year? Do I now need greater life insurance coverage? Had I better not do something about it *immediately* before my age changes again, and any new policy which I take out proves more expensive?"

I'm sure I can be of service.
Why not give me a call?
You will be under no obligation.

NOTICE—Contributions to this column are still eagerly accepted by phone, BR. 4-2972, or via mail at 754 S. Terrace-av. It will not be possible to reach me at BR. 4-5340 until next September. If your kids haven't by chance mentioned it (hell, school's out for the summer.

Camp Chase swung into full scale action the past week with both Babe Ruth and Legion teams. Under manager-coach Bill Spratley, the 15-man Babe Ruth squad (playing under the Hilltop Kiwanis banner) opened its season a week earlier than the older Legion nine.

The Babe Ruth squad this year is composed of Dick Williamson, C; Jim Cook, 3B; Tom Weurtz, P-SS; Bill Karn, 1B; Larry Smith, LF; Ray Barnes, 3B; Mike Porter, P-SS; Glenn Rohrer, 2B; Paul Sines, CF; Charles Castle, RF; Ron Grundstein, C; Mike Uldicks, P-OF; Jay Sanford, 2B; Carl Runicka, 1B; and Don Van Order, CF.

The starting squad is composed of Williamson, Weurtz, Karn, Smith, Barnes, Porter, Rohrer, Sines and Castle. Porter and Weurtz shuffle back and forth . . . when one's on the mound the other is short-stopping.

The squad is taking its lumps . . . at least to start the season, with two losses in two games. This past Saturday's foe, the West Side Boys' Club, took their measure, 6-3.

Boys' Club is composed mainly of Starling Junior High players and one of these, hurler Bill Webb, tossed a one-hitter at the Kiwanis nine. His battery mate however is West Higher Bob Dent.

H. Kiwanis	100	200	0-3 1 5

Batteries: Webb and Dent; Wuertz, Porter (4) and Williamson.

Meanwhile the Legion "varsity", under their manager-coach, Bill Hairs, opened its season Sunday with a 16-man squad consisting of Terry Briggs, John Peterson, Dave Thomas, Jim Bluhm, Tom Hartranft, Bob Saint, Bob Ross, Mike Cantlon, Bill Biggers, Dave Buehne, Ted Miller, Bill McLaughlin, Charles King, Jim Walsh, Bill Hunter and Gary Clark. Most of their positions are known from their West affiliation this past spring. We will try to list their starting nine and positions next week.

Ray McVay is the Legion Representative for both squads, but also serves both teams in a coaches capacity.

Here are some final-final facts and figures on the past campaign of the West baseball.

Don Uldricks was the pitcher of record in all 15 games, so wound up as did the team with a 10-5 overall record and a 9-3 league mark. Pitching most of the time he naturally led in most all departments. Number two hurler was Don "Mousy" Barnes, who turned in some relief turns and got cheated out of any starting assignments via the weatherman. Others who hurled one or two innings were Mike Cantlon and Ted Miller.

Strikeouts — Uldricks 100, Barnes 14, Cantlon 3 and Miller 2.

Hit Batsmen—Uldricks 6 and Barnes 1.

Innings Pitched — Uldricks 81⅓, Barnes 4⅓, Miller 2 and Cantlon 1.

Base on Balls — Uldricks 31, Miller and Cantlon 2 each, and Barnes 1.

Runs — Uldricks 40, Barnes and Cantlon one each.

Hits — Uldricks 77, Cantlon 3 and Barnes 1.

There were no wild pitches by this crew.

Defensively Tom Hartranft, utility infield, and Bill McLaughlin, lf, led with perfect marks: McLaughlin made four putouts, no assists and no errors for 1.000, and Hartranft made no putouts, and two assists and was errorless for 1.000.

Not taking them in any order (except to list putouts, assists, errors and percentage in that sequence) they were followed by Bob Dean 3B, 17-8-1, .944; Don Barnes ss, 17-12-6, .823; Bob Ross ss, 0-0-1, .000; Bob Saint 2B, 23-10-6, .846; Terry Briggs, c, 96-9-3, .973; Mike Cantlon 1B, 79-2-3, .977; Bill Biggers cf, 25-1-1, .963; Don Uldricks p, 4-11-4, .789; Jerry Hummel rf, 9-0-1, .900; Dan Alder lf, 5-0-1, .833. The team totals were 253-68-27, .926.

Westinghouse is again sponsoring a Little League team of 15, composed of sons of employees, some of whom happen to be West Siders. Their coach is a Georgian Heights man, Charles Carney, and their manager is Dick Levingston. They play in the Columbus Industrial LL, playing league games every Monday night — and with a usual schedule of one or two practice games a week.

They were victorious in their league opener a week ago Monday evening as they downed the North American Furys, 10-4. They played the North American Sabers last Monday eve. Their first home game, against Timken, is June 22. Their home field is adjacent to Westinghouse's plant out on W. Broad.

Coach Carney feels that they really have the "horses" this season . . . particularly the hitting that has been lacking in past seasons. And they have the hurling to go with it. For example, in their first game, six of their nine hits were extra base blows . . two doubles, two triples and two homers!

• • •

Congratulations to Glenn Rohrer, West Junior High infielder, and Tom Wuertz, Hilltonia Junior High outfielder, for making the South Section Junior High all-star team's first squad. Roy Barnes, Hilltonia infielder, Dick Robison, West outfielder, John McKinney, Hilltonia outfielder, and Don Poling, Starling catcher, were second team choices. There were no honorable mentions this year in the South Section.

The Camp Chase Legion squad also got off on the wrong foot as they dropped their Gold League opener of area American Legion play to Southway, 6-5. Though the score was close, Southway had a wide margin in the hitting department as they outhit the losers, 17-9.

The Georgian Heights Athletic Association is again sponsoring its 15-man Little League and Babe Ruth squads. John Morlan is over the entire program, assisted by Sterling Schneider in handling the Ruth team. Marvin Graves runs the LL squad which plays on Tuesday and Thursday evenings. Their opener is this Thursday against Grove City, there.

Playing an independent schedule this season the Babe Ruth team is having trouble getting started—holding a 0-2 to date. They play St. Mary Magdalene next Monday evening, there. Both teams use the special Georgian Heights field, but at present it is not in shape. They hope to have it ready for action within a week.

• • •

St. Mary Magdalene is just opening up summer leagues. Although they have sponsored LL in the past (and still do, of a sort), this year they are splitting the boys more to age to accommodate the large number of players. The church's athletic association conducts its own leagues from within . . . the teams do not play, nor compete in leagues outside the church loops. They opened action last Tuesday night with their five-team league of 8-9 year olds. The Wednesday night loop will be a six-team 10-12 year-old one. Each team, or league will play one game, or night, a week for a ten-week schedule. Bob Dendow is handling this program. The church has three diamonds of its own which facilitate an evening's schedule greatly.

There will be an all-star contest at the end of the season. All teams will carry a 15-man roster. Likewise will the two Babe Ruth squads, under John Radich. Their schedule is to be ready later this week.

Carrying boys up to 16 years of age, to date they have been playing as one team in practice games (winning both) . . . soon will be split into two.

They will enter an independent loop — the Southwestern Ohio Athletic Association.

• • •

Congratulations to Bill "Howdy" Lewis and Gary Jewell, both of Central and the only Central District school with more than one representative, who were selected to play in the annual East-West all-star high school baseball games, scheduled for Jet Stadium on July 18-19. They will play for the West. Lewis is a first baseman and Jewell a "hot corner" man . . . third base.

Don't forget—playgrounds open today for an 11-week stint, from 12:30 to 6:30 Monday through Friday.

INSIDE ON THE **Outdoors** By ROD COCHRAN

A few recent entries in The Hartley Newspaper Fishing Derby include: John Hunt, 2401½ Chittenden-av, smallmouth bass; James Kiser, 2070 Norwood-st, walleye; Jack Henderson, 936 Northwest-blvd, bluegill; Robert Wiley, 753 E. Mound-st, catfish; Olive Hughes, 492 Fairfield-st, largemouth bass.

Arthur Cooley, 144 Whitethorne-av, largemouth bass; Donald Riddlebarger, 1989 Myrtle-av, walleye; Agnes Melvin, 4300 Yearling Circle, walleye; Alfred Davidson, 147 Woodcliff-dr, walleye; and Ray Henderson, 893 Friye-av, walleye.

The catfish entered by Robert Wiley weighed over 12 pounds, and was checked at the B and Z Live Bait. The big fish came from Big Darby Creek.

Catfish Are Biting

When hot weather sets in to stay until September, it stirs the catfisherman into activity. At least that's the way hot weather affects Buck Lightle, Mt. Sterling, and he's had terrific success so far this year. Recently, he and two buddies, Dan Dover and Dick Wilson, took 61 catfish on a trotline in Deer Creek, using leeches for bait. The largest fish scaled a few ounces over 12 pounds.

Buck has also been catching some man-sized carp. More than once, he says, the trotline was jumping up and down wildly, and he anticipated a granddaddy catfish. When the line was lifted it revealed a carp.

One good thing about catfishing is that you don't have to stop when the water gets muddy. It is an accepted fact among fish catfishermen, and among fish technicians too, that catfish find their food largely by scent. With highly developed sense organs it is easy for catfish to find food or your bait, in muddy water. Many old timers wait for a good shower before they go out for "Mr. [illegible]."

Entries in the Fishing Derby are reflecting that catfishin' time in here. Fish caught either on rod and reel or on trotlines are eligible for the Derby. The catfish division is loaded with prizes: First—Johnson Century reel and 100 yards of Cortland Heart. O-Gold Co., and 110 yards Sun-Tapatco Wood-Stream creel and tackle bag; and Third—Williams Wobbler, Williams Bold Co., and 110 yards Sunset Coral King casting line.

The Grand Award in the Fishing Derby this year is a week's vacation at Timberlane Acres—a beautiful fishing resort in the Kawartha Lakes district of Ontario, Canada. This resort is operated by Maurley E. Sutton, 155 Binns-blvd. The walleye season is open right now in Ontario, and fishermen are really taking limits according to the Suttons who returned recently from Timberlane Acres.

The cabins are located on Pigeon Lake, a familiar name to northern fishermen. On June 27 the bass and muskellunge season opens there, and we'll keep you posted on fishing conditions and results.

FISHING REPORT

Bernard Fluhart, 530 Morrill-av, reports that fishing is good at Jackson Lake, a new pay-lake below Lithopolis on County Route 6. He recently caught three catfish, and a northern pike there. The pike was 26 inches long.

City Resumes Tunnel Work

City Division of Parks and Forestry this week began to put finishing touches on the 124-foot pedestrian tunnel under the railroad south of Valleyview and [illegible].

Workmen moved in heavy equipment Monday to drain the tunnel of water, dig access ramps and build concrete headwalls.

A pesky spring which popped up just after the January flood receded will be plugged up first, said Carl Gibson, a city engineer. Gibson said the spring was uncovered by accident during grading operations and filled the tunnel with water. (Oldtimers recall that spring water was once sold in the area.)

Gibson said a submersible sump pump will be installed in a 450-gallon concrete tank north of the tunnel. This will be a permanent fixture.

Also to be built soon is a concrete foot bridge on Dry Run creek at the north end of Huron-av. This will give youngsters, walking and riding bikes north to the new community center, a good access to the tunnel.

The entire job is to be finished prior to the opening of school in September, [illegible].

Here's Mystery For Man-drake

Monday was a good day for ducks, especially at the Stanley Ruoff's, 121 S. Westgate-av.

Linda Ruoff, 12, owns a two-year-old white duck, "Paddles." Paddles has been a family pet about two years. In exchange for a comfortable pen in the family garage and the run of the yard, she keeps the Ruoffs in duck eggs.

But Monday, Paddles had a 'pen pal.' It was another white duck, sex unknown, which appeared to be someone's Easter pet. No one knows where the visitor came from.

A neighbor offered a clue. He was up at the "quack of dawn" and saw a boy carrying a duck. The Ruoffs believe the boy mistook the stray bird for theirs and was "returning" it.

So, everything's just too ducky for the Ruoffs. If no one claims the new quacker he will be given to a farmer friend.

Boy Found Dead Of Gun Wounds

An unidentified youth, judged to be between the ages of 17 and 20, was found dead of shotgun wounds at 5 this morning at Fisher and Wilson-rds.

He was described as having brown hair and blue eyes. No identification was found on the body.

Franklin County Sheriff's officers are investigating.

Have Funds, Will Travel... Scouts Earn Way To Mexico

A dream to visit Mexico, born after a trip to Washington D.C. four years ago, has grown into reality for members of Girl Scout Troop 224.

Paid for with peanut sales and other money-making projects ranging from cookie and rummage sales to dances the seventeen-day vacation is being financed entirely by the girls.

They will leave July 1 by Greyhound bus, stopping on their way for sightseeing in New Orleans and San Antonio.

To Meet World-Wide Group

The troop will stay at the Cabana, Girl Scout Center near Cuernavaca, Mexico, for a week. Girl Guides from Canada, South America, England, India and Mexico will share their living quarters.

Visits to the silver mines of Taxco, Indian ruins and temples, volcanoes and Cuernavaca are planned highlights of their stay.

On their return trip they will stop for a day and a night in Mexico City and arrive home on July 17.

Troop members, all 15 and 16 years old, will be juniors and seniors at West High next fall.

The girls have advanced together through the ranks of scouting, during nine years as a troop.

Those taking the trip are Barbara Barnhart, Carolyn Birle, Sherry Blakely, Carol Blum, Karyl Bricker, Chriss Carfrey, Jean Casselman, Polly Fisher, Kay Francis, Jane Irvin, Jodee Jenkins, Ruthanne Ralph, Ann Reeves, Alberta Sears, Kathy Jo Smith, Barbara Staley, and Lois Wheaton and Carolyn Sears.

Mrs. George Ralph, leader, and Mrs. James Jenkins and Mrs. Lawrence Sears, assistant leaders, will accompany them.

Community July 4 Celebration Shaping Up Big

SELECTED FOR SHOW—Kay Smith, 1566 Sullivant-av, talent scout, has chosen Mariana Bezold, 349 Clark-av, as one from a flood of applicants to appear in the Hilltop's July 4 talent show. She does a polished song and dance routine.

Only an unfriendly weatherman can keep the eighth annual Hilltop Lions Club community Fourth of July celebration from being the biggest and best yet, according to general chairman Robert Bethel.

"And even then," he added, "it wouldn't be a complete fizzle because an Independence Day cannonade would still sound out over the Hilltop and West Side."

Based on previous experience some 8,000 to 10,000 spectators will start pouring into West High School's Magly Field shortly after 6:30 p.m., summoned by loud aerial bursts at timed intervals. Those who come earliest will get the best seats for the festivities that begin at 7:30 p.m. with a 10-act talent show.

Mertz Will Emcee

WVKO Disc Jockey Bill Mertz will again act as master of ceremonies.

The celebration is presented by the Lions who hope to encourage patriotism and give all a chance to enjoy fireworks—now illegal for personal use.

Bethel said his committee would expend some $1000 to make certain that this year's event is one to remember.

Lions committeemen and their responsibilities are as follows: Carl Strickler, assistant chairman; John E. Jones, entertainment preceding the fireworks; George Blackmore, concessions; Charles Weaver, electrical connections; Dick Gilger and Paul Hott, decorations, and public address system; Austin Brown, police traffic and safety measures; and E. D. Kimball, platform arrangements. As in past years, the emcee and talent will perform on a huge trailer bed loaned by the Weaver Trailer Co.

Traffic Enforcement Set

Besides the special uniformed policemen directing traffic to and from the stadium, 35 members of the Hilltop Lions Club will be on hand to assist in ushering and safety patrol duties.

The Columbus Fireworks Display Co., Inc., will be in complete charge of the placement and firing of pyrotechnics. The contract calls for 70 ground set pieces, 30 shells for the grand finale, the spelling out of "Hilltop Lions" in gleaming fireworks, and 12 daylight aerial bombs. Several new cluster-type rockets promise to dazzle the crowd below, Bethel said.

Members of the Lions Ladies' Auxiliary will man the concession stands behind the stadium while members of the Lions softball team will sell pop and ice cream in the stands. Other concessions will include candy, popcorn and hot dogs.

Talent Show In The Works

Highlight of the pre-darkness program will be the 10-act talent show arranged by West Sider Kay Smith, known in World War II days as "Columbus' leading talent impressario" for her work in band drives and rallies.

Mrs. Smith, still one of the city's best known talent scouts and show arrangers, will continue to audition amateur acts at her home, 1566 Sullivant-av, until the evening before the show.

"We want to make certain that truly the best acts are rep-

Have Funds, Will Travel... Scouts Earn Way To Mexico

A dream to visit Mexico, born after a trip to Washington D.C. four years ago, has grown into reality for members of Girl Scout Troop 224.

Paid for with peanut sales and other money-making projects ranging from cookie and rummage sales to dances the seventeen-day vacation is being financed entirely by the girls.

They will leave July 1 by Greyhound bus, stopping on their way for sightseeing in New Orleans and San Antonio.

To Meet World-Wide Group

The troop will stay at the Cabana, Girl Scout Center near Cuernavaca, Mexico, for a week. Girl Guides from Canada, South America, England, India and Mexico will share their living quarters.

Visits to the silver mines of Taxco, Indian ruins and temples, volanoes and Cuernavaca are planned highlights of their stay.

On their return trip they will stop for a day and a night in Mexico City and arrive home on July 17.

Troop members, all 15 and 16 years old, will be juniors and seniors at West High next fall.

The girls have advanced together through the ranks of scouting, during nine years as a troop.

City Resumes Tunnel Work

City Division of Parks and Forestry this week began to put finishing touches on the 124-foot pedestrian tunnel under the railroad south of Valleyview and Westmoor schools.

Workmen moved in heavy equipment Monday to drain the tunnel of water, dig access ramps and build concrete headwalls.

A peaky spring which popped up just after the January flood receded will be plugged up first, said Carl Gibson, a city engineer. Gibson said the spring was uncovered by accident during grading operations and filled the tunnel with water. (Old-timers recall that spring water was once sold in the area.)

Gibson said a submersible sump pump will be installed in a 450-gallon concrete tank north of the tunnel. This will be a permanent fixture.

Also to be built soon is a concrete foot bridge on Dry Run creek at the north end of Huron-av. This will give youngsters, walking and riding bikes north to the new community center, a good access to the tunnel.

The entire job is to be finished prior to the opening of school in September, Gibson said.

Boy Found Dead Of Gun Wounds

An unidentified youth, judged to be between the ages of 17 and 20, was found dead of shotgun wounds at 5 this morning at Fisher and Wilson-rds.

He was described as having brown hair and blue eyes. No identification was found on the body.

Franklin County Sheriff's officers are investigating.

Here's Mystery For Man-drake

Monday was a good day for ducks, especially at the Stanley Ruoff's, 181 S. Westgate-av.

Linda Ruoff, 12, owns a two-year-old white duck, "Paddles." Paddles has been a family pet about two years. In exchange for a comfortable pen in the family garage and the run of the yard, she keeps the Ruoffs in duck eggs.

But Monday, Paddles had a 'pen pal.' It was another white duck, sex unknown, which appeared to be someone's Easter pet. No one knows where the visitor came from.

A neighbor offered a clue. He was up at the "quack of dawn" and saw a boy carrying a duck. The Ruoffs believe the boy mistook the stray bird for theirs and was "returning" it.

So, everything's just too ducky for the Ruoffs. If no one claims the new quacker he will be given to a farmer friend.

Quail Survey Being Made By Division

With prospects of quail hunting season this fall, game management men are busy setting up quail census routes on public lands, according to Bill Hendershot, supervisor of game production and investigations for the Ohio Division of Wildlife.

Major purpose of the survey is to determine the effects a quail hunting season will have on the quail population of public lands.

Routes will consist of 15 spaced listening stops at least one-quarter mile apart. Field men will count quail calls for a two-minute period at each stop beginning at sunrise.

Routes will be covered seven times at weekly intervals during June and July to get a typical picture of the population present. Visual counts will be made at the same time.

Hendershot stated that in all probability covey counts will be initiated on public hunting areas this fall and perhaps hunter checking stations will be operated on key days during the quail season.

WVKO Boosts Programming Of 'Good Music'

On Jan. 1, WVKO radio here in Columbus (1560 on the dial) put into effect, a policy of "Good Music." This was prompted by a growing concern of the radio industry for the "state of music" that had crept into just about every station in the country.

What does WVKO consider "good music?" Under the station's standards it is composed of . . . standards, million sellers (without rock-n-roll); nostalgic tunes; hymns; show tunes; great bands; commercial jazz; current popular hits, with a melody; and semi-classics.

This music, WVKO feels, is the kind to please the housewife at home, the salesman on the road, and the business man at work.

Heights Still Too Far Away For Bus Service—Mayor

To the editor:

"Reference is made to a front page article appearing in your paper Wednesday, June 10, 1959, pertaining to bus service to the Georgian Heights addition. Apparently you have a copy of a letter dated May 20, 1959, addressed to me as mayor and signed by Ferd M. Pickens, director of the Department of Public Utilities.

"I have conferred on several occasions with Director Pickens with respect to the desirability of extending bus service into this area. We had hoped that this could have been accomplished months ago. Mr. Pickens has been directed by me to extend bus service into our newly developed areas as rapidly as it is feasible and economically sound. In this particular territory Mr. Pickens is working very closely with Mr. Lloyd, a developer east of Wedgewood-dr, and Mr. Berger, the manager of Westgate Manor. His letter is self explanatory.

"To make an extension to Georgian Heights from Wedgewood at this time would require the transit company to traverse approximately an additional half mile in a very sparsely populated area. If the buses were presently operating to Wedgewood, the additional cost would be more than doubled and the loss incurred would be far greater than double as related in Pickens' letter. When the old Sullivant Airport is developed, certainly this picture will change.

"Please rest assured that top priority will be given to this problem and as rapidly as public mass transportation can be extended on a just, economical and feasible basis, the same will be done.

Yours very truly,
M. E. Sensenbrenner,
Mayor.

WCTU President Hits Economic Aspect Of Dance Hall Ordinance

To the Editor:

"At a council meeting Monday evening, June 15, some very usunual highlights of the proposed dance hall-liquor ordinance entered into the discussion.

"It was said that the economy of the city would be greatly affected if children between the ages of 16 and 18 were kept out of public places, where dances were held and liquor was sold.

"I would like to ask two questions of the responsible people of Columbus who are interested in the welfare of the children.

(1) Is it possible that the economy of our city is dependent upon conditions which may bring about the destruction of children?

(2) If this is so, is it what we want?

"The Juvenile Bureau of Police wants to separate the children from liquor. They say it can be done. In fact they say it should be done.

"They know the problem, and what is happening to the children of Columbus. They should be given the authority to clean out the back rooms and what they call the "honky-tonks" of the city.

"I do not believe that the politicians should be permitted to pass legislation to tie their hands so that they cannot do their duty.

"The latest Gallup poll (1958) shows that 55 per cent of the women do not drink. That is an increase of eight per cent over the 1957 poll. There must be hundreds among the dry women of Columbus who desire for their children the same things they wish for themselves.

"There should be and must be many places where these youngsters can go for wholesome play and entertainment. If there are none then we should bend every effort to see that these places are made available for them.

"Let us not neglect our most priceless possessions. Give the children a chance to have a happy childhood, and the opportunity to grow up to be respectable and responsible citizens of the future."

This week ballots from some 400 homes in the W. Sullivant-av community are being counted. From them a queen and court of about six youngsters will be selected to rule over the all-day event.

Final details of the program are being worked out tonight at the home of Chairman Bob Martin, 725 Savannah-dr.

Mrs. Sally Dixon, civic association secretary, 608 Georgian-dr and Mrs. O. E. Jeffries, publicity, 612 Savannah-dr, are coordinating the plans.

Mrs. Jefferies said a parade is in the works, and may include a float from each street in the sub-division. Little ones will ride decorated bikes.

Other activity will be Little League baseball, picnics, games for the children, a give-away of Westinghouse products, and an evening wiener roast.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Protein Foods—fryers, eggs, sausage meats, smoked picnics; canned tuna.

Vegetables — cabbage, green beans, leaf lettuce, spinach, dry onions.

Fruits—bananas, cantaloupe, lemond, frozen lemonade.

CHICKEN FOR PICNICS

Weekends in summertime mean picnics and outdoor meals for most families. Whether you choose the backyard, a lakeshore, or a park for your holiday outing, choose chicken for the main dish.

Broiler-Fryers (you probably call them fryers)—are in good supply at local markets. It is anticipated that current prices will remain about the same well into the summer. These 2½ to 3 pound birds are especially suitable for a chicken barbecue.

It's easy to have a barbecue. Just follow these steps:

1. Build a pit of cement blocks or brick. Set the grill (your own oven rack works fine) 12 to 20 inches above the heat.

2. Start the fire. It takes about ½ to 1 pound of charcoal briquets per serving. hWen the briquets show white ash all over, the fire is ready.

3. Make the sauce. An easy but good sauce is: 1 pint vinegar, 1 pint water, ½ pint cooking oil or ½ pound melted butter, and 2 tablespoons salt. It is enough sauce for ten halves. (This is the recipe used for chicken barbecue at Ohio State University.)

4. Put the ready-to-cook chicken on the grill. You'll need to allow one broiler half (1 to 1¼ pounds) per person. Baste and turn the halves every 4 to 8 minutes. It takes 60 to 80 minutes for the chicken to cook well done. To test for doneness, twist the drumstick. When it breaks loose easily from the thigh bone at the joint, it's done.

5. Last, but not least, eat hearty!

For the rest of the meal, add fresh fruit, vegetables, salad items, and milk products, from the abundant foods listed above, to the menu, and you have an easy, tasty meal.

Care of Cooked Chicken — If you prepare the picnic chicken ahead of time, plan to serve it cold. Chicken that is kept warm for some time spoils easily and is not safe to eat. Cool fried chicken thoroughly after cooking and refrigerate. To keep it cold en route to the picnic, wrap it with an insulating material such as newspaper. If chicken salad is the main dish, wait until serving time to combine the dressing with the meat. Keep both very cold until time to mix and serve. When serving chicken any time or anywhere, serve it hot or cold, but not lukewarm!

BIBLE COMMENT

Moral Progress Important When Reading Bible

A century of effort, intense effort, in distribution of the Bible by various Bible societies has not been accompanied by as great a moral and spiritual revolution as one might expect from such distribution of the Good Book.

One of the many reasons may well be that it is not read in the right fashion.

Distribution falls far short of its intended purpose if the Bible is not read CORRECTLY.

Too often do we assume that, once the Bible is read, it produces the character and life that ought to follow.

What we forget so often, and what is so very important is the "how" of the reading.

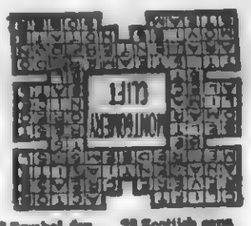
Recall: the Bible is not one book, actually.

It is many books; 66 in the King James version, for example.

Moreover, those 66 books come out of a wide range of time.

The writers span possibly as much as 1,000 years in their writings.

When Jesus said His "I say unto you," against what was "said by them of old time," He was setting higher truth in the Bible against what had been said in the Bible earlier.



He was declaring the reality of a progressive revelation in moral and spiritual ideas, and in the quality of human relationships.

To read the Bible without taking into account the progression in moral and spiritual conceptions is not only to misread it.

It is to miss its highest revelation of God's message for man.

An advisory council of parents and neighbors is being formed. Mrs. Earl Benjamin, 276 S. Princeton-av and Mrs. Mary Curtiss, 104 Dana-av, already have volunteered. An invitation to serve in this capacity is extended to all interested members of the community.

The recreation program includes volleyball, horseshoes, basketball and softball. A softball game last week really showed up the "stronger" sex: the girls' team, with some help from Jack Nicholson as catcher, defeated the boys 9 to 6!

The girls' team consists of Phyllis Benjamin, Paulette McCann, Patsy Scruggs, Gloria Kimber, Karen Barth, Janet Lond, June and Mary Deal, Kathy Wilson, Sheila Creasap, Louise Myers, Karen Wiekert, Sharon Holbrook, Linda McCann, Sherry Diven, Patricia Deal, Bea Wiekert, Karen Scruggs, Sally Strickland, Sally Miller and Nancy Baker. "We have to admit, though," said Nicholson, "that the boys did play a pretty good game, with Dick Bergman on the mound. Dick is promising pitcher material."

Karen Weikert, Patsy Scruggs and Paulette McCann are acquiring skill on the horizontal bar. They have mastered the front hip circle, the single knee swing-up, the double knee circle backwards, and the double knee circle dismount. Everyone is looking forward to a trip to Schiller Park where they can work on the gym apparatus.

There are indoor facilities for table games and arts and crafts. Bill Chamberlain and Charles Ivory seem to be competing for the unofficial "Best Checkers Player" title, and Mary Deal just about has the jacks championship sewed up. But, the season has just begun and these champions face some stiff opposition.

Some old faces seen around the playground are: Charmine Miller, Vicki Barnhill, Ginger Dixon, Patty Nelson, Sarah Mayle, Jill Barber, Diane Bergman, Mary Cook, Vickie and Sandy and Carol Sue Lanthron, Kathleen Sullivan, Sandy Lamprecht, Carolyne Stewart.

Sheila and Cheryl Creasap, Leslie McGuire, David and Bill Henson, Gary Chamberlain, Jerry and Zeke Thompson, Terry Breckenridge, Dick Brown, Omar Cordial, Preston Nelson, Charles and Marvin and Wilbert Ivory, John Gearheart, Danny Baker and Danny Grady, Gary Johnson, Robert Chaffin, Kenny Morgan, Gary Barth, Ernie Smith, Don Woolard, Joey Campbell II, John Caferalli, and Bob and Doc Simpson.

Big event of the week will be a pet show Wednesday, June 24, at 3:30 p.m. on the Dana playground and a regional one for the prizewinners at Glenwood on Thursday, June 25. Names of the winners will be published next week.

Youngsters of the community are invited to take advantage of the summer program at Dana.

Oakhurst Country Club Offers New Challenge To Area Golf Enthusiasts

THAT FIRST HOLE—Among the first to give the new course a try were Bob Finneran (left), 3099 Sullivant-av, and Fred Hill, Sr., 81 Southampton-av.

TOUGH SHOT—Feature hole at the recently opened Oakhurst Country Club is par three number 14 which lies 195 feet across water. The Country Club opened to golfers Memorial Day on a greens fee basis. Shown checking out at the golf course office is Bob Dyer, 899 Bricker-blvd, who is signing the register with Marv Rothhaar, club manager. The newly-opened course has been under construction for more than a year. Heavy rains did some damage this spring, but all fairways and greens are reported in good shape.

Central Starts Athletic Award

Central High School's athletic board has established the Dr. Daniel Bunner athletic award, helping with the college education of the school's most outstanding athlete.

The one hundred dollar scholarship is named in honor of Dr. Daniel Bunner, Central High physician. Dr. Bunner has performed physical examinations and medical services for more than ten years at Central.

The first presentation of the scholarship went to Henry Hairston, Pirate football and track star. The scholarship recipient is chosen by the coaches and must be enrolled in the school at least one term.

With schools closed for the summer a great source of material is 'shut off' for three months. Summer months are great athletic ones . . . especially baseballwise, with everything from church and 'Y' leagues to Little League and Babe Ruth squads.

So managers, coaches or just 'a member of the team', get busy and give your group the newsprint that they deserve.

Here's the rundown on the Camp Chase American Legion squad by positions and the starting nine: Starters are Terry Briggs, c, Bob Saint, 2B, Mike Cantlon, 1B, Bill Biggers, cf, Dave Buehne, p-1B, Bill McLaughlin, lf, Jim Walsh, 3B, and either Gary Clark or Jim Bluhm, rf. Bob Ross, who has been on vacation and is normally a shortstop, may break into the starting infield. Other members and their spots are Ted Miller, p-cf, John Peterson, inf, Dave Thomas, of, Charles King, of, and Bill Hunter, p.

Still looking for their first win at press time, they came their closest a week ago Wednesday, in a seven-inning scoreless tie, called on account of darkness. (It will be rescheduled, all or part). It was strictly a pitcher's duel, highlighted by some fine defensive plays. Their foe was Scioto One, at St. Charles; they had a bye last Sunday.

Saint made the most sparkling play for Chase . . . a Scioto man, with the bases empty, was attempting to stretch a long triple into a homer. Saint, relaying the throw from Biggers, fired a perfect strike to the plate from well past the infield and Briggs made the tag out. Buehne also threw a man out trying to steal home in the [illegible].

Chase also lost a possible tally as the Scioto leftfielder threw out a Chase runner attempting to score from second on a single with a fine throw. But the key was clutch pitching by both sides, especially by Buehne, as he had the bases loaded in several innings, yet managed to shut the door tight.

Chase tackles Capitol City at West tonight (Wed.) and also hosts Columbus Two this Sunday. All Wednesday games start at 5:45 and are seven innings, while Sunday contests start at two and run the full nine [illegible].

The Westinghouse Little Leaguers are still pounding the cover off the ball and having themselves quite a season to date. Last week they knocked off four for a pretty decent week's work.

Monday, it was their league game with North American Sabres, which they pulled out 6-5 in seven innings. Then came Madison South, Tuesday, 10-7, the London Giants on Thursday, 15-5, and then at Madison South, Saturday morning, 6-4.

They now stand 2-0 in league play and are tied with Owens—Illinois for the loop lead. Their overall record is 7-3. To illustrate their hitting power (and their hurling is matching the pace), first-sacker, Harry Courtwright, got not one, but two grand slam homeruns last week and outfielder, Tom Pingle, is 8-8 for the season, plus a walk and hit by the pitcher once to boot.

Their schedule for the week calls for a league contest with Timken last Monday and a visit by Mt. Sterling on Thursday. Coach Charles Carney is heading a group that is taking the squad (about 25-man strong) to see the Cincinnati Redlegs-St. Louis Cardinals' game at Cincinnati this Saturday.

* * * *

The combined St. Mary Magdalene Babe Ruth squads, in a practice tilt with Georgian Heights' B. R. team, came out on top, 12-1. Coach John Radich, has decided to enter them in a second league, the City Recreation Department's Knothole loop. (They already are in the Southwestern Ohio Athletic Association league.) Their season's schedule should be ready this [illegible].

Columbus Chapter, Order of DeMolay softball squad is off to a good start for the year. Playing in their own central Ohio DeMolay league and the Hilltop Y's Thursday evening church loop, they are undefeated to date. They opened their DeMolay league warring two weeks ago (all games on Sunday afternoons . . . home field at Westgate Park, near the shelter house) by dumping Aladdin, 10-1. Last Sunday they clipped Bexley, 11-9.

In the church loop last week, they downed Hillcrest, 11-2. The church league also plays at the Westgate diamond. This Sunday they take on Mt. Vernon chapter, and tomorrow evening they meet West Park, both at Westgate.

The Hilltop Kiwanis Babe Ruth team is still taking its lumps. Last year's team, which finished second in the league (lost in a playoff for the title, plus hitting .349 as a team!), only committed 11 errors all year. This year's team has already racked 16 bobbles up in the records.

Their loss last Saturday to league-leading Jones Trucking Co., 3 to 0, was their best defensive effort so far. They played errorless ball until the last of the sixth. Then three raincues allowed all three Jones' runs in. Though they have yet to register a win this year, it's amazing that the Hilltoppers haven't had an earned run scored on them . . . quite indicative of a lot of their trouble of late.

The Jones' shortstop paced their attack with 3-3, all but one of their entire output. There are six teams in their league and they play two rounds of five games each.

$200,000 Clubhouse In Next Year's Plans

A new 18-hole challenge to area golf enthusiasts opened Memorial Day when Oakhurst Country Club's greens and fairways were opened to the public.

Available are 18 holes of watered fairways, 6,665 yards of tournament golf making Oakhurst one of the midwests's newest and most interesting country clubs.

The course was constructed by Edward A. Tonti and will be managed by Oakhurst Country Club, Inc. President of the corporation is R. J. Albanese. E. O. Gilford is secretary and Marv Rothhaar, club manager.

Located at 3223 Norton-rd, the club is open for inspection. A feature hole, 195 yards across water, is highlighted.

Rothhaar, excited when talking about the layout, said Oakhurst "is good golf all the way. It's a little steep, but you won't tire playing 18 holes."

The fairways are all in good condition with perhaps the exception of 12 and 13, he added, but they are expected to be in shape within a few weeks.

"The greens are a little low, but putt true," he said.

Membership applications are still available, Rothhaar stated. The course presently will be operated on a greens fees basis with a restrictive membership.

Greens are elevated and cups in interesting position. The course is overseen by greenskeeper Ray Schwartz. It is laid out around a nine-acre lake in a rural atmosphere.

Slated for construction by 1940 is a $200,000 club house with a swimming pool, tennis court and other features of the modern country club.

Teacher—

(Continued from Page 1)

a teacher of biology and physical sciences at West.

Reed's students, with sure instinct of the young, have recognized as genuine his interest in their welfare, and responded with their trust and friendship. Their term "Pop" Reed is one of affection and respect.

Some, their interest fired with the spark of his enthusiasm, have turned to biology as a profession. Others have found their lives enriched by the knowledge and friendship he shared with them.

Retirement years for Mr. Reed mean more time to spend in the out-of-doors he enjoys so much.

A long-planned hunting trip this fall to the Dakotas, Alabama and Missouri, more time for his horses, long tramps in the woods and, of course, work with experimental plants on his farm near Ashville, will fill his days.

Mr. Reed has imported many plants foreign to Ohio and has them under cultivation on his farm.

"I have 40 different varieties of corn, usually grown anywhere between Mexico and Canada under cultivation, and 32 kinds of tomatoes. Most are doing very well. A Franklin tomato, from Vermont, is most successful.

Develops New Popcorn

An entirely new variety of popcorn, developed by Mr. Reed after 12 years of patient work, has unusual ears shaped like bears' claws.

Speaking with satisfaction of his product, Reed said, "It's finally okay. I'm completely satisfied.

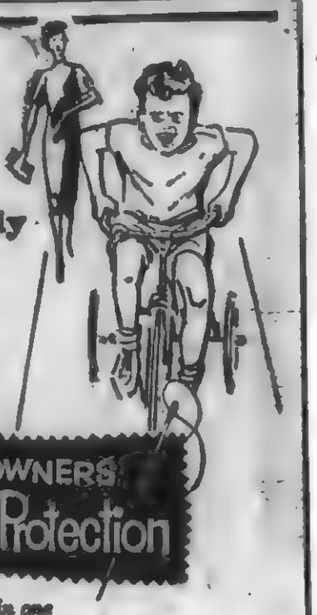
"The rewards of such work are rich, and I've already had them in the good health I enjoy from outdoors work."

Reed acquired his high school and college education in an unusual and surely most difficult manner. He attended high school during the winter months and took college courses during the summer.

Mr. and Mrs. Reed are parents of four sons. Harold is an engineer for Jeffrey Manufacturing Co.; Howard is head of plant pathology for the University of Tennessee and the state of Tennessee.

Kenneth is associated with North American Aviation Co. and Neil with the Ohio Midland Light Co.

"There are also many grandchildren, and four of them," he said happily, "are going to be biologists."



PERMIT OBTAINED

Wildlife Chief Suggests State Extend Line Into Ohio River

A suggestion has been made that the state line between Kentucky and Ohio be moved to the center of the Ohio River — at least for recreation purposes. At present the Kentucky border extends to the low water mark in Ohio.

A fisherman with an Ohio license is restricted to the northern bank. To enter a boat would require him to have a Kentucky license.

Hayden Olds, chief of the Division of Wildlife, said he was certain the Ohio Wildlife Council would construct shoreline developments if Ohio fishing licenses were required. This would include boat launching facilities from the Ohio shore.

"I am sure the frustrations connected with Ohio residents being required to obtain non-resident licenses for fishing, boating and motors, in order to use the adjacent waters bearing the name of the state in which they reside, will be great," Olds [illegible]

"I am hopeful that this is the proper time to open negotiations not only with Kentucky, but also with West Virginia, where the same situation exists. They would be directed toward a better understanding of fishing privileges in the Ohio River by Ohio residents."

The present construction of several large dams by the U. S. Engineers, especially at Markland, Ind., adn above New Richmond, brought up the question.

The Markham Dam, scheduled for completion in 1962, will provide a lake 65 miles long and 25 feet deep to extend north of Cincinnati. With the canalization of the Ohio River years ago, a nine-foot depth was provided from Pittsburgh to Cairo, Illinois.

Bass Island Has Three Cottages With Vacancies

There are three cottages that have vacancies of a total of 27 rooms at South Bass Island.

Kenneth Landon, Ohio Division of Parks manager for both Bass Island and Catawba Island State Parks, would like to fill them. The season ends after Labor Day.

Landon urges any who wish to reserve any of the three cottages to write him at R. R. No. 1, Port Clinton. One of the cottages has 12 rooms, another eight and the third seven. The minimum period is one week.

One of the features at Bass Island available this season, according to Landon is the $80,000 dock for limited parking of boats. There also are plenty of camping facilities, he says. The limit stay is two weeks.

Speaking of Catawba State Park, Landon says there are facilities for picnicking, fishing and boating. "They are catching perch like crazy," he boasts.

BEER BEER PERMIT

A permit to sell high-powered beer and wine for carry-out has been issued to Haughn Road IGA Foodliner, 3800 Haughn-rd, Grove City.

NOW WHAT? Instead of buzzing around the lake looking for a good fishing spot, these anglers should be trolling. When nothing else seems to work, try trolling.

INSIDE ON THE Outdoors By ROD COCHRAN

When In Doubt--Troll

Trolling is one of the "fish-gettingest" techniques you'll ever use.

Trolling doubles the amount of time actually spent in fishing. Unless you dangle a worm or some other form of live bait, about half of your fish effort is non-productive. Fish seldom strike lures in that time-consuming interval between casts. And plugs lying in the bottom of a boat while anglers change location are not known for catching lunkers.

The advantages of trolling are many, especially on a large body of water. Your lure is in the water constantly and you're on the move. While you're looking for fish, you are also fishing. A long shoreline can be covered in a short period of time, and you'll discover those hard-to-locate underwater weed beds and brush piles where game fish congregate. When you get a strike, stop and start casting.

Drift fishing, the method of angling that is so effective in taking walleyes at Hoover Dam, is a modified form of trolling. Instead of using a motor or oars to move a boat, the wind and current are utilized to cover good fishing territory. Artificials should not be used when drifting, because in most instances you will not be moving fast enough to give the lures proper action in the water. When a drift fisherman lands a fish, he will anchor there and fish the spot thoroughly.

Motors Don't Scare Fish

When using a motor to troll, do not be afraid that the noise will scare fish. Old-time trollers always have known that a turning propeller does not bother fish, and recent scientific experiments have verified this. Several independent studies came to the same conclusion—a boat passing overhead does not disturb a school of fish nor does it stop them from feeding. In at least two of the studies skin divers were sent down repeatedly to watch fish behavior.

An exception to this, would be fish feeding on the surface of the water. When a school of white bass, for instance, is located on Lake Erie, you should not troll directly through the school. Even through you would probably catch two or three fish, the boat would send the school to deep water. In a case like this, you should troll around the [illegible]

Troll Along Bottom

The first rule to observe in trolling under ordinary circumstances is to get your lure down on the bottom and keep it there. Normally, bottom foods such as crayfish and aquatic insects make up an important part of the fish's diet. It makes sense, therefore, to fish this food zone. Some periods of the day or season will prove to be exceptions, but generally deep fishing with terminal gear bouncing off rocks and slipping through vegetation pays off.

Choosing the right trolling speed can be boiled down to one word . . . slow. Again, this is not always the case, but it usually proves correct. Change speeds occasionally if you're not getting any action; fish respond in a highly unpredictable fashion.

Crank up your outboard, throttle down to a snail's pace and settle back for some rewarding fishing. When in doubt — troll!

Fising is Good

Jim McComas, W. Jefferson, entered a dandy smallmouth bass last week in the Hartley Newspaper Fishing Derby. He caught the fish at Middle Bass Island in Lake Erie, and it was weighed at R. W. Recob Supplies, W. Jefferson. The smallmouth measured 16½ inches in length, and was part of a catch of 12 bass.

Sack Dresses Take Shape At State Fair

The feed sack and not the sack dress will be in style at the 1959 Ohio State Fair, Aug. 28 to Sept. 4 when Ohio's homemakers display their sewing talents.

The event is the Cotton Bag Sewing Contest of the Fair's Arts and Crafts division.

Ohio women will exhibit their homemaking skills by displaying aprons and potholders, pillow cases, sport shirts, playsuits, luncheon sets, adult dresses, cotton stuffed toys, and crib quilts made from cotton feed bags.

Cash prizes totaling $100 will be awarded. The grand prize is a Neochi portable sewing machine and a chance to compete for an expense-paid vacation in Hollywood.

Deadline for entering the contest is August 1. Entry blanks may be obtained by writing to Cotton Bag Sewing Contest, Administration Building, Ohio State Fairgrounds, Columbus 3, Ohio.

Curator Wants Pound Bluegill From Ohio Water

How big do Ohio bluegills grow?

Now that fishing season is in full swing, reports of big ones are common. Milton B. Trautman, curator of the vertrebrate collection, Ohio State University, states that he has never seen a one-pound bluegill taken in Ohio.

His book, the authoritative "Fishes of Ohio," lists a 12-inch one-pound three-ounce bluegill from Pine Lake, near Youngstown, as the biggest ever recorded for Ohio.

Trautman accepted the record as it was identified by an Ohio Division of Wildlife fish management worker, but he still says he has never seen a Buckeye one-pounder.

"Many of the big 'bluegills' reported are actually hybrids or redear sunfish," Trautman says. He issues a challenge to Ohio anglers to bring in a one-pound bluegill. "It must be identified by a fish specialist," he adds, "such as a Division of Wildlife fish manager."

Campers Swarm Into East Harbor State Park Area

Campers are swarming into East Harbor State Park at the rate of 2,800 each weekend. Warren Landon, the manager, says he believes the record of 146,000 set last season will easily be surpassed in 1959.

"This great group has come in each weekend despite the inconveniences that may be caused by the $220,000 in improvements under way," Landon declared.

Among these improvements, according to Landon, are flush toilets, three 100 by 32 feet bathhouses to cost $30,000 each, a big shower house, automatic laundry facilities, new water system, blacktop roads and sanitary facilities for a Boy Scout camping area.

At present, according to Landon, whose brother manages South Bass Island and Catawba Island State Parks, there are facilities for 650 tents. The season opened May 15 and closes October 15.

Home Painting Campaign Starts Through Nation

Painting and decorating whether it is done by a home owner, an apartment building owner, or tenant, is done for two purposes. One, to preserve the property and the other is to decorate, beautify and make lovely an abode.

Whether beauty comes first and protection afterwards is purely academic. Even exterior painting, although chiefly applied for preservation leans to the aesthetic and the decorative as more and more color planning enters the thinking.

One marked change has taken place in the decorating and painting industry and that is the tremendous swing to Decorator Credit—Installment Payments—"Paint Now-Pay Later."

Because credit has assumed tremendous importance in our daily lives, it is conceivable that nowhere else has the use of credit done so much to increase comfort, happiness, security as in the field of home financing.

Beverly Booth Is Bride Of Christopher Mykrantz

MRS. CHRISTOPHER R. MYKRANTZ

Pedestal arrangements of white gladioli and yellow majestic daisies decorated the chancel of Saint Mary Magdalene Church, Saturday, June 20 for the wedding of Miss Beverly Sue Booth and Mr. Christopher R. Mykrantz.

Fashioned of silk organza and hand-clipped Chantilly lace, the bridal gown was designed along princess lines. Sequins and pearls were scattered along the lace panel which extended from the round scalloped neckline to the hem. The full skirt continued into a wide circular train.

A crown of pearls and sequins held her double-tiered veil of illusion and she carried a cascade of shattered white carnations and stephanotis centered with a white orchid.
